Lontano Da Mogadiscio:

Mediterranean Crossroads Graziella Parati, 1999 This book offers samples of the literary and cultural production of an innovative group of new Italian language writers whose autobiographical texts focus on exploring their identities as immigrants in a Western country This anthology contributes to the ongoing discussions on exile diaspora and migration by documenting the unique Italian case **BOOK JACKET**

Transnational Italian Studies Charles Burdett, Loredana Polezzi, 2020-07-17 Transnational Italian Studies is specifically targeted at a student audience and is designed to be used as a key text when approaching the disciplinary field of Italian studies It allows the study of Italian culture to be construed and practised not simply as the inquiry into a national tradition but as the study of the interaction of cultural practices both within Italy itself and in those parts of the world that have witnessed the extent of Italian mobility The text argues that Italian culture needs to be considered in a transnational transcultural perspective and that an understanding of linguistic and cultural translation underlies all approaches to the study of Italian culture in a global context Contributions deploy a range of methodological approaches to understand and illustrate how language operates how culture inhabits and constitutes public and private space how notions of time operate within people's lives and the multiple ways in which people experience a sense of personhood Chapters stretch from the medieval period to the present and demonstrate how transnational Italian culture can be critically addressed through the examination of carefully chosen examples Contributors Alessandra Diazi Andrea Rizzi Barbara Spadaro Charles Burdett Clorinda Donato David Bowe Derek Duncan Donna Gabaccia Eugenia Paulicelli Fabio Camilletti Giuliana Muscio Jennifer Burns Loredana Polezzi Marco Santello Monica Jansen Naomi Wells Nathalie Hester Serena Bassi Stefania Tufi Teresa Fiore and Tristan Kay

The Somali Within Brioni Simone, 2017-07-05 The recent histories of Italy and Somalia are closely linked Italy colonized Somalia from the end of the 19th century to 1941 and held the territory by UN mandate from 1950 to 1960 Italy is also among the destination countries of the Somali diaspora which increased in 1991 after civil war Nonetheless this colonial and postcolonial cultural encounter has often been neglected Critically evaluating Gilles Deleuze and Félix Guattari's concept of minor literature as well as drawing on postcolonial literary studies *The Somali Within* analyses the processes of linguistic and cultural translation and self translation the political engagement with race gender class and religious discrimination and the complex strategies of belonging and unbelonging at work in the literary works in Italian by authors of Somali origins Brioni proposes that the minor Somali Italian connection might offer a major insight into the transnational dimension of contemporary Italian literature and Somali culture

Contemporary Italian Diversity in Critical and Fictional Narratives Ron Kubati, Marie Orton, Graziella Parati, 2021-10-26 Contemporary Italian Diversity in Critical and Fictional Narratives is about identity individual and national and belonging It is also an affirmation of diversity The editors of this volume have brought together articles that analyze the literature of migration as well as creative pieces by recognized authors who have a lived experience of migration English

speakers will find their own societal struggles with diversity mirrored in Italy's colonial inheritance and its renewed nationalism populism xenophobia and shifting national identity The artists and scholars who have contributed to this book challenge national discourses dehumanizations and issues of race and gender But many also seek to move beyond the negative and critical to claim belonging especially national belonging in the name of diversity as part of human experience The chapters emphasize how individuals both reflect and enact societal change and they foreground the inescapable fact that human differences and migration drive and shape societal identity in our world *Interrupted Narratives and Intersectional Representations in Italian Postcolonial Literature* Caterina Romeo, 2023-01-17 This book argues for the importance of adopting a postcolonial perspective in analysing contemporary Italian culture and literature Originally published in Italian in 2018 as *Riscrivere la nazione La letteratura italiana postcoloniale* this new English translation brings to light the connections between the present the colonial past and the great historical waves of international and intranational migration By doing so the book shows how a sense of Italian national identity emerged at least in part as the result of different migrations and why there is such a strong resistance in Italy to extending the privilege of Italianity or Italianness to those who have arrived on Italian soil in recent years Exploring over 100 texts written by migrant and second generation writers the book takes an intersectional approach to understanding gender and race in Italian identity It connects these literary and cultural contexts to the Italian colonial past while also looking outwards to a more diffuse postcolonial condition in Europe *Un posto nel mondo. Donne e migranti e pratiche di scrittura* Simona Miceli, 2019-06-03 L'intreccio tra la migrazione in Italia e la pratica della scrittura letteraria in lingua italiana accomuna le donne le cui storie raccolte in lunghe interviste biografiche sono presentate e analizzate in questo volume La migrazione pu configurarsi come esperienza di sradicamento e di solitudine anche in ragione delle forme di esclusione attive nella societ d approdo Ma la pratica della scrittura nella nuova lingua pu essere strumento attraverso il quale costruire nuove appartenenze e sentire di poter avere ancora un posto nel mondo come afferma una delle donne intervistate Le biografie raccolte mettono in crisi l'immaginario egemonico sulle donne migranti popolato da stereotipi in cui si intersecano assunti razzisti sessisti ed eurocentrici L'esperienza della scrittura in migrazione viene interpretata e discussa come una pratica di soggettivazione una pratica cio attraverso la quale le donne migranti cessano di essere soggetti narrati e si rendono soggetti narranti potendo cos contribuire a ri nominare e ri significare i processi di costruzione e reificazione dell'alterit Questo un libro in cui la sociologia vivente Promuove e articola la percezione di uno scarto fra le esperienze di chi questo mondo lo abita e i modi in cui le narrazioni pi correnti le deformano Promuove e articola curiosit e critica un libro molto bello Io spero che lo leggano in tanti Dalla Prefazione di Paolo Jedlowski *National Belongings* Jacqueline Andall, 2010 The contributors address the gap in Italian colonial postcolonial studies by examining how different notions of hybridity can help illuminate the specific nature circumstances of the Italian colonial postcolonial condition Some of the contributors view hybridity as a direct challenge to fixed categorizations Representing Minorities

