Missouri Folk Heroes Of The Nineteenth Century:

Missouri Folk Heroes of the 19th Century F. Mark McKiernan, 1989 *Missouri Historical Review*, 1990 **Five Stars:**

Missouri's Most Famous Generals James Muench, 2006-05 Although generations of readers of the Little House books are familiar with Laura Ingalls Wilder's early life up through her first years of marriage to Almanzo Wilder few know about her adult years Going beyond previous studies *Becoming Laura Ingalls Wilder* focuses upon Wilder's years in Missouri from 1894 to 1957 Utilizing her unpublished autobiography letters newspaper stories and other documentary evidence John E Miller fills the gaps in Wilder's autobiographical novels and describes her sixty three years of living in Mansfield Missouri As a result the process of personal development that culminated in Wilder's writing of the novels that secured her reputation as one of America's most popular children's authors becomes evident In addition to describing Wilder's apprenticeship as a farm newspaper columnist and occasional magazine writer before she began the production of her novels Miller discusses Wilder's activities on her family's Rocky Ridge farm and as a vital citizen in Mansfield Missouri Playing out her many roles as wife mother chicken farmer churchgoer bridge player seamstress farm loan officer and political candidate Wilder led an active life for ninety years [Quantrill of Missouri](#) Paul R. Petersen, 2003 One will not find the name of William Clarke Quantrill in the pantheon of noble Civil War personalities but rather listed near the top of the list of its notorious scoundrels He has been demonized as the devil incarnate and most historical accounts portray him as a sadistic pitiless bloodthirsty killer That image however did not ring true to Paul R Petersen when he weighed it against the man's wartime accomplishments When he began researching Quantrill of Missouri he found that much of the lore that has been accepted as fact had been recorded by those who fought against Quantrill In short the victors wrote the history Petersen asks How could this so called fiend have been a respected schoolteacher How could he have organized and led up to four hundred men in the most noted band of guerrilla fighters known to history How could he be so hated by his own men and still lead them in the most renowned battles through Missouri winning victories over superior Union forces Others entrusted their sons to him Others served him as spies Women willingly tended his wounded and his followers even guarded him in battle Most of his people were God fearing farmers God fearing righteous people would not have followed a depraved degenerate psychotic killer **The Missouri Connection** Phyllis Appel, 2010-05-21 The Missouri Connection Profiles of the Famous and Infamous contains over fifty multi cultural biographies of men and women who have lived in the state at one time or another Learn history of Missouri and our country through their contributions [Excavating Mormon Pasts](#) Newell C. Bringhurst, Lavina Fielding Anderson, 2004-08-31 Winner of the Special Book Award from the John Whitmer Historical Association *Excavating Mormon Pasts* assembles sixteen knowledgeable scholars from both LDS and the Community of Christ traditions who have long participated skillfully in this dialogue It presents their insightful and sometimes incisive surveys of where the New Mormon History has come from and which fields remain unexplored It is both a vital reference work and a stimulating

picture of the New Mormon History in the early twenty first century **Benton, Pollock, and the Politics of Modernism**

