Dreiser Studies, 2004 Telling the Time in British Literature, 1675-1830 Marcus Tomalin, 2020-03-27 Although the broad topic of time and literature in the long eighteenth century has received focused attention from successive generations of literary critics this book adopts a radically new approach to the subject Taking inspiration from recent revisionist accounts of the horological practices of the age as well as current trends in ecocriticism historical prosody sensory history social history and new materialism it offers a pioneering investigation of themes that have never previously received sustained critical scrutiny Specifically it explores how the essayists poets playwrights and novelists of the period meditated deeply upon the physical form social functions and philosophical implications of particular time telling objects Consequently each chapter considers a different device mechanical watches pendulums sandglasses sundials flowers and bells and the literary responses of significant figures such as Alexander Pope Anne Steele William Wordsworth Samuel Taylor Coleridge Charlotte Smith and William Hazlitt are carefully examined *American Book Publishing Record*, 2003 Conclusion of the Memoirs of Miss Sidney Bidulph Frances Sheridan, 2013-09-23 In 1761 Frances Sheridan published her novel *The Memoirs of Miss Sidney Bidulph* which became a popular and widely praised example of the sentimental novel The *Conclusion* that novel's sequel is set eight years later after Sidney Bidulph's marriage and motherhood Psychologically subtle and emotionally immediate the novel is told almost entirely in the form of letters Many of the letters are between the scheming Sophy and Edward Audley who are trying to trick Sidney's daughter into marriage with Edward these letters provide a startlingly realistic portrayal of villainy anticipating such later works as *Les Liaisons Dangereuses* The historical appendices include documents on the education of young adults in the eighteenth century and contemporary reviews of the novel **Teaching Modernist Women's Writing in English** Janine Utell, 2021-04-25 Offers pedagogical techniques for teaching anglophone modernist writing by Virginia Woolf Gertrude Stein Dorothy Richardson Jean Rhys Nella Larsen and others Gives syllabus

suggestions for undergraduate and graduate courses in literature and writing Covers topics such as feminism gender identity canon formation politics activism and war Suggests many digital humanities approaches *The Call of the Wild* Jack London, 2004 Originally published in 1903 *The Call of the Wild* is London's best known work Marking the 100th anniversary of the novel this New Riverside Edition is well timed to place London's work in a new and broader historical context In addition the volume will show how the critical reception of the work has changed over time Due to a resurgence of interest in the study of Jack London during the past decade a wealth of new material is available to further illuminate *The Call of the Wild* Supplementary materials in this volume include other London fiction that predated his writing of this novel letters he wrote about his intentions in writing it early reviews of the work and critical essays from past and present *The Memoirs of Miss Sidney Bidulph* Frances Sheridan, 2011-06-06 *The Memoirs of Miss Sidney Bidulph* was hugely popular in circulating libraries in the years after its publication and its emotional intensity was often remarked upon Samuel Johnson wrote to Frances Sheridan I know not Madam that you have a right upon moral principles to make your readers suffer so much Sheridan traces Sidney Bidulph's development in a complex epistolary novel spanning much of the protagonist's life and explores the tension between sexual desire and prescribed female conduct In addition to an introduction that places the novel in the context of Sheridan's feminism and of the early novel this edition provides material on discourses of female conduct letters between Sheridan and Samuel Richardson and contemporary reviews *The Collected Papers of Bertrand Russell, Volume 7* Elizabeth Ramsden Eames, 2024-08-01 This volume provides a historical introduction in the writing of the manuscript *Theory of Knowledge* The 1913 Manuscript is the only book length work on epistemology that Russell left unpublished in its original form and its publication here is an important addition to knowledge of Russell's thought

Alien-nation and Repatriation Patricia Joan Saunders, 2007-01-01 *AlienNation and Repatriation* is a critical examination of race sexuality gender and migration in Caribbean nationalist literatures The more complex contribution made in this book however is its insistence on centering the philosophical implications of interpreting or translating black female subjectivity back into the literary landscapes of Caribbean literary and cultural texts from which they were erased or disciplined into silence This book suggests that reading strategies reproduce hegemonic constructions of black women's identities and positionalities as subjects and citizens in Caribbean literature *The Scarlet Letter* Nathaniel Hawthorne, 2002 In addition to the text of the first edition of the novel the New Riverside Edition of *The Scarlet Letter* contains a wide variety of contextual materials and scholarly essays Contexts includes additional writings and letters by Hawthorne as well as essays on the New England sources of the novel and the novel's publication history Criticism contains early reviews of the novel and critical readings from the 19th century such as an excerpt from Henry James book Hawthorne to the present **Selected Works** Ralph Waldo Emerson, 2003 The first book of its kind to pair the writings of Emerson and Fuller this text plays a major role in illuminating the contributions of both men and women to American Transcendentalism In addition to a generous selection of

