The Reputational Imperative Mahesh Shankar, 2018-09-25 India's first prime minister Jawaharlal Nehru left behind a legacy of both great achievements and surprising defeats Most notably he failed to resolve the Kashmir dispute with Pakistan and the territorial conflict with China In the fifty years since Nehru's death much ink has been spilled trying to understand the decisions behind these puzzling foreign policy missteps Mahesh Shankar cuts through the surrounding debates about nationalism idealism power and security with a compelling and novel answer reputation India's investment in its international image powerfully shaped the state's negotiation and bargaining tactics during this period The Reputational Imperative proves that reputation is not only a significant driver in these conflicts but also that it's about more than simply looking good on the global stage Considerations such as India's relative position of strength or weakness and the value of demonstrating resolve or generosity also influenced strategy and foreign policy Shankar answers longstanding questions about Nehru's territorial negotiations while also providing a deeper understanding of how a state's global image works The Reputational Imperative highlights the pivotal yet often overlooked role reputation can play in a broad global security context
