Selected Essays Aron Broches, 2023-11-27 Aron Broches is a Dutch international lawyer and official He was present at the Bretton Woods Monetary and Financial

Conference in 1944 and he started work at the World Bank in 1946 where he stayed for over 30 years While there he created the mechanisms for the settlement of disputes between States and foreign investors leading to the formation of the Maritime law in the second half of the 20th International Centre for Settlement of Investment Disputes ICSID in 1967 century. Selected articles Jan Łopuski, 2008 The book contains a selection of articles written in the years 1962 2004 and published in English or French languages They provide information and present views of the author on matters relating to the development and transformations which occurred in maritime law in the second haif of the 20th century Articles on Polish maritime law are presented separately from mor numerous articles on international and transnational maritime law The articles compiled in this book illustrate the process of important changes and developments occurred in maritime law in the said period They indicate how problems created by the progress in the organisation of maritime trade technical innovations and political changes on the map of the world were identified consi dered and sometimes solved in the latter case the relevant article may have only a historical significance At the same time some traditional institutions of maritime law were changingtheir role and neededa reappraisal and revision Foreigners in Chinese Law Tahirih V. Lee, 1997 This collection of essays and reviews represents the most significant and comprehensive writing on Shakespeare's A Comedy of Errors Miola's edited work also features a comprehensive critical history coupled with a full bibliography and photographs of major productions of the play from around the world In the collection there are five previously unpublished essays The topics covered in these new essays are women in the play the play s debt to contemporary theater its critical and performance histories in Germany and Japan the metrical variety of the play and the distinctly modern perspective on the play as containing dark and disturbing elements To compliment these new essays the collection features significant scholarship and commentary on The Comedy of Errors that is published in obscure and difficulty accessible journals newspapers and other sources This collection brings together these essays for the first time Peking's Approach to Negotiation, Selected Writings United States. Congress. Senate. Government Operations, 1969 **Regulating Religion in Asia** Jaclyn L. Neo, Arif A. Jamal, Daniel P. S. Goh, 2019-03-28 Examines how law regulates religion and explores the influence of world religions on the legal systems in Asia including how religion responds to such regulations It looks at underlying norms influencing state regulation of religion and the challenges emerging from such regulation Examining Practice, Interrogating Theory: Comparative Legal Studies in Asia Penelope Nicholson, Sarah Biddulph, 2008-10-31 Legal transplantation and reform in the name of globalisation is central to the transformation of Asian legal systems The contributions to Examining Practice Interrogating Theory Comparative Legal Studies in Asia analyse particular legal changes in China Indonesia Malaysia Singapore Thailand Taiwan and Vietnam The contributions also concurrently critically analyse the utility of scholarly developments in comparative legal studies particularly discourse analysis regulatory theory legal pluralism and socio legal approaches in the study of Asian legal systems While these approaches are regularly invoked in the study of transforming

