Petty, 1969 The Heart of the Story Peter Schmidt, 1991 New scholarly vistas for the study of Welty's stories Winner of the 1991 Eudora Welty Prize *The Short Story* Charles May, 2013-10-14 The short story is one of the most difficult types of prose to write and one of the most pleasurable to read From Boccaccio's Decameron to The Collected Stories of Reynolds Price Charles May gives us an understanding of the history and structure of this demanding form of fiction Beginning with a general history of the genre he moves on to focus on the nineteenth century when the modern short story began to come into focus From there he moves on to later nineteenth century realism and early twentieth century formalism and finally to the modern renaissance of the form that shows no signs of abating A chronology of significant events works and figures from the genre's history notes and references and an extensive bibliographic essay with recommended reading round out the volume *The Short Story* Andrew Kahn, 2021-12-09 What defines a modern short story is much more than a question of length Despite the efforts of early pioneers like Edgar Allan Poe the genre was originally synonymous with the anecdote or tale and seen more as entertainment than art However it has become far more than that and this Very Short Introduction considers afresh the form's ongoing innovations in plot construction capacity for psychological insight and ability to offer intensely concentrated perceptions This book charts the rise of the short story from

its original appearance in magazines and newspapers largely in the United States and Great Britain For much of the nineteenth century tales were written for the press and the form s history is marked by engagement with popular fiction From the later nineteenth century the short story earned a reputation for its skillful use of plot design and character study distinct from the novel After the First World War it found outlets in high brow publications and single author collections as well as anthologies were regularly published Exploring the form s techniques and themes Andrew Kahn considers the continuity and variation in key structures and techniques such as the beginning the creation of voice the ironic turn or plot twist and how writers manage endings Throughout he draws on examples from an international and flourishing corpus of work with close analysis of classic and lesser known stories by American Canadian Irish Australian Russian and French masters such as James Baldwin Grace Paley Alice Munro Elizabeth Taylor William Trevor Helen Garner Chekhov and Guy de Maupassant Very Short Introductions Brilliant Sharp Inspiring ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable
