Gray,2017-09-09 Vancouver is in an uproar over the death by gunshot of a Scottish nanny Janet Stewart An almost deliberately ham handed police investigation has Constable Hook suspecting a cover up The powerful United Council of Scottish Societies is demanding an inquiry The killing has become a political issue with an election not far away The city is buzzing with rumours Miss Stewart's fellow nannies have accused the Chinese houseboy of murder capitalizing on a wave of anti Chinese propaganda led by the Asian Exclusion League and enthusiastically supported by the sensational press not to mention the Ku Klux Klan which has taken up residence in upperclass Shaughnessy The White Angel is a work of fiction inspired by the cold case of Janet Smith who on July 26 1924 was found dead in her employer's posh Shaughnessy Heights mansion A dubious investigation led to the even more dubious conclusion that Smith died by suicide After a public outcry the case was re examined and it was decided that Smith was in fact murdered but no one was ever convicted though suspects abounded from an infatuated Chinese houseboy to a drug smuggling ring devil worshippers from the United States or perhaps even the Prince of Wales For Vancouver the killing created a situation analogous to lifting a large flat rock to expose the creatures hiding underneath An exploration of true crime through a literary lens The White Angel draws an artful portrait of Vancouver in 1924 in all its opium hazed smog choked rain soaked glory accurate insightful and darkly droll **The Lives**

identifying with China's struggle saw it as just one theatre in a world revolution. The present rulers in Beijing however buoyed by China's powerhouse economy commemorate them as foreign friends who aided China's peaceful rise to great power status. Founded on original research it is a stirring story of idealists struggling against the odds to found a better future. The author's interviews with survivors and descendants add colour and humanity to lives both heroic and tragic.

Ho, Ralph William Huenemann, 1984 The Open Door has become an integral part of China's economic development strategy since the late 1970s and not surprisingly it has aroused considerable interest in developed countries. This book gives a sympathetic but critical survey of this policy with particular attention to the problems that have prevented the Open Door from being implemented as rapidly as first intended. Placing the open door policy within a larger policy context the authors focus on debates within China over such key issues as the choice of a management system the choice between balanced and unbalanced growth and between various patterns of income distribution. They deal with institutional mechanisms recently established to attract foreign technology and capital and to encourage a more flexible Chinese response to increased interdependence with capitalist economies. Based on a variety of published sources and on extensive interviews conducted in China this book is an important contribution to the growing body of literature on the Chinese economy and will prove a valuable reference for foreign exporters investors policy makers and China specialists.
