China's National Minority Education Gerard A. Postiglione, 1999 This volume focuses on policies and practices in the education of China s national minorities with the purpose of assessing the goals and impact of state sponsored education for China s non Han peoples The essays in the four sections of this book examine cultural challenges to state schooling the extent of educational provision in minority areas the perspectives of Tibetan and Uyghur minorities toward state education along with providing case studies of four national minorities The book makes the point that despite the authoritarian character of China s state schooling diversity reigns

Nutrition and Growth B. Koletzko, R. Shamir, D. Turck, M. Phillip, 2016-02-25 It is a well known fact that children s growth depends on the quality of their nutrition However the mechanisms of fetal and child growth and their interactions with nutrition have not yet been fully elucidated and still pose a challenge to those engaged in the field Exchanging concepts and knowledge among professionals of various disciplines thus remains very important This second Yearbook provides an update on the research published between 2013 and 2015 An international team of experts presents papers that shed light on the mechanisms of interaction between nutrition and growth and provide insight to the readers Each paper is briefly summarized and supplemented with editorial comments which evaluate the clinical importance of each article and discuss its application This Yearbook is an important tool for practicing physicians including pediatricians subspecialists in pediatric gastroenterology metabolism and nutrition and endocrinology Nutritionists and dieticians as well as other health professionals involved in the care of children will also find this to be a useful resource
