Selected Poems Of Francis Jammes:

Selected Poems of Francis Jammes Francis Jammes, 1976 *Selected Poems* Gustaf Fröding, 1916 **Collected Poems** Ralph Nixon Currey, 2001 R N Currey's poetry records what happens to men in war and life This is a collection of poems by the poet and writer R N Currey Born in Mafeking in 1907 R N Currey was a soldier poet and at one time a school teacher in Colchester R N Currey is a poet who has pleased poets T S Eliot told him in 1945 that his collection *This Other Planet* was the best war poetry I have seen in these last six years Dylan Thomas was so taken with the wit of Pelican St James's Park that he recited it from memory on a traffic island in front of the BBC just after he had met R N Currey for the first time Roy Campbell Guy Butler and Jack Cope claimed his work for South Africa **Collected Poems 1943-2004** Richard Wilbur, 2006 Publisher Description *Selected Poems of Jorge Carrera Andrade* Jorge C. Andrade, 1972-06-30 While Latin American poets such as Pablo Neruda Jorge Luis Borges and Octavio Paz have been receiving most of the attention of critics the Ecuadorian poet Jorge Carrera Andrade had quietly continued writing his transparent poetry Nevertheless Carrera Andrade's poems are undoubtedly some of the best ever written in the Spanish language and he has often been mentioned as a likely candidate for the Nobel Prize In his poetic exploration of what he calls the secret country of human existence Carrera Andrade marvels at the beauty of the world And this wonder is conveyed by means of dazzling descriptive metaphors Perhaps it could be said that the Ecuadorian poet always interprets the world visually but his visual images constitute merely a metaphorical technique around which he constructs his poems In his verbal structures he expresses the transitory nature of life as well as the loneliness of man in the universe He describes life in his native Ecuador contemplates with compassion the plight of the Indians of his country and denounces social injustices More recently Carrera Andrade concerned about the destiny of mankind manifests his indomitable faith in humanity in the book *Hombre planetario* 1959 imagining a social utopia Carrera Andrade has stated that his poetry is the result of the intimate union of the senses and the intellect And yet his poems remain transparent He rejects obscurity and complexity and chooses simplicity and clarity He considers that one of the essential goals of poetry is communion with other men and that if his poetry cannot communicate its emotive and sensorial content it fails to accomplish its mission which is the interpretation of the world As to the universal meaning of his poetic work Carrera Andrade would recall Goethe's phrase All my works are fragments of a great confession He would characterize his own work as a confession of love both for humanity and for the wonders of this world Carrera Andrade must be counted among the four or five best contemporary poets of Latin America Whether he is awarded a Nobel Prize still remains to be seen but there can be no doubt that in his poems one can detect the same literary excellence as in the work of Neruda Paz or Borges Hopefully the work of this great Ecuadorian poet will soon be universally appreciated In some of his works he can be compared to T S Eliot Hlderlin or Saint Jean Perse The publication of H R Hayes translations will for the first time make available to English speaking readers all of the significant verse of Carrera Andrade beginning with some of

his first pieces from *La guirnalda del silencio* 1926 and ending with translations from *Pos a l'tima* 1957 1966 New and Collected Poems Richard Wilbur, 1989 A collection including six earlier volumes of Wilbur's poetry twenty seven new poems and a cantata *Collected Poems* Federico García Lorca, 2018-08-14 A revised edition of this major writer's complete poetical work And I who was walking with the earth at my waist saw two snowy eagles and a naked girl The one was the other and the girl was neither from Qasida of the Dark Doves Federico García Lorca was the most beloved poet of twentieth century Spain and one of the world's most influential modernist writers His work has long been admired for its passionate urgency and haunting evocation of sorrow and loss Perhaps more persistently than any writer of his time he sought to understand and accommodate the numinous sources of his inspiration Though he died at age thirty eight he left behind a generous body of poetry drama musical arrangements and drawings which continue to surprise and inspire Christopher Maurer a leading García Lorca scholar and editor has brought together new and substantially revised translations by twelve poets and translators placed side by side with the Spanish originals The seminal volume *Poet in New York* is also included here in its entirety This is the most comprehensive collection in English of a poet who as Maurer writes in his illuminating introduction spoke unforgettably of all that most interests us the otherness of nature the demons of personal identity and artistic creation sex childhood and death
