Pound, 1996 Ezra Pound and William Carlos Williams two towering figures in American poetry began their lifelong and often contentious friendship as students at the University of Pennsylvania Their correspondence ran from 1907 the year Pound took up his virtually permanent residence in Europe until Williams death in 1963 The letters contribute an unparalleled documentary record of modern culture a wealth of information about the lives and works of the two poets themselves the literary and political movements in which they became involved and the impact of public events upon the arts the activities of other writers and artists and the world of small presses and little magazines that nourished the growth of modernism Pound Williams contains 169 letters selected from the poets surviving correspondence each letter reproduced in full and accompanied by explanatory notes Historical introductions place each of the live chronological groupings of letters into context and a biographical glossary identifies persons prominently mentioned *Pound, Frost, Moore, and Poetic Precision* Barry Ahearn, 2020-02-04 Pound Frost Moore and Poetic Precision Science in American Modernist Poetry examines three major poets in light of the demand that poetry aspire to scientific precision The critical insistence that poetry be precise affected every one of these poets and looking at how they responded to this insistence offers a new perspective on their achievements and by extension twentieth century poetry in general Ezra Pound sought to associate poetry with the precision of modern science technology and mathematics as a way to eliminate or reduce error Robert Frost however welcomed imprecision as a fundamental aspect of existence that the poet could use Marianne Moore appreciated the value of both precision and imprecision especially with respect to her religious perspective on human and natural phenomena By analyzing these particular poets reaction to the value placed on precision Barry Ahearn explores how that emphasis influenced the broader culture literary culture and twentieth century Modernist American poetry *Constellation of Genius* Kevin Jackson, 2013-09-17 Ezra Pound referred to 1922 as Year One of a new era It was the year that began with the publication of James Joyce s *Ulysses* and ended with the publication of T S Eliot s *The Waste Land* two works that were arguably the sun and moon of modernist literature some would say of modernity itself In *Constellation of Genius* Kevin Jackson puts the titanic achievements of Joyce and Eliot in the context of the world in which their works first appeared As Jackson writes in his introduction On all sides and in every field there was a frenzy of innovation It is in 1922 that Hitchcock directs his first feature Kandinsky and Klee join the Bauhaus the first AM radio station is launched Walt Disney releases his first animated shorts and Louis Armstrong takes a train from New Orleans to Chicago heralding the age of modern jazz On other fronts Einstein wins the Nobel Prize in Physics insulin is introduced to treat diabetes and the tomb of Tutankhamun is discovered As Jackson writes the sky was blazing with a constellation of genius of a kind that had never been known before and has never since been rivaled *Constellation of Genius* traces an unforgettable journey through the diaries of the actors anthropologists artists dancers designers filmmakers philosophers playwrights politicians and scientists whose lives and works over the course of twelve months brought a seismic shift in the way we think splitting the cultural world in two Was this a matter of

Making of Jewish Modernism Amy Feinstein,2022-06-28 Challenging the assumption that modernist writer Gertrude Stein seldom integrated her Jewish identity and heritage into her work this book uncovers Stein s constant and varied writing about Jewish topics throughout her career Amy Feinstein argues that Judaism was central to Stein s ideas about modernity showing how Stein connects the modernist era to the Jewish experience Combing through Stein s scholastic writings drafting notebooks and literary works Feinstein analyzes references to Judaism that have puzzled scholars She reveals the never before discussed influence of Matthew Arnold as well as a hidden Jewish framework in Stein s epic novel *The Making of Americans* In Stein s experimental voices poems Feinstein identifies an explicitly Jewish vocabulary that expresses themes of marriage nationalism and Zionism She also shows how *Wars I Have Seen* written in Vichy France during World War II compares the experience of wartime occupation with the historic persecution of Jews Affirming the importance of Jewish identity and modernist style to Gertrude Stein s legacy as a writer this book radically changes the way we read and appreciate Stein s work *The Letters of T.S. Eliot* T. S. Eliot,2012-09-18 In the period covered by this richly detailed collection T S Eliot was to set a new course for his life and work The demands of his professional life as writer and editor became more complex and exacting The celebrated but financially pressed periodical he had been editing since 1922 *The Criterion* A Literary Review switched between being a quarterly and a monthly in addition to writing numerous essays and editorials lectures reviews introductions and prefaces his letters show Eliot involving himself wholeheartedly in the business of his new career as a publisher This correspondence with friends and mentors vividly documents all the stages of Eliot s personal and artistic transformation during these crucial years the continuing anxieties of his private life and the forging of his public reputation **Modernism Revisited** ,2015-06-29 Offering essays from some of the leading academic writers and younger scholars in the field of American studies from both the United States and Europe this volume constitutes a rich and varied reconsideration of Modernist American poetry Its contributions fall into two general categories new and original discussions of many of the principal figures of the movement Frost Pound Eliot Williams Cummings and Stevens and reflections on the phenomenon of Modernism within a broader cultural context the influence of Haiku parallels and connections with Surrealism responses to the Modernist accomplishment by later American poets Because of its mixture of

