Selected Poems Of Jorge Carrera Andrade:

Selected Poems of Jorge Carrera Andrade Jorge Carrera Andrade, 1972-01-01 While Latin American poets such as Pablo Neruda Jorge Luis Borges and Octacio Paz have been receiving most of the attention of critics the Ecuadorian poet Jorge Carrera Andrade had quietly continued writing his transparent poetry Nevertheless Carrera Andrade's poems are undoubtedly some of the best ever written in the Spanish language and he has often been mentioned as a likely candidate for the Nobel Prize In his poetic exploration of what he calls the secret country of human existence Carrera Andrade marvels at the beauty of the world And this wonder is conveyed by means of dazzling descriptive metaphors Perhaps it could be said that the Ecuadorian poet always interprets the world visually but his visual images constitute merely a metaphorical technique around which he constructs his poems In his verbal structures he expresses the transitory nature of life as well as the loneliness of man in the universe He describes life in his native Ecuador contemplates with compassion the plight of the Indians of his country and denounces social injustices More recently Carrera Andrade concerned about the destiny of mankind manifests his indomitable faith in humanity in the book *Hombre planetario* 1959 imagining a social utopia Carrera Andrade has stated that his poetry is the result of the intimate union of the senses and the intellect And yet his poems remain transparent He rejects obscurity and complexity and chooses simplicity and clarity He considers that one of the essential goals of poetry is communion with other men and that if his poetry cannot communicate its emotive and sensorial content it fails to accomplish its mission which is the interpretation of the world As to the universal meaning of his poetic work Carrera Andrade would recall Goethe's phrase All my works are fragments of a great confession He would characterize his own work as a confession of love both for humanity and for the wonders of this world Carrera Andrade must be counted among the four or five best contemporary poets of Latin America Whether he is awarded a Nobel Prize still remains to be seen but there can be no doubt that in his poems one can detect the same literary excellence as in the work of Neruda Paz or Borges Hopefully the work of this great Ecuadorian poet will soon be universally appreciated In some of his works he can be compared to T S Eliot Hlderlin or Saint Jean Perse The publication of H R Hayes translations will for the first time make available to English speaking readers all of the significant verse of Carrera Andrade beginning with some of his first pieces from *La guirnalda del silencio* 1926 and ending with translations from *Pos a ltima* 1957 1966

Selected poems of Jorge Carrera Andrade.

Translated and with an introd. by H. R. Hays Jorge Carrera Andrade, 1972 **Century of the Death of the Rose** Jorge Carrera Andrade, 2002 By the close of the twentieth century the brilliant poets that had emerged from the Americas included Ruben Dario Pablo Neruda Cesar Vallejo Vicente Huidobro and Octavio Paz To this list must be added Jorge Carrera Andrade an Ecuadorian who spent his entire adult life traveling as a diplomat politician and poet Despite a brief flurry of attention generated in the United States by his book *Secret Country* New York MacMillan 1946 published just after he served as Ecuadorian Consul General to the United States in San Francisco Andrade has since been forgotten by American anthologists

and literary critics But in fact the late Andrade was a leading figure in Latin American letters This volume of his poetry was selected and translated by Steven Ford Brown and is presented in both Spanish and English Its publication coincides with a UNESCO event remembering Andrade **The Selected Poems of H. The Poetry of Ana Maria Fagundo Ana Maria Fagundo, 2005 This anthology includes translations of a number of original poems from each of the ten collections of poetry published to date by Spanish poet Ana Maria Fagundo Its goal is to provide a representative sample of Fagundo s work for an English audience With the basic tenet of phenomenology as scaffold the introduction of this anthology elucidates Fagundo s poetic writing as a process whereby the abstract is transformed into a concrete experience through the speaker s own self and body From Brotes Buds in 1965 until Trasterrado Marzo March Beyond in 1999 Fagundo s poetry is an ongoing dialogue with the poetic word Fagundo s poetic speaker looks into essences but only in order to reintegrate them into existence There is no Truth or Beauty or Good out there for which this poet strives but a truth that each poet articulates in his or her own way Hers is an aesthetic enterprise which implies the ethical obligation to affirm life Candelas Gala is Professor and Chair of the Department of Romance Languages at Wake Forest University [Reading for the Planet](#) Christian Moraru, 2015-11-05 In his new book Christian Moraru argues that post Cold War culture in general and in particular the literature philosophy and theory produced since 9 11 foreground an emergent planetary imaginary a planetarism binding in unprecedented ways the world s peoples traditions and aesthetic practices This imaginary Moraru further contends speaks to a world condition planetarity increasingly exhibited by human expression worldwide Grappling with the symptoms of planetarity in the arts and the human sciences the author insists is a major challenge for today s scholars a challenge Reading for the Planet means to address Thus Moraru takes decisive steps toward a critical methodology a geomethodology for dealing with planetarism s aesthetic and philosophical projections Here Moraru