Emerson's essays the complete text of Margaret Fuller's *Woman in the Nineteenth Century* and a selection of Fuller's dispatches from Europe the volume contains copious contextualizing footnotes and an excellent introduction Readers also explore the struggles of both writers to change their views in response to political changes of the times Herman Melville Kevin J. Hayes, 2017-08-15 Herman Melville is hailed as one of the greats if not the greatest of American literature Born in New York in 1819 he first achieved recognition for his daring stylistic innovations but it was *Moby Dick* that would win him global fame In this new critical biography Kevin J Hayes surveys Melville's major works and sheds new light on the writer's unpredictable professional and personal life Hayes opens the book with an exploration of the revival of interest in Melville's work thirty years after his death which coincided with the aftermath of World War I and the rise of modernism He goes on to examine the composition and reception of Melville's works including his first two books *Typee* and *Omoo* and the novels short fiction and poetry he wrote during the forty years after the publication of *Moby Dick* Incorporating a wealth of new information about Melville's life and the times in which he lived the book is a concise and engaging introduction to the life of a celebrated but often misunderstood writer **Writing Borderless Histories of Art** Claire Farago, 2025-06-30 *Writing Borderless Histories of Art* is an aspirational historical and critical project that offers a fundamental rethinking of the relationship of humans to the rest of nature Social justice Indigeneity abuses of power and the environmental crisis are the burning issues of today A transcultural approach calls for abandoning structures of domination that are built into the academic disciplines regardless of the scale or extent of interpretation Drawing upon writings from a wide range of fields Claire Farago argues that Art History can play a role in advancing the public's interconnectedness with the planetary life support system that so urgently needs to be restored Studying the discourse on art at the intersection of global capitalism environmental degradation and human subjection over four centuries *Writing Borderless Histories of Art* advocates ontologies that do not distinguish between the sentience of humans and other animals and go beyond the dualistic metaphysics of the nature/culture divide While this book is addressed to a wide audience its multilayered approach also reaches out to art historians for whom chronology canons and style are structures fundamental to the organization and operation of the discipline The book is neither a history of ideas nor a search for the origins of art history but a recognition of the structures that drive its narratives Charles Brockden Brown and the Literary Magazine Michael Cody, 2004-04-13 From 1803 to 1807 Charles Brockden Brown served as editor and chief contributor to the *Literary Magazine* and *American Register* a popular Philadelphia miscellany His position allowed him to observe and comment upon life in the United States and transatlantic world during the nineteenth century's first decade This book considers how Brown's *Literary Magazine* contributed to the development of cultural cohesiveness and political stability in the young United States It explores the intellectual and cultural setting in which this Philadelphia miscellany was published the political writing that appears in what Brown claimed was a politically neutral venue and the social and cultural criticism that attempts to guide the development of

the American character During his twenty years as an author he participated in disseminating texts of cultural and literary worth Brown s essays and reviews assisted in the establishment of reading habits in America and influenced the public reception of the early American press

Jack London Earle Labor,2013-12-24 A revelatory look at the life of the great American author and how it shaped his most beloved works Jack London was born a working class fatherless Californian in 1876 In his youth he was a boundlessly energetic adventurer on the bustling West Coast an oyster pirate a hobo a sailor and a prospector by turns He spent his brief life rapidly accumulating the experiences that would inform his acclaimed bestselling books *The Call of the Wild* *White Fang* and *The Sea Wolf* The bare outlines of his story suggest a classic rags to riches tale but London the man was plagued by contradictions He chronicled nature at its most savage but wept helplessly at the deaths of his favorite animals At his peak the highest paid writer in the United States he was nevertheless forced to work under constant pressure for money An irrepressibly optimistic crusader for social justice and a lover of humanity he was also subject to spells of bitter invective especially as his health declined Branded by shortsighted critics as little more than a hack who produced a couple of memorable dog stories he left behind a voluminous literary legacy much of it ripe for rediscovery

In *Jack London An American Life* the noted Jack London scholar Earle Labor explores the brilliant and complicated novelist lost behind the myth at once a hard living globe trotter and a man alive with ideas whose passion for seeking new worlds to explore never waned until the day he died Returning London to his proper place in the American pantheon Labor resurrects a major American novelist in his full fire and glory