European legal systems the debate of their relevance and explanatory capacity beyond the European context is recent By bringing together these diverse analytical tools and enabling a comparison of their insights through Asian empirical case studies this book makes an invaluable contribution to the debates concerning legal change and the methods by which it is analysed globally and within Asia Chinese Law: Context and Transformation Jianfu Chen, 2015-12-04 China has changed and the continuing changes have not just been about economic development Among the many transformations there has been another quiet peaceful and largely successful but far from perfect revolution in the area of law whose deficiencies have been more often mercilessly examined and documented than have its historical achievements and significance This legal revolution is the subject matter of the present book Like the previous edition in 2008 it examines the historical and politico economic context in which Chinese law has developed and transformed focusing on the underlying factors and justifications for the changes It attempts to sketch the main trends in legal modernisation in China offering an outline of the principal features of contemporary Chinese law and a clearer understanding of its nature from a developmental perspective It provides comprehensive coverage of topics legal culture and modern law reform constitutional law legal institutions law making administrative law criminal law criminal procedure law civil law property family law contracts torts law on business entities securities bankruptcy intellectual property law on foreign investment and trade Chinese investment overseas dispute settlement and implementation of law Fully revised updated and considerably expanded this edition of Chinese Law Context and Transformation is a valuable and important resource for researchers policy makers and teachers alike Yearbook of International Law 2019 Otto Spijkers, Wouter G. Werner, Ramses A. Wessel, 2020-12-02 This volume of the Netherlands Yearbook of International Law NYIL is the fiftieth in the Series which means that the NYIL has now been with us for half a century The editors decided not to let this moment go by unnoticed but to devote this year s edition to an analysis of the phenomenon of yearbooks in international law Once the decision was made that this would be the subject of this year s NYIL the editors asked themselves a number of questions For instance Not many academic disciplines have yearbooks so what is the reason we do What is the added value of having a yearbook alongside the abundance of international law journals regular monographs and edited volumes that are published on a yearly basis Does the existence of yearbooks tell us something about who we are or who we think we are or what we have to contribute to the world These questions will be addressed both in a general and in a specific sense whereby a number of yearbooks published all over the world will be looked at in further detail The Netherlands Yearbook of International Law was first published in 1970 It offers a forum for the publication of scholarly articles in a varying thematic area of public international law **Asian Constitutionalism in Transition** Tania Groppi, Valeria Piergigli, Angelo Rinella, 2008 Chinese Law Jianfu Chen, 1999-07-14 Law in particular its actual functioning in any given society is above all a part of the culture of that society a part of its historical political social and intellectual creation If a black letter approach towards law in the West is under increasing criticism it is particularly

unhelpful if not misleading in understanding Chinese law its nature and developments Rather to understand Chinese law its nature and developments we need to examine the Chinese legal traditions the prevailing political and economic situations Party policies on economic reform and tolerance towards political liberalisation and scholarly discussions and debate This is the approach of this book Its aim is to put Chinese law in context to outline the nature and present status of its development and to analyse the meaning of the law within the Chinese context However this monograph does not ignore the practical needs for determining the precise contents of the black letter law either A study of this kind necessarily involves a process of topic selection However to avoid over generalisation and over simplification it also demands a considerable degree of comprehensiveness in coverage For this reason the book covers what the Chinese scholars term fundamental law and basic branches of law while other topics are covered because they are either crucial for the understanding of the law such as legal traditions in China or of practical importance such as foreign investment and trade Chapter One provides an historical background to traditional Chinese legal culture and modern law reforms The historical background of specific topics is examined as the topics are analysed in he following chapters Chapter Two deals with the changing fate of law under Communist rule Its focus is on the underlying factors and justifications for such changes Chapter Three introduces discussions on specific branches of law from public law constitutional law law making administrative law criminal law criminal procedure law to private law civil law family law contracts law on business entities and law on foreign investment and trade Each of these is dealt with in a separate chapter After the analysis of these substantial topics certain conclusions are drawn which attempt to define the nature of Chinese law and its developments in present day China Writings of Han Yongun, 2008-02-14 One of Korea's most eminent Buddhists and political activists in the independence movement during the long years of Japan's colonization of his country Han Yongun otherwise known as Manhae 1879 1944 was a prolific writer and outstanding poet known especially for his poetry collection Nim ui ch immuk The Silence of the Lover This volume however concentrates on translations of his principal non literary works which are published here in English for the first time It focuses on his ideas for the revitalization of Korean Buddhism in the modern world the nature of Buddhism as a religion his critique of the atheist movements fashionable among the communists of his time together with memoirs of his early life and travels Selected Writings of Han Yongun published in collaboration with the Academy of Korean Studies also contains an introductory essay on Manhae's life his relationship with socialist ideas as well as the significance of some of the ideas discussed in the translated writings Students and researchers in Korean Studies Studies in Buddhism and Comparative Religions will find this collection invaluable <u>Chinese Perspectives on the International Rule of Law Matthieu</u> Burnay, 2018-07-27 This insightful book investigates the historical political and legal foundations of the Chinese perspectives on the rule of law and the international rule of law Building upon an understanding of the rule of law as an essentially contested concept this book analyses the interactions between the development of the rule of law within China and the

Chinese contribution to the international rule of law more partic	cularly in the areas of global trade and security governance
