British and Irish Archaeology, 1994 **Reading and Mapping Hardy's Roads** Scott Rode, 2006-06-23 This book examines Thomas Hardy's representations of the road and the ways the archaeological and historical record of roads inform his work Through an analysis of the uneven and often competing road signs found within three of his major novels *The Return of the Native* *Tess of the D'Urbervilles* and *Jude the Obscure* and by mapping the road travels of his protagonists this book argues that the road as represented by Hardy provides a palimpsest that critiques the Victorian construction of social and sexual identities Balancing modern exigencies with mythic possibilities Hardy's fictive roads exist as contested spaces that channel desire for middle class assimilation even as they provide the means both to reinforce and to resist conformity to hegemonic authority *Jane Austen: A Family Record* Deirdre Le Faye, 2004 This book is the outcome of years of research in Austen archives and stems from the original family biography by W and R A Austen Leigh *Jane Austen her Life and Letters* *Jane Austen A Family Record* was first published in 1989 and this edition incorporates information that has come to light since then and provides new illustrations and updated family trees Le Faye gives a detailed account of Austen's life and literary career She has collected together documented facts as well as the traditions concerning the novelist and places her within the context of a widespread affectionate and talented family group Readers will learn how Austen transformed the stuff of her peaceful life in the Hampshire countryside into six novels that are amongst the most popular in the English language This fascinating record of Austen and her family will be of great interest to general readers and scholars alike