Erika Doss,1995-06 expressionism Spaceflight and the Myth of Presidential Leadership Roger D. Launius,Howard E. McCurdy,1997 Setting the tone for the collection NASA chief historian Roger D Launius and Howard McCurdy maintain that the nation s presidency had become imperial by the mid 1970s and that supporters of the space program had grown to find relief in such a presidency which they believed could help them obtain greater political support and funding Subsequent chapters explore the roles and political leadership vis vis government policy of presidents Eisenhower Kennedy Johnson Nixon Ford Carter and Reagan **Differing Visions** Roger D. Launius,Linda Thatcher,1998-01-15 The first serious attempt to analyze the careers of converts who later left the Mormon church this book contains selections about 18 Mormon dissenters David Whitmer Fawn Brody and Sonia Johnson among them contributed by Richard N Holzapfel John S McCormick Kenneth M Godfrey William D Russell Dan Vogel Jessie L Embry and many others Folk Heroes and Heroines around the World Graham Seal,Kim Kennedy White,2016-03-14 This comprehensive collection of folk hero tales builds on the success of the first edition by providing readers with expanded contextual information on story characters from the Americas to Zanzibar Despite the tremendous differences between cultures and ethnicities across the world all of them have folk heroes and heroines real and imagined that have been represented in tales legends songs and verse These stories persist through time and space over generations even through migrations to new countries and languages This encyclopedia is a one stop source for broad coverage of the world s folk hero tales Geared toward high school and early college readers the book opens with an overview of folk heroes and heroines that provides invaluable context and then presents a chronology The book is divided into two main sections the first provides entries on the major types and themes the second addresses specific folk tale characters organized by continent with folk hero entries organized alphabetically Each entry provides cross references as well as a list of further readings Continent sections include a bibliography for additional research The book concludes with an alphabetical list of heroes and an index of hero types Doniphan's Expedition John Taylor Hughes,1997 A teacher turned soldier John T Hughes like so many other volunteers saw in the outbreak of the Mexican War the possibility for adventure and glory He joined the First Regiment of Missouri Mounted Volunteers and announced that he planned to write a history of his fighting unit commanded by Col Alexander Doniphan who would come to be regarded as among the finest volunteer officers of the war The result of Hughes s efforts certainly is one of the most colorful personal accounts of the Mexican War ever written Doniphan s Expedition follows the regiment on its grueling 850 mile march from Fort Leavenworth present day Kansas along the Santa Fe Trail to invade Mexico Along the way Hughes observes and describes in impressive detail the discipline morale and effectiveness of the civilian soldiers encountering hardships on the rough plains and deserts He gives their impressions of Santa Fe and offers valuable insight into the military occupation of that city As significant cultural history this account also chronicles the fears and prejudices of the soldiers meeting a seemingly strange people in a

strange land Furthermore Hughes provides an excellent first hand account of the two battles of the expedition the Battle of Brazito and the Battle of Sacramento First published in 1847 Doniphan s Expedition is now once again made available with a new foreword by Joseph G Dawson III to commemorate the 150th anniversary of the Mexican War General readers will find this book to be an enthralling examination of another time and place in U S and Mexican military and cultural history Historians will rediscover a significant contribution to Mexican War literature The Civil War and the Press S. Kitrell Rushing,2023-06-14 The power of the American press to influence and even set the political agenda is commonly associated with the rise of such press barons as Joseph Pulitzer and William Randolph Hearst at the turn of the century The latter even took credit for instigating the Spanish American War Their power however had deeper roots in the journalistic culture of the nineteenth century particularly in the social and political conflicts that climaxed with the Civil War Until now historians have paid little attention to the role of the press in defining and disseminating the conflicting views of the North and the South in the decades leading up to the Civil War In The Civil War and the Press historians political scientists and scholars of journalism measure the influence of the press explore its diversity and profile the prominent editors and publishers of the day The book is divided into three sections covering the role of the press in the prewar years throughout the conflict itself and during the Reconstruction period Part 1 Setting the Agenda for Secession and War considers the rise of the consumer society and the journalistic readership the changing nature of editorial standards and practice the issues of abolitionism secession and armed resistance as reflected in Northern and Southern newspapers the reporting on John Brown s Harper s Ferry raid and the influence of journalism on the 1860 election results Part 2 In Time of War includes discussions of journalistic images and ideas of womanhood in the context of war the political orientation of the Jewish press the rise of illustrated periodicals and issues of censorship and opposition journalism The chapters in Part 3 Reconstructing a Nation detail the infiltration of the former Confederacy by hundreds of federally subsidized Republican newspapers editorial reactions to the developing issue of voting rights for freed slaves and the journalistic mythologization of Jesse James as a resister of Reconstruction laws and conquering Unionists In tracing the confluence of journalism and politics from its source this groundbreaking volume opens a wide variety of perspectives on a crucial period in American history while raising questions that remain pertinent to contemporary tensions between press power and government power The Civil War and the Press will be essential reading for historians media studies specialists political scientists and readers interested in the Civil War period Military Power Brian Holden Reid,2014-02-25 The contributors here consider the multifarious aspects of the Anglo American approach to war All the contributors are concerned to base their work on the overall historical context They explore the relationship between theory and practice in military operations **Chasing Frank and Jesse James** Wayne Fanebust,2018-04-03 Frank and Jesse James the infamous brothers from Missouri rode with marauding Confederate guerrillas during the Civil War Having learned to kill and raid without compunction they easily transitioned from rebels to outlaws after the war robbing