Soumia Boutkhal, Larbi Touaf, 2009-01-14 The papers in this volume include not only the traditional view of what constitutes a minority but also any individual or group recalcitrant and reluctant not to say resistant to the generalized lobotomy operated by the rampant uniformisation of cultures around the world For in the ruins of the end of history and its context of violence and Manichean politics any opposition to the general consensus could be dismissed as anti historical and atavistic The objective of the book is precisely to counter such rhetoric and underscore the necessity of cultural diversity and the right to difference This book contains what can amount to a critical response to the current context of confusion surrounding the postmodern condition that arguably dominates most societies It stresses the issue of ethics not only in world politics but also in literature and criticism which are the main focus here In fact the interest in minority issues is in itself an ethical concern that contributes to give substance to the idea that postmodernity opens the gates for the long suppressed identities and sensibilities to emerge and demand recognition This volume intends therefore to contribute to the recent ethical turn that seems to take place in scholarship worldwide Operated mainly by what is referred to as postcolonial studies this shift turned literary criticism and cultural studies into the site where a sense of literature can be envisioned that is not at all universalist or reflecting the hegemonic temptations of the new world order It seeks to present a patchwork of minor literatures in the sense that besides the major literatures languages there are myriads of minor voices that express dissimilarity oftentimes under the umbrella of those major languages and literatures themselves

Rewriting the Journey in Contemporary Italian Literature Cinzia Sartini Blum, 2008-09-06 The mobility of women is a central issue in feminist analysis of literary works and historical periods *Rewriting the Journey in Contemporary Italian Literature* explores the concept of the journey from feminist psychoanalytic and postcolonial perspectives in order to offer an alternative understanding of moving Cinzia Sartini Blum examines the new literature of migration in Italian and journeys in the works of Biancamaria Frabotta Dacia Maraini Toni Maraini and Maria Pace Ottieri to demonstrate that women writers and migrant authors in contemporary Italy present journeys as events that are beyond heroic modern exploration and postmodern fragmentation Using the mythical figure of Gradiva Blum shows how contemporary Italian women writers have reinvented Gradiva to reveal subjectivities that challenge and overcome the postmodern melancholia and nihilism prevalent in contemporary male writers and thinkers She also considers the connection between metaphorical and literal mobility the role of the intellectual as cultural intermediary the roles of women in cultural encounters within mass migrations and how migrancy is a way of being in the postcolonial world An impeccable piece of original scholarship *Rewriting the Journey in Contemporary Italian Literature* will be of interest to feminist literary and postcolonial scholars

Reimagining the Italian South Goffredo Polizzi, 2022-03-25 Images of southern Italy as a place of arrival for migrants with different origins and backgrounds have in recent years proliferated in Italian media as well as in contemporary Italian literature and cinema The unprecedented perspective which presents the mezzogiorno as a place where people arrive and not only as a place of departure constitutes a major change in the collective

imaginary on the region and fosters new engagements with its migratory histories This book presents one of the first studies to focus entirely through in depth readings of a range of contemporary literary and cinematic texts on the representation of contemporary migration to southern Italy and on the concomitant changes in the tradition of representation of the region Informed by translation theory and by decolonial queer and feminist critique this innovative study zeroes in on the mutual construction of race gender and sexuality and on the translation and hybridization of languages and cultures at the southern border By giving a rich and compelling account of texts which tell multiple stories of mobility from to and through the South this book traces the emergence of a transnational imaginary of the mezzogiorno which offers useful tools for an urgent reconfiguration of collective and individual identities
