Lost Prime Minister:

The Lost Prime Ministers Michael Hill, 2022-02-22 After John A Macdonald's death four Tory prime ministers each remarkable but all little known rose to power and fell in just five years From 1891 to 1896 between John A Macdonald's and Wilfrid Laurier's tenures four lesser known men took on the mantle of leadership Tory prime ministers John Abbott John Thompson Mackenzie Bowell and Charles Tupper headed the government of Canada in rapid succession Each came to the job with qualifications and limitations and each left after unexpectedly short terms Yet these reluctant prime ministers are an important part of our political legacy Their roles were much more than caretakers between the administrations of two great leaders Personal tragedy terrible health issues backstabbing and political manipulation all led to their eventual downfalls The Lost Prime Ministers is the dramatic saga of these overlooked Canadian leaders *Central Europe Thirty Years after the Fall of Communism* Aliaksei Kazharski, 2022-05-23 This book examines the politics and international relations of Central Europe the Visegrád Four three decades after the fall of communism Once bound together by a common geopolitical vision of returning to the West the Czech Republic Hungary Poland and Slovakia now find themselves in a more ambiguous position The 2015 European migration crisis exposed serious normative differences with Western Europe leading to a collective V4 rebellion against the European Union's migration policies At the same time as this book demonstrates despite this normative rift with Western Europe and despite the democratic backsliding in some of the V4 states they remain deeply dependent on the West in both symbolic and material terms Furthermore ways in which individual Central European states position themselves vis à vis the West exhibit notable differences informed by their specific political and cultural legacies The author examines these in separate country chapters This book also contains a chapter that analyzes the effect of the COVID 19 crisis on political discourses in the V4 **Japanese War Orphans** Jiaxin Zhong, 2021-11-25 After Japan's defeat in August 1945 some Japanese children were abandoned in China and raised by Chinese foster parents They were unable to return to Japan even during the mass repatriation carried out by the Japanese government in the 1950s Most of them returned to Japan in the 1980s They are called Japanese war orphans They are victims of the Sino Japanese War and have been exploited and abandoned by the Japanese government They are also border people who have lived in the interstices between two nations China and Japan and are migrants who have exploited the gap in economic development between Japan and China to seek individual happiness Modern East Asia underwent drastic social change These drastic social changes affected the lives of the Japanese war orphans and their families in a variety of ways Over the years Zhong has interviewed Japanese war orphans their Chinese foster parents and Japanese volunteers The title is an interview based sociological study of the issue of Japanese war orphans The first half of the Japanese war orphans lives were spent in China and the latter half in Japan It brings to the fore the dramatic personal histories of the Japanese war orphans surviving in the interstices between two nation states Through analyzing the issue of Japanese war orphans the research on the subject makes the following three points 1

the powerlessness of civilians caught up in modern warfare and the long lasting effects of modern warfare on the life histories of individuals and their families 2 the nature of the modern nation state which exploits and abandons its citizens as though they were expendable and 3 immigration as a product of modernization gaps Scholars pursuing studies in both Japanese society Chinese society and historians of the Sino Japanese war would find this an ideal read *Political Handbook of the World 2018-2019* Tom Lansford,2019-03-19 The Political Handbook of the World provides timely thorough and accurate political information with more in depth coverage of current political controversies than any other reference guide The updated 2018 2019 edition will continue to be the most authoritative source for finding complete facts and analysis on each country s governmental and political makeup Compiling in one place more than 200 entries on countries and territories throughout the world this volume is renowned for its extensive coverage of all major and minor political parties and groups in each political system It also provides names of key ambassadors and international memberships of each country plus detailed profiles of more than 30 intergovernmental organizations and UN agencies This comprehensive update will include coverage of current events issues crises and controversies from the course of the last two years including Elections across Europe Referendum in Ireland Rohingya genocide in Myanmar The Venezuelan dictatorship The renaming of Swaziland to eSwatini Qatar diplomacy changes Historic meeting between the United States and North Korea Establishment of a new governing coalition in Liberia Public Law John Stanton,Craig Prescott,2020 With its fresh modern approach and unique combination of practical application and theoretically critical discussion Public Law guides students to a clear understanding of not only the fundamental principles of the subject but how they are relevant in everyday life *The Parliamentary Debates (official Report)*.
