*Recovering Native American Writings in the Boarding School Press* Jacqueline Emery, 2020-06-01 2018 Outstanding Academic Title selected by Choice. Winner of the Ray Pat Browne Award for Best Edited Collection. *Recovering Native American Writings in the Boarding School Press* is the first comprehensive collection of writings by students and well-known Native American authors who published in boarding school newspapers during the late nineteenth and early twentieth centuries. Students used their acquired literacy in English along with more concrete tools that the boarding schools made available such as printing technology to create identities for themselves as editors and writers. In these roles they sought to challenge Native American stereotypes and share issues of importance to their communities. Writings by Gertrude Bonnin, Zitkala, a Charles Alexander Eastman, and Luther Standing Bear are paired with the works of lesser-known writers to reveal parallels and points of contrast between students and generations. Drawing works primarily from the Carlisle Indian Industrial School, Pennsylvania, the Hampton Institute, Virginia, and the Seneca Indian School, Oklahoma, Jacqueline Emery illustrates how the boarding school presses were used for numerous and competing purposes. While some student writings appear to reflect the assimilationist agenda, others provide more critical perspectives on the schools' agendas and the dominant culture. This collection of Native-authored letters, editorials, essays, short fiction, and retold tales published in boarding school newspapers illuminates the boarding school legacy and how it has shaped Native American literary

production     The New Zealand Wars and the Victorian Interpretation of Racial Conflict James Belich, 2015-05-01 James Belich's book is a tour de force. In a brilliant new analysis he demolishes the received wisdom of the course and outcome of the New Zealand Wars, explains how we came by the version and why it is all wrong, and substitutes his own interpretation. It is a vigorous and splendidly stylish contribution to our historiography. The New Zealand Listener. This is not just a good book. It is a remarkable book. Professor Keith Sinclair. First published in 1986, James Belich's groundbreaking book and the television series based upon it transformed New Zealanders' understanding of the bitter and bloody struggles between Maori and Pakeha in the nineteenth century. Revealing the enormous tactical and military skill of Maori and the inability of the Victorian interpretation of racial conflict to acknowledge those qualities, Belich's account of the New Zealand Wars offered a very different picture from the one previously given in historical works. Maori, in Belich's view, won the Northern War and stalemated the British in the Taranaki War of 1860-61, only to be defeated by 18,000 British troops in the Waikato War of 1863-64. The secret of effective Maori resistance was an innovative military system: the modern pā, a trench and bunker fortification of a sophistication not achieved in Europe until 1915. According to the author, the degree of Maori success in all four major wars is still underestimated, even to the point where, in the case of one war, the wrong side is said to have won. This bestselling classic of New Zealand history is a must-read, and Belich's larger argument about the impact of historical interpretation resonates today.

**Mad A Story Of Dust And Ashes** George Manville Fenn, 2024-01-02. Mad A Story of Dust and Ashes is a gripping novel penned through the prolific British writer George Manville Fenn. Fenn, regarded for his contributions to journey and thriller literature within the nineteenth century, showcases his storytelling prowess in this work. The writer's narrative style often combines factors of suspense, drama, and exploration, creating a compelling study. In Mad A Story of Dust and Ashes, Fenn explores subject matters of passion, adversity, and resilience via a plot that unfolds in an international setting of dust and ashes. The title itself shows a story of extreme feelings and possibly the challenges faced through the characters in an unforgiving environment. Fenn's characters are commonly nicely drawn, and his narratives are regarded for transporting readers to vibrant and atmospheric settings. The subtext of A Story of Dust and Ashes implies a story of transformation and rebirth amidst difficult occasions. Fenn's potential to craft attractive and immersive narratives is probably to make Mad A Story of Dust and Ashes a fascinating exploration of the human spirit and its capacity to endure and overcome.
