Looking Forward Participatory Economics For The Twenty First Century:

Looking Forward Michael Albert, Robin Hahnel, 1991 How work can be organized efficiently and productively without hierarchy how consumption could be fulfilling and also equitable and how participatory planning could promote solidarity and foster self management A Socialism for the Twenty-First Century Tony Smith, 2025-07-10 Marx called for a society where the ruling principle is the full and free development of every individual Capitalism neither is nor can be such a society Domination worsening ecological crises and many other pathologies are its intrinsic features not bugs that can be corrected But is there truly a better way to organize society And if we can imagine one can we be confident it could be put into practice The answer to both questions is an emphatic Yes This book makes the case It describes in detail a workable model of republican socialism a vision of socialism worth fighting for Beyond Digital Capitalism: New Ways of Living Leo Panitch, Greg Albo, 2020-12-29 Essays that explore new ways of living with technological change Every year since 1964 the Socialist Register has offered a fascinating survey of movements and ideas from the independent new left This year's edition asks readers to explore just how we need to live with new technologies Essays in this 57th Socialist Register reveal the contradictions and dislocations of technological change in the twenty first century And they explore alternative ways of living from artificial intelligence AI to the arts from transportation to fashion from environmental science to economic planning Greg Albo Post capitalism Alternatives or detours Nicole Aschoff and Pankaj Mahta AI ideology Science capitalism and the dream of a people's AI Hugo Radice There is nothing artificial about AI Labour class utopia socialism Larry Lohman Interpretation machines Contradictions of digital mechanization in twenty first century capitalism Robin Hahnel Democratic socialist planning Against with and beyond the new technologies Tanner Mirrlees Platform socialists in the age of digital capitalism Derek Hrynshyn Imagining information socialism Bryan Palmer Capitalism and the clock Time's meaning in the struggle for socialism Sean Sweeney and John Treat Shifting gears Labour strategies for low carbon public transit mobility Adam Greenfield Smart cities technological traps democratic possibilities Christoph Hermann The consequences of commodification Contours of a post capitalist society Joan Sangster The surveillance of service labour Conditions and possibilities of resistance Jeronimo Montero Bressan Beyond neoliberal fashion Imagining clothing production as a human need Massimiliano Mollona Art Commons Art collectives and the post capitalist imagination Ingar Solty The world of tomorrow Scenarios for our future between demise and hope 21st Century Capitalism Robert L. Heilbroner, 1994-08-17 It is my hope that some grasp of what the twenty first century holds in store for capitalism may enable us to avoid at least some of the pain we might otherwise have to endure writes the eminent economist Robert Heilbroner in this important book on the world's economic future Although communism lies shattered almost everywhere it once existed no single form of capitalism has emerged worldwide Which of the varieties of capitalism will be hardy enough to survive into the next century Will the private sector make way for government to redress the failures of the market system Does the defeat of the socialist vision

portend that unbridled acquisitiveness will dominate the world In tackling these questions Heilbroner takes us to the roots of capitalist society He views capitalism from a wide angle as both an economic system and a political order showing the integral connections between the two that are often overlooked finally he addresses the overarching challenge ahead a society that no longer believes in the inevitability of progress *Capitalism on Trial* Jeannette Wicks-Lim, Robert Pollin, 2013-01-01 This volume presents a collection of essays honoring Professor Thomas E Weisskopf one of the most prominent contributors to the field of radical economics Beginning his academic career at Harvard before moving to the University of Michigan at Ann Arbor Professor Weisskopf has spent the past forty years exploring through highly innovative and rigorous research the questions of economic equality social justice and environmental responsibility The chapters in this book reflect the main subjects of Professor Weisskopf s work and seek to foster continued innovation in these research areas The diverse contributions to this volume explore the impressive range of Professor Weisskopf s research themes These include the economics of developing countries US imperialism Marxian crisis theory contemporary economic history and institutional development affirmative action policies and the potential of socialism as an alternative to capitalism for developing non exploitative societies In addition to 26 chapters by leading economists this book also includes a chapter by Professor Weisskopf himself in which he reflects on his own career in economics as well as the state of the U S and global economies The volume also includes a full bibliography listing Professor Weisskopf s publications Students professors and researchers working in any branch of economics will find much of interest in this set of wide ranging studies building from the themes advanced by Thomas Weisskopf **Crisis of Capitalism** Luciano Vasapollo, 2011-10-28 This book is a compendium of a comprehensive treatise of applied economics published in Italian by Jaca Books in 2007 It includes a number of changes and updates and a new section on the contradictory relation of capital to nature intrinsic to the fundamental conflict between capital and labour The context for the analysis provided of the dynamics of the capitalist development of the forces of production is the global economy or capitalism as a world system **Marxist Politics** Md. Ayub Mallick, 2022-12-15 This book deals with the main doctrines of Marxist politics Clearly and simply written the book explores the views of classical Marxists along with the findings of Western and Analytical Marxists It also shows a distinction between Marxist and non Marxist views on politics Their points of difference as well as their common roots are thus clearly accounted for Marxist politics is a coherent system of ideas and theories of class class struggle party revolution and the state developed in response to a series of major and interrelated changes the emergence of a capitalist economy the rise of the modern nation state and the development of modern science which transformed both the society and politics This book is intended to explore these ideas and theories Particular emphasis has been put on the ideas and views of critical Marxists in a separate chapter The book includes brief bibliographical details of major individual thinkers as well as an annotated bibliography for further reading Print edition not for sale in South Asia India Sri Lanka Nepal Bangladesh Pakistan and

Bhutan Neo-liberalism Or Democracy? Arthur MacEwan,1999 Explores some central tenets of modern economics subjecting them to trenchant examination including the case for free trade and the inevitability of ever more grotesque income inequalities The book argues that there is a feasible alternative in a democratically controlled economic strategy

Inciting Democracy Randy Schutt,2001-09-10 Inciting Democracy offers a vision of what a good society might look like and explores how we can overcome five key obstacles to creating such a society It offers a practical way to develop a large decentralized education and support program that can increase the skills knowledge and strength of hundreds of thousands of goodhearted people so they can democratically and nonviolently transform society through grassroots change movements It also provides a realistic long term vision of success a vision that can encourage and inspire people working for positive change thus making success more likely Strategic Innovative Marketing and Tourism Androniki Kavoura,Efstathios Kefallonitis,Apostolos Giovanis,2019-07-03 This book covers a very broad range of topics in marketing communication and tourism focusing especially on new perspectives and technologies that promise to influence the future direction of marketing research and practice in a digital and innovational era Among the areas covered are product and brand management strategic marketing B2B marketing and sales management international marketing business communication and advertising digital and social marketing tourism and hospitality marketing and management destination branding and cultural management and event marketing The book comprises the proceedings of the International Conference on Strategic Innovative Marketing and Tourism ICSIMAT 2018 where researchers academics and government and industry practitioners from around the world came together to discuss best practices the latest research new paradigms and advances in theory It will be of interest to a wide audience including members of the academic community MSc and PhD students and marketing and tourism professionals
