Selected Poems 1950 To 1975:

Selected Poems 1950-1975, 1980 **The Art of Restraint** Richard Hoffpauir, 1991 Richard Hoffpauir argues that the works of the best poets have found ways of not capitulating to contemporary reality and outlines the terms of the debate by setting the weaknesses of Yeats against the strengths of Hardy Subsequent chapters discuss the nature poetry of Edward Thomas the war poetry of Graves Blunden and Gurney the love poetry of Bridges Lawrence and Graves and the political and social verse of Rickword Daryush Betjeman and Larkin A History of Modern Poetry David Perkins, 1987 This study of British and American poetry from the mid 1920s to the recent past clarifies the complex interrelations of individuals groups and movements and the contexts in which the poets worked **Articulate Flesh** Gregory Woods, 1987-01-01 Arguing that homosexual poetry is part of the mainstream of poetic writing not a distinct and differentiated category within it Gregory Woods provides a fastidious study of homosexual poetry in the twentieth century that emphasizes the homo erotic themes in the works of D H Lawrence Hart Crane W H Auden Allen Ginsberg and Thom Gunn Woods's controlled and elegant study demonstrates that a critic who ignores the sexual orientation of a poet particularly a love poet risks overlooking the significance of the poetry itself Encyclopedia of American Poetry: The Twentieth Century Eric L. Haralson, 2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author's career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States The Letters of Thom Gunn Thom Gunn, 2022-05-24 The Letters of Thom Gunn presents the first complete portrait of the private life reflections and relationships of a maverick figure in the history of British and American poetry I write about love I write about friendship remarked Thom Gunn I find that they are absolutely intertwined These core values permeate his correspondence with friends family lovers and fellow poets and they shed new light on one of the most singular and compelling poets in English during the past half century Hugh Haughton The Times Literary Supplement The Letters of Thom Gunn edited by August Kleinzahler Michael Nott and Clive Wilmer reveals the evolution of Gunn's work and illuminates the fascinating life that informed his poems his struggle to come to terms with his mother's suicide settling in San Francisco and his complex relationship with England his changing relationship with his life partner Mike Kitay the LSD trips that led to his celebrated collection Moly 1971 and the deaths of friends from AIDS that inspired the powerful unsparing elegies of The Man with Night Sweats 1992

Performing the Body/Performing the Text Amelia Jones, Andrew Stephenson Nfa, Andrew

Stephenson, 2005-08-12 This book explores the new performativity in art theory and practice examining ways of rethinking interpretive processes in visual culture Since the 1960s visual art practices from body art to minimalism have taken contemporary art outside the museum and gallery by embracing theatricality and performance and exploding the boundaries set by traditional art criticism The contributors argue that interpretation needs to be recognised as much more dynamic and contingent Offering its own performance script and embracing both canonical fine artists such as Manet De Kooning and Jasper Johns and performance artists such as Vito Acconci and Gunter Brus this book offers radical re readings of art works and points confidently towards new models for understanding art

British Marxist Criticism Victor N.

Paananen, 2021-12-12 British Marxist Criticism provides selective but extensive annotated bibliographies introductory essays and important pieces of work from each of eight British critics who sought to explain literary production according to the principles of Marxism

Politics and the British Novel in the 1970s J. Russell Perkin, 2021-06-15 The 1970s in Britain saw a series of industrial disputes a referendum on membership in the European Economic Community conflict about issues of immigration and citizenship and emergent environmental and feminist movements It was also a decade of innovation in the novel and novelists often addressed the state of the nation directly in their works In *Politics and the British Novel in the 1970s* Russell Perkin looks at social novels by John Fowles and Margaret Drabble the Cold War thrillers of John le Carr Richard Adams's best selling fable *Watership Down* the popular campus novels of Malcolm Bradbury and David Lodge Doris Lessing's dystopian visions and V S Naipaul's explorations of post colonial displacement Many of these highly regarded works sold in large numbers and have enjoyed enduring success a testament to the power of the political novel to explain a nation

