Selections from the Prose Works of Matthew Arnold Matthew Arnold, 2017-10-15 Excerpt from *Selections From the Prose Works of Matthew Arnold* Edited With Introduction and Notes This book Of selections aims to furnish examples of Arnold's prose in all the fields in which it characteristically employed itself except that of religion It has seemed better to omit all such material than to attempt inclusion of a few extracts which could hardly give any adequate notion of Arnold's work in this department Something however of his method in religious criticism can be discerned by a perusal of the chapter on Hebraism and Hel lenism selected from *Culture and Anarchy* Most of Arnold's leading ideas are represented in this volume but the decision to use entire essays so far as feasible has naturally precluded the possibility Of gathering all the important utterances together The basis Of division and grouping Of the selections is made sufficiently Obvious by the headings In the division of literary criticism the endeavor has been to illustrate Arnold's cosmopolitanism by essays Of first rate importance dealing with the four liter atures with which he was well acquainted In the notes conciseness with a reasonable degree of thoroughness has been the principle followed About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a
