This book examines how the utopia was transformed from an intellectual exercise in philosophical interrogation to a serious means of imagining practical social reform. In doing so it argues that the relationship between Renaissance utopia and Renaissance dialogue is crucial; the utopian mode of discourse continued to make use of aspects of dialogue even when the dialogue form itself was in decline. Exploring the ways in which utopian texts assimilated dialogue, Renaissance Utopia complements recent work by historians and literary scholars on early modern communities by providing a thorough investigation of the issues informing a way of modelling a very particular community and literary mode: the utopia.

Gulliver's Travels Jonathan Swift, 2008-06-12 Thus gentle Reader I have given thee a faithful History of my Travels for Sixteen Years and above Seven Months wherein I have not been so studious of Ornament as of Truth. In these words Gulliver represents himself as a reliable reporter of the fantastic adventures he has just set down, but how far can we rely on a narrator whose identity is elusive and whose inventiveness is self-evident? Gulliver's Travels purports to be a travel book and describes Gulliver's encounters with the inhabitants of four extraordinary places: Lilliput, Brobdingnag, Laputa, and the country of the Houyhnhnms. A consummately skilful blend of fantasy and realism makes Gulliver's Travels by turns hilarious, frightening, and profound. Swift plays tricks on us and delivers one of the world's most disturbing satires of the human condition. This new edition includes the changing frontispiece portraits of Gulliver that appeared in successive early editions.

The Art of Travel Philip Dodds, 2013-08-21 First published in 1982, The Art of Travel is the first collection of critical essays to be devoted to British travel writing. It attempts to give a sense of the wealth of such writing, to map some of its forms and conventions, and implicitly to claim a place for travel writing in any revised definition of literature. For this collection, travel includes sea voyages, European tours, commissioned enquiries into social conditions, and urban writing. Travel writing ranges from works such as *Sea and Sardinia* by D. H. Lawrence, whose status as a novelist guarantees his travel books some attention, through the essays and books of Victorian middle-class travellers, into working-class London, to the work of V. S. Naipaul, a contemporary writer who has increasingly preferred the travel book to the novel.
