Silhouettes Of Charles S Thomas Colorado Governor And United States Senator:

Silhouettes of Charles S. Thomas Sewell Thomas,1959 **Senators of the United States** Diane B. Boyle,1995 S Doc 103 34 Compiled by Jo Anne McCormick Quatannens Diane B Boyle editorial assistant prepared under the direction of Kelly D Johnston Secretary of the Senate Lists scholarly works that profile the lives and legislative service of senators and their autobiographies and other published works Senators of the United States ,1995 British and American Anti-communism Before the Cold War Markku Ruotsila,2023-05-09 This work examines in a comparative historical way the socialist liberal and conservative strands of Anglo American anticommunist thought before the Cold War In so doing this book provides us with an intellectual pre history of Cold War attitudes and policy positions **Middle Class Union** Mark W. Robbins,2017-05-19 Examines the birth of the American middle class as white collar workers used their growing consumer identity to organize politically **Others** Darcy Richardson,2008 The fourth volume in this series on independent and third party politics in the United States focuses on the 1920s a period when the American people longing for a return to normalcy rejected the idealism and liberalism of Woodrow Wilson s administration and strongly embraced the conservatism of Warren G Harding and his successors Calvin Coolidge and Herbert Hoover In electing Harding in a landslide the American people made it clear that they had little interest in continuing the great wave of progressive reform that helped shape politics and the role of government in the United States from the turn of the century until 1917 shortly after the U S entered World War I With the exception of Robert M La Follette s momentous campaign for the White House in 1924 a year when one out of every six voters supported the Wisconsin insurgent s independent candidacy it was a rather bleak period for America s progressive forces and a particularly painful and lonely period for the country s minor parties This narrative concludes with the presidential election of 1928 a year when the dignified and urbane Norman M Thomas Eugene V Debs successor on the Socialist Party ticket polled only a tiny fraction of the more than 919 000 votes cast for his imprisoned predecessor eight years earlier Across the board the results were calamitous for the country s nationally organized third parties **Breaking the Heart of the World** John Milton Cooper,2001-09-24 An engaging narrative about the political fight over the League of Nations in the US *Death Valley to Deadwood; Kennecott to Cripple Creek* United States. National Park Service. Division of National Register Programs,1990 Papers address concerns by contractors and agencies in how to survey and nominate properties to the National Register of Historic Places and how to mitigate adverse actions on significant resources management concerns related to historic mining sites on public lands and interpretation and display of mining sites and materials The focus is on the western United States but other parts of the U S and western Canada are covered **The Rockies** David Sievert Lavender,2003-06-01 From the time of Coronado s discovery to the era of modern ski resorts and sport climbing routes adventurers have been lured irresistibly to the Rocky Mountains In this book distinguished writer David Lavender traces the colorful history of the Rockies focusing on the period that began in 1859 with the first gold strikes

The real and fabled attractions of gold silver furs lumber and lead brought swarms of people into the mountains eagerly seeking wealth A get rich quick spirit pervaded the Rockies leading to lawlessness violence vigilantism and political expediency The Rockies is particularly revealing about the struggles which resulted in codes peculiar to the mountainous West Duane A Smith provides a new introduction to this Bison Books edition of *The Rockies Populism and Imperialism* Nathan Jessen, 2017-07-14 In the final years of the nineteenth century as a large scale movement of farmers and laborers swept much the country the United States engaged in an ostensibly anti colonial war against Spain and a colonial war of its own in the Philippines How one related to the other the nature of the activists involvement in foreign policy debates and the influence of these wars upon the prospects for domestic reform is what Nathan Jessen explores in *Populism and Imperialism* American reformers at the turn of the twentieth century have long been misrepresented as accomplices of empire Rather as *Populism and Imperialism* makes clear they were imperialism s chief opponents and that opposition contributed to their ultimate defeat Correcting the record Jessen charts the fortunes of the Populists through the nineteenth century s last decade He shows that contrary to the standard narrative Populists remained powerful in West after the election of 1896 they only suffered their final political reverses in 1900 after being branded as unpatriotic traitors by their opponents In fact the Populists and Democrats in the West favored war with Spain for humanitarian reasons some among them led the opposition to Hawaiian annexation and as leaders of the anti imperialists in Congress from 1899 on the occupation of the Philippines Jessen also addresses the little studied money power conspiracy theory that explains a key element of the Populist worldview This theory linking European imperialism and the growing economic and political power of financiers stirred Populist opposition to American imperialism as well *Populism and Imperialism* revises a critical chapter in US history and offers lessons for the present as well as insights into the nation s past

Goldfield Sally Springmeyer Zanjani, 1992 Shortly after the turn of the century discoveries by a Shoshone prospector in the barren central Nevada deserts ignited the last great goldrush on the Western mining frontier Prospectors miners stock promoters gamblers camp followers roughs lawmen and anarchists among others converged upon this unlikely plot of sand and Joshua trees from every corner of the earth The saga that ensued is first rate It tells the story of ordinary people their everyday lives hopes loves and dilemmas as well as the fates of the newly crowned nabobs who could wager a fortune on the turn of a roulette wheel Hell roaring Goldfield passed through the same stages of boom industrialization and decline as its mining camp predecessors but with some significant differences Greed knew no bounds waves of epidemic disease and violent death swept the city mining stock speculation reached new heights and the tycoon who rose to the top the ruthless ex gambler George Wingfield dominated Nevada for years to come In other ways as well the last boomtown cast a long shadow over the future Goldfield played a key role in the nineteenth century mining boom that reversed twenty years of depression and decline in a severely depopulated state and assured the triumph of mining camp ideology over other value systems Along with its careless bravado that ideology meant

unfettered individualism and the primacy of materialism over moral values It meant a restless search for excitement in the saloons forerunners of today s casinos and second only to the mines in economic importance Above all it meant getting rich and getting out leaving others to pay the price BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Causes and Consequences of World War I.
