## **Selected Poems Of Halldis Moren Vesaas:**

**Selected Poems** Halldis Moren Vesaas, 1989 Vesaas is a respected poet who writing in the dialect based Neo Norwegian language made her debut in 1929 This anthology spans her entire career and includes a well chosen selection of her poems  
Choice **News of Norway**, 1989 **Norwegian Women's Writing 1850-1990** Janet Garton, 2000-12-01 Volume One in a new series this book covers Norwegian women's writing over the last 150 years setting literary developments against the background of the emergence and growth of the women's movement in Norway The work is divided chronologically into three sections the period up to 1913 when the universal suffrage was granted the period from 1913 to 1960 a time of stagnation in the women's movement with little involvement in contemporary political social and economic debates and the period from 1960 to the present day which has seen an increasing participation of women in public life Chapters on individual authors concentrate on the images of the women portrayed and investigate the conflicts behind the text the tensions between the authors and their work and the ambivalent feelings of women authors towards the act of writing The book should be of interest to all those concerned with women's writing and with Scandinavian literature and culture The series provides a survey country by country of women's writing from the beginnings of the major struggle for emancipation up to the present day While the main emphasis is on literature the social political and cultural development of each country provides a context for understanding the position and preoccupations of women writers Modern critical currents are also taken into account in relating feminist criticism to recent critical theory Forthcoming volumes in this series include Women's Writing in Italy 1870 1990 and Swedish Women's Writing 1850 1990 *How to Deal with Refugees?* Gerhard Besier, Katarzyna Stoklosa, 2018 2015 was without any doubt the year of migrations Over the subsequent two years we have certainly seen the migration flows reduce but it was never going to be possible to halt them altogether From the outset of this phenomenon numerous academics and researchers have dedicated themselves to the topic They analyse the causes the course of the migration flows parallels and impacts as well as possible scenarios of the migration movement A wide reaching debate has evolved on the topic of migration to which the authors in this anthology were also keen to contribute conflict regulations attempts In this publication historians political scientists philosophers sociologists geographers human geographers economists literary scientists legal scholars theologians and psychiatrists from a range of European and Non European countries have each contributed from their individual standpoints **A History of Norwegian Literature** Harald S. Næss, 1993-01-01 Volume 2 **Through Naked Branches** Tarjei Vesaas, 2000 Tarjei Vesaas one of Scandinavia's greatest fiction writers has been less well known as a poet Now Roger Greenwald an award winning translator of Scandinavian poetry presents forty six poems drawn from Vesaas's six volumes of poetry This selection is intended to reveal the distinctive sensibility and voice of Vesaas the poet The Norwegian texts appear facing the English versions which won the American Scandinavian Foundation Translation Prize The translator's groundbreaking introduction explores why Vesaas's poetry has

often resisted critical analysis and how it challenges received notions of modernism Excerpts from Vesaas's writings about himself and his work supply helpful background and give some sense of the man behind the work Vesaas emerges as a lyric and meditative poet of uncommon depth who renders states of being beyond the reach not only of discourse but of most poetry as well From The Boat on Land Your still boat hasn't got a name Your still boat hasn't got a port Your secret boat on land From Shadows on the Point We stand here in your deep night Night and wait for something new from beyond the point The current runs black and silent And what we feel through it we don't tell each other