stagecoaches banks and trains in Missouri and surrounding states It was a botched bank robbery in Northfield Minnesota followed by an improbable escape through the Dakota Territory and Iowa that elevated the James brothers from notorious criminals to legendary figures of American history and folklore **The Cumulative Book Index** ,1922 *Thomas Hart Benton and the American Sound* Leo G. Mazow,Thomas Hart Benton,2012 Argues that musical imagery in the art of American painter Thomas Hart Benton was part of a larger belief in the capacity of sound to register and convey meaning Provided by publisher *Outlaw Heroes in Myth and History* Graham Seal,2011 This book is an overview and analysis of the global tradition of the outlaw hero The mythology and history of the outlaw hero is traced from the Roman Empire to the present showing how both real and mythic figures have influenced social political economic and cultural outcomes in many times and places The book also looks at the contemporary continuations of the outlaw hero mythology not only in popular culture and everyday life but also in the current outbreak of global terrorism Conjure in African American Society Jeffrey E. Anderson,2008-08 From black sorcerers client based practices in the antebellum South to the postmodern revival of hoodoo and its tandem spiritual supply stores the supernatural has long been a key component of the African American experience What began as a mixture of African European and Native American influences within slave communities finds expression today in a multimillion dollar business In Conjure in African American Society Jeffrey E Anderson unfolds a fascinating story as he traces the origins and evolution of conjuring practices across the centuries Though some may see the study of conjure as a perpetuation of old stereotypes that depict blacks as bound to superstition the truth Anderson reveals is far more complex Drawing on folklore fiction and nonfiction music art and interviews he explores various portrayals of the conjurer backward buffoon rebel against authority and symbol of racial pride He also examines the actual work performed by conjurers including the use of pharmacologically active herbs to treat illness psychology to ease mental ailments fear to bring about the death of enemies and acquittals at trials and advice to encourage clients to succeed on their own By critically examining the many influences that have shaped conjure over time Anderson effectively redefines magic as a cultural power one that has profoundly touched the arts black Christianity and American society overall Senators of the United States ,1995 Finding a New Midwestern History Jon K. Lauck,Gleaves Whitney,Joseph Hogan,2018-11-01 In comparison to such regions as the South the far West and New England the Midwest and its culture have been neglected both by scholars and by the popular press Historians as well as literary and art critics tend not to examine the Midwest in depth in their academic work And in the popular imagination the Midwest has never really ascended to the level of the proud literary South the cultured democratic Northeast or the hip innovative West Coast Finding a New Midwestern History revives and identifies anew the Midwest as a field of study by promoting a diversity of viewpoints and lending legitimacy to a more in depth rigorous scholarly assessment of a large region of the United States that has largely been overlooked by scholars The essays discuss facets of midwestern life worth examining more deeply including history religion geography art race culture and

politics and are written by well known scholars in the field such as Michael Allen Jon Butler and Nicole Etcheson

This Captivating World of Kindle Books: A Detailed Guide Unveiling the Benefits of E-book Books: A Realm of Convenience and Flexibility E-book books, with their inherent mobility and ease of access, have freed readers from the limitations of physical books.
