own life experiences from his upbringing in a strict Victorian household to his travels as a physician and later a playwright deeply informed his narrative voice Renowned for his humanistic approach he grappled with themes of disillusionment and search for authenticity which resonate throughout his works His cosmopolitan lifestyle and exposure to diverse cultures add layers of richness and perspective to his storytelling This anthology is an essential read for those craving a multifaceted exploration of human experience through Maugham's astute observations and masterful prose It not only serves as an introduction to his oeuvre but also as an enduring testament to the literary legacy of a writer who remains relevant in contemporary discussions about humanity and the artistic craft **Death Representations in Literature** Adriana Teodorescu, 2015-01-12 If the academic field of death studies is a prosperous one there still seems to be a level of mistrust concerning the capacity of literature to provide socially relevant information about death and to help improve the anthropological understanding of how culture is shaped by the human condition of mortality Furthermore the relationship between literature and death tends to be trivialized in the sense that death representations are interpreted in an over aestheticized manner As such this approach has a propensity to consider death in literature to be significant only for literary studies and gives rise to certain persistent clich's such as the power of literature to annihilate death This volume overcomes such stereotypes and reveals the great potential of literary studies to provide fresh and accurate ways of interrogating death as a steady and unavoidable human reality and as an ever continuing socio cultural construction. The volume brings together researchers from various countries the USA the UK France Poland New Zealand Canada India Germany Greece and Romania with different academic backgrounds in fields as diverse as literature art history social studies criminology musicology and cultural studies and provides answers to questions such as What are the features of death representations in certain literary genres Is it possible to speak of an homogeneous vision of death in the case of some literary movements How do writers perceive imagine and describe their death through their personal diaries or how do they metabolize the death of the significant others through their writings To what extent does the literary representation of death refer to the extra fictional socio historically constructed Death Is it moral to represent death in children's literature What are the differences and similarities between representing death in literature and death representations in other connected fields Are metaphors and literary representations of death forms of death denial or on the contrary a more insightful way of capturing the meaning of **The Hemingway Short Story** George Monteiro, 2017-03-23 Ernest Hemingway death Short Stories ,1892 revolutionized the American short story establishing himself as a master of realist fiction in the tradition of Guy de Mauppasant Yet none of Hemingway s emulators has succeeded in duplicating his understated minimalist style In his Iceberg Theory of fiction only the tip of the story is seen on the surface the rest is submerged out of sight This study surveys the scope of Hemingway's mastery of the short story form enabling a fuller understanding of such works as Indian Camp Big Two Hearted River The Killers The Mother of a Queen In Another Country Hills Like White Elephants The Snows of Kilimanjaro