European and American perspectives *Modernism Revisited* will be of vital interest to students and scholars of American literature and Modernism in general and of twentieth century comparative literature and art **Making Canada New** Dean Irvine, Vanessa Lent, Bart A. Vautour, 2017-03-17 An examination of the connections between modernist writers and editorial activities *Making Canada New* draws links among new and old media collaborative labour emergent scholars and scholarships and digital modernisms In doing so the collection reveals that renovating modernisms does not need to depend on the fabrication of completely new modes of scholarship Rather it is the repurposing of already existing practices and combining them with others whether old or new print or digital that instigates a process of continuous renewal Critical to this process of renewal is the intermingling of print and digital research methods and the coordination of more popular modes of literary scholarship with less frequented ones such as bibliography textual studies and editing *Making Canada New* tracks the editorial renovation of modernism as a digital phenomenon while speaking to the continued production of print editions *Left of Poetry* Sarah Ehlers, 2019-04-11 In this incisive study Sarah Ehlers returns to the Depression era United States in order to unsettle longstanding ideas about poetry and emerging approaches to poetics By bringing to light a range of archival materials and theories about poetry that emerged on the 1930s left Ehlers reimagines the historical formation of modern poetics Offering new and challenging readings of prominent figures such as Langston Hughes Muriel Rukeyser and Jacques Roumain and uncovering the contributions of lesser known writers such as Genevieve Taggard and Martha Millet Ehlers illuminates an aesthetically and geographically diverse matrix of schools and movements Resisting the dismissal of thirties left writing as mere propaganda the book reveals how communist affiliated poets experimented with poetic modes such as lyric and documentary and genres including songs ballads and nursery rhymes in ways that challenged existing frameworks for understanding the relationships among poetic form political commitment and historical transformation As Ehlers shows Depression left movements and their international connections are crucial for understanding both the history of modern poetry and the role of poetic thought in conceptualizing historical change *Living in Time* Albert Gelpi, 1998 Albert Gelpi explores in three expansive sections the major periods of the poet's development beginning with the emergence of Day Lewis in the thirties as the most radical of the Oxford poets An artist who sought through poetry a way of living in time without traditional religious assurances Day Lewis went further than his friends in seeking to forge a revolutionary poetry out of his commitment to Marxism When Stalinism led to his resignation from the Communist Party Day Lewis in the forties went on to shape a rich fiercely perceptive poetry out of the convergence of the wartime crisis with the explosive events of his own inner life intensified by the erotics of a decade long affair *Holy Envy* Maeera Shreiber, 2022-11-15 What is between us and the Christians is a deep dark affair which will go for another hundred generations Amos Oz Judas Among the great social shifts of the post World War II era is the unlikely sea change in Jewish Christian relations We read each other's scriptures and openly discuss differences as well as similarities Yet many such encounters have become rote and predictable

Powerful emotions stirred up by these conversations are often dismissed or ignored Demonstrating how such emotions as shame envy and desire can inform these encounters Holy Envy Writing in the Jewish Christian Borderzone charts a new way of thinking about interreligious relations Moreover by focusing on modern and contemporary writers novelists and poets who traffic in the volatile space between Judaism and Christianity the book calls attention to the creative implications of these intense encounters While recognizing a long overdue need to address a fundamentally Christian narrative underwriting twentieth century American verse Holy Envy does more than represent Christianity as an aesthetically coercive force or as an adversarial other For the book also suggests how literature can excavate an alternative interreligious space at once risky and generative In bringing together recent accounts of Jewish Christian relations affect theory and poetics Holy Envy offers new ways into difficult and urgent conversations about interreligious encounters Holy Envy is sure to engage readers who are interested in literature religion and above all interfaith dialogue

Ideogram Laszlo K. Géfin, 2014-07-03 The ideogram changed the course of modern American poetry and Ideogram is the first history of this important poetic tradition In modern poetry the ideogram is an idea presented to the reader by means of the juxtaposition of concrete particulars usually without connective words or phrases The poem is therefore presented in precise images usually very tersely and free from conventional form and meter The idea of presenting a concept in this manner derives in part from Ernest Fenollosa s essay The Chinese Character as a Medium for Poetry the Chinese written character itself being a juxtaposition of pictographs to form a new meaning Ezra Pound s search for an alternative to traditional forms of verse composition resulted in his use of the ideogrammic method which Laszlo K G fin asserts became the major mode of presentation in twentieth century American poetry Two generations of avant garde experimental poets since Pound have turned to it for inspiration evolving their own methods from its principles G fin begins by tracing the development of Pound s poetics from the pre Imagist stage through Imagism and Vorticism to the formulation of the ideogrammic method He then examines the Objectivist poetics of Louis Zukofsky Charles Reznikoff and George Oppen the contributions to the ideogrammic tradition of William Carlos Williams and the Projectivist theories of Charles Olson Robert Duncan and Robert Creeley He concludes with an exploration of Allen Ginsberg s theory of the ellipse and Gary Snyder s riprap method Throughout G fin maintains that the ideogrammic mode is the literary representation of the twentieth century post logical even post humanist world view
