This is the endorsed publication from OCR and Bloomsbury for the Latin A Level Group 2 prescription of Apuleius Metamorphoses V giving full Latin text commentary and vocabulary for sections 11-24. A detailed introduction covers the prescribed text to be read in English placing the work in its Roman literary context. Apuleius is considered one of the great Latin stylists. The tale of Cupid and Psyche a story set within the larger narrative of his novel the Metamorphoses follows the romance of the god of love Cupid and his mortal lover Psyche brought to disaster by the wiles of Psyche's wicked sisters and the anger of Venus but eventually reconciled. It is both an adventure story and an allegory for the relationship between the soul and desire. The OCR selection contains some of the most hauntingly beautiful Latin prose which has come down to us and gives an unparalleled insight into the relationship between philosophy, religion and art under the high empire. Michalopoulos, 2024-06-25. This volume presents essays written in honour of Robert Maltby Emeritus Professor of Latin at the University of Leeds. It offers a rich collection of modern scholarship covering a wide range of literary genres in Latin literature spanning from Augustan times up to the Italian Renaissance. The value of this volume lies in its inclusion of new interpretations of well-discussed texts from the past shedding light on texts that have recently garnered scholarly attention and sparked lively discussions. Fifteen essays reflect the main areas of scholarship and interests of the honoree in a variety of Roman literary genres with special focus on the Corpus Tibullianum but also on etymologising and textual criticism. The collection is not exclusively intended for classicists, historical linguists and textual critics. By providing insightful discussions and fresh interpretations of themes and issues in Latin literature from a contemporary perspective it also appeals to anyone interested in Mediterranean studies, the socio-cultural aspects of literature and comparative literature.