to itself Perkin explores the connections between the novel and politics situating the works it discusses in the rich context of the history and culture of the decade from party politics to popular television shows Politics and the British Novel in the 1970s elucidates a period of literary history now fifty years in the past and offers a balanced perspective on the age revealing that these works not only represented the politics of the time but played a meaningful role in them Why We Harm Lois Presser,2013-11-13 Criminologists are primarily concerned with the analysis of actions that violate existing laws But a growing number have begun analyzing crimes as actions that inflict harm regardless of the applicability of legal sanctions Even as they question standard definitions of crime as law breaking scholars of crime have few theoretical frameworks with which to understand the etiology of harmful action In *Why We Harm* Lois Presser scrutinizes accounts of acts as diverse as genocide environmental degradation war torture terrorism homicide rape and meat eating in order to develop an original theoretical framework with which to consider harmful actions and their causes In doing so this timely book presents a general theory of harm revealing the commonalities between actions that impose suffering and cause destruction Harm is built on stories in which the targets of harm are reduced to one dimensional characters sometimes a dangerous foe sometimes much more benign but still a projection of our own concerns and interests In our stories of harm we are licensed to do the harmful deed and at the same time are powerless to act differently Chapter by chapter Presser examines statements made by perpetrators of a wide variety of harmful actions Appearing vastly different from one another at first glance Presser identifies the logics they share that motivate legitimize and sustain them From that point she maps out strategies for reducing harm

Conceiving Histories Isabel Davis,2025-03-04 A fascinating and beautifully illustrated account of trying to conceive in both the past and the present Inspired by the author s own experiences *Conceiving Histories* brings together history personal memoir and illustration to investigate the culturally hidden experience of trying to conceive In elegant engaging prose Isabel Davis explores the combination of myth fantasy science and pseudo science that the un reproductive body encounters in pursuit of a viable pregnancy The book chronicles the trying to conceive lifecycle arc from sex education at school through the desire to be a parent into the specifics of trying and struggling to conceive It also looks back at conception throughout history to open a new vista on what we live with today A central argument of Davis s is that historical people lived with the unknown just like we do but were more explicitly able to acknowledge it In an age of assistive reproductive technologies the act of embracing uncertainty seems difficult Although the topic of not conceiving is potentially painful this is not a grim book more than grief it is motivated by curiosity wonder compassion and even humor With 108 full color illustrations *Conceiving Histories* is also a beautiful material object an intentionally playful antidote and supplement to online search engines the resort of so many embroiled in fertility challenges

Gods and Mortals Nina Kossman,2001-03-22 For centuries poets have looked into the mirror of classical myth to show us the many ways our emotional lives are still reflected in the ancient stories of heroism hubris transformation and loss that myths so eloquently tell Now in *Gods and*

Mortals Modern Poems on Classical Myths we have the first anthology to gather the great 20th century myth inspired poems from around the world Perhaps it is because the myths echo the structure of our unconscious that every new generation of poets finds them a source of inspiration and self recognition says Nina Kossman in her introduction to this marvelous collection Indeed from Valery Yeats Lawrence Rilke Akhmatova and Auden writing in the first half of the century to such contemporary poets as Lucille Clifton Derek Walcott Rita Dove Wislawa Szymborska and Mark Strand the material of Greek myth has elicited a poetry of remarkably high achievement And by organizing the poems first into broad categories such as Heroes Lovers Trespassers and secondly around particular mythological figures such as Persephone Orpheus or Narcissus readers are treated to a fascinating spectrum of poems on the same subject For example the section on Odysseus includes poems by Cavafy W S Merwin Gregory Corso Gabriel Zaid Louise Gluck Wallace Stevens and many others Thus we are allowed to see the familiar Greek hero refracted through the eyes and sharply varying stylistic approaches of a wide range of poets from around the world Here then is a collection of extraordinary poems that testifies to and amply rewards our ongoing fascination with classical myth The Writers Directory ,2004 *Merriam-Webster's Encyclopedia of Literature*

Merriam-Webster, Inc,1995 Describes authors works and literary terms from all eras and all parts of the world *An Open Map* Robert J. Bertholf,Dale M. Smith,2017-12-15 The correspondence of Robert Duncan and Charles Olson is one of the foundational literary exchanges of twentieth century American poetry The 130 letters collected in this volume begin in 1947 just after the two poets first meet in Berkeley California and continue to Olson s death in January 1970 Both men initiated a novel stance toward poetry and they matched each other with huge accomplishments an enquiring declarative intelligence wide ranging interests in history and occult literature and the urgent demand to be a poet More than a literary correspondence *An Open Map* gives insight into an essential period of poetic advancement in cultural history
