Writings of Selma Fraiberg Selma Fraiberg,1987 This selection of papers carries that study still further and will be a most useful book for social workers psychologists child psychiatrists and psychoanalysts **Eva Hesse** Vanessa Corby,2010-06-22 Here is an important new examination of the work of American German Jewish artist Eva Hesse one of the most significant figures in twentieth century art Using exciting new feminist approaches and taking as her starting point two key works Corby reveals the way in which Hesse has been constructed as a woman artist and explores the overlooked legacy of the Holocaust and refugee life in her art practice Considering creativity and the feminine trauma and historiography and providing a reassessment of Hesse s relationship with her mother and its impact on her work the book also confirms the importance of drawing practice within Hesse s wider oeuvre **Loss and the Other in the Visionary Work of Anna Maria Ortese** Vilma DeGasperin,2014-03 Combines theme and genre analysis in a study of the Italian author from her first literary writings in the 1930s to her novels in the 1990s *When We Deal with Children Selected Writings* Fritz Redl,1972-09 From Simon Schuster *When We Deal with Children* is Fritz Redl s exploration of the children as addressed in selected writings covering multiple topics in the field *When We Deal with Children* is Fritz Redl s collection including writings on the ongoing crisis in the children s field as well as ego disturbances and ego support **Italian Women's Autobiographical Writings in the Twentieth Century** Ursula Fanning,2017-09-07 This book highlights the centrality of the autobiographical enterprise to Italian women s writing through the twentieth century a century that has frequently been referred to as the century of the self Ursula Fanning addresses the thorny issue of essentialism potentially involved in underlining links between women s writing and autobiographical modes and ultimately rejects it in favor of an argument based on the cultural linguistic and literary marginalization of women writers within the Italian context It is concerned with Italian women writers various ways of grappling with constructions of subjectivity throughout the century and sets out to explore them Fanning reads autobiographical writing as subject to many of the same constraints as fiction and in doing so draws attention to the significance of the recurring use of the terms pure and impure in many critical and theoretical discussions of the autobiographical where pure is used to suggest a truthful representation of a life while impure suggests the messy undertaking of mixing lived experience with fiction Recurring patterns and paradigms are found in the works of the various writers considered eighteen in all and these paradigms are analyzed through close readings of their works These close readings offer insights into approaches to the constructions of subjectivity in the narratives and are informed by feminist theories The chapters focus on selves in relationship taking their lead from the patterns unfolding in the writers work hence the subjects are constructed as daughters with different views of the self in relation to fathers and mothers within the confines of the romantic relationship which involves reconsiderations and rewritings of the romance plot as maternal subjects and as writers with an eye on their relationship to the literary canon as well as to the relationship with readers This book argues that there is such a thing as gendered subjectivity and that its constructions may be traced through the texts

analyzed Subject to Others (Routledge Revivals) Moira Ferguson, 2014-08-01 First published in 1992 Subject to Others considers the intersection between late seventeenth to early nineteenth century British female writers and the colonial debate surrounding slavery and abolition Beginning with an overview that sets the discussion in context Moira Ferguson then chronicles writings by Anglo Saxon women and one African Caribbean ex slave woman from between 1670 and 1834 on the abolition of the slave trade and the emancipation of slaves Through studying the writings of around thirty women in total Ferguson concludes that white British women as a result of their class position religious affiliation and evolving conceptions of sexual difference constructed a colonial discourse about Africans in general and slaves in particular Crucially the feminist propensity to align with anti slavery activism helped to secure the political self liberation of white British women A fascinating and detailed text this volume will be of particular interest to undergraduate students researching colonial British female writers early feminist discourse and the anti slavery debate Beyond Discontent Eckart Goebel, 2012-04-26 According to Freud's later works we do not really feel well or free within civilization Our discontent never disappears and we shall never become completely reliable members of society Alcohol already suffices Freud tells us to ruin the fragile architecture of sublimations Since Beyond the Pleasure Principle sublimation seems to be nothing more than a euphemism for suppressing the drives We sublimate because we did not get or were not allowed to have what we actually wanted Is sublimation a mere surrogate or perhaps even the name psychoanalysis found for theoria in the twentieth century With Freud as its pivot Goebel provides an intellectual history of sublimation which also serves as an introduction to other key ideas associated with the authors discussed such as Schopenhauer's philosophy of music the will to power in Nietzsche the structure of Freudian psychoanalysis Adorno's concept of modern art or Lacanian ethics In examining both its prehistory and reception Goebel argues that sublimation can be reconsidered as the road toward an individual and social life beyond discontent Early Childhood Education Moncrieff Cochran, Rebecca S. On Essays Thomas Karshan, Kathryn Murphy, 2020-09-04 Montaigne called it a ramble Chesterton the joke of literature and Hume an ambassador between the worlds of learning and of conversation But what is an essay and how did it emerge as a literary form What are the continuities and contradictions across its history from Montaigne s 1580 *Essais* through the familiar intimacies of the Romantic essay and up to more recent essayists such as Virginia Woolf James Baldwin and Claudia Rankine Sometimes called the fourth genre the essay has been over shadowed in literary history by fiction poetry and drama and has proved notoriously resistant to definition *On Essays* reveals in the essay a pattern of paradox at once a pedagogical tool and a refusal of the methodical languages of universities and professions politically engaged but retired and independent erudite and anti pedantic occasional and enduring intimate and oratorical allusive and idiosyncratic Perhaps because it is a form of writing against which literary scholarship has defined itself there has been surprisingly little work on the tradition of the essay Neither a comprehensive history nor a student companion *On Essays* is a series of seventeen elegantly written essays on authors and aspects in the history of the genre essays which taken together form the most substantial book yet published on the essay in Britain and America
