**Mistress of the House, Mistress of Heaven** Anne K. Capel, Glenn Markoe, 1996 The first of its kind exhibit cataloged here focuses on the women of Egypt from all levels of society in works compiled strictly from American collections by American curators Because the quantity of written records is limited though enormous in comparison to most early societies there is still much guesswork involved in determining the place women held in Egyptian society It is clear that unlike most ancient and not so ancient societies Egypt conferred on women the legal right to own property and to barter their own goods which means a larger record for current study The essays here are both erudite and fascinating to read the illustrations are clear and well presented in conjunction with the text 117 colour 112 b w illustrations *Mistress of the House, Mistress of Heaven* Cincinnati Art Museum, Brooklyn Museum, 1996 Glass and stone Organized into sections devoted to Public and Private Lives Female Royalty Goddesses and Afterlife most are reproduced in full color and all are accompanied by individual essays The reader's understanding is further enriched by the inclusion of a chronology map bibliography and index

Ayad, 2022-11-15 Cutting edge research by twenty four international scholars on female power agency health and literacy in ancient Egypt There has been considerable scholarship in the last fifty years on the role of ancient Egyptian women in society With their ability to work outside the home inherit and dispense of property initiate divorce testify in court and serve in local government Egyptian women exercised more legal rights and economic independence than their counterparts throughout antiquity Yet their agency and autonomy are often downplayed undermined or outright ignored In *Women in Ancient Egypt* twenty four international scholars offer a corrective to this view by presenting the latest cutting edge research on women and gender in ancient Egypt Covering the entirety of Egyptian history from earliest times to Late Antiquity this volume commences with a thorough study of the earliest written evidence of Egyptian women both royal and non royal before moving on to chapters that deal with various aspects of Egyptian queens followed by studies on the legal status and economic roles of non royal women and finally on women's health and body adornment Within this sweeping chronological range each study is intensely focused on the evidence recovered from a particular site or a specific time period Rather than following a strictly chronological arrangement the thematic organization of chapters enables readers to discern diachronic patterns of continuity and change within each group of women Clémentine Audouit Paul Valéry University Montpellier France Anne Austin University of Missouri St Louis Missouri USA Mariam F Ayad The American University in Cairo Cairo Egypt Romane Betbeze Université de Genève Switzerland and École Pratique des Hautes Études PSL France Anke Ilona Blbaum Saxon Academy of Sciences and Humanities in Leipzig Leipzig Germany Eva Maria Engel Humboldt Universität zu Berlin Berlin Germany Renate Fellingner

**Beautiful Bodies** Uroš Matić,2022-02-24 This book explores the role of material culture in the formation of corporeal aesthetics and beauty ideals in different past societies and thus contributes to the cultural relativization of bodily aesthetics and related gender norms The volume does not explore beauty for the sake of beauty but extensively explores how it serves to form and keep gender norms in place The concept of beauty has been a topic of interest for some time yet it is only in recent times that archaeologists have begun to approach beauty as a culturally contingent and socially constructed phenomenon Although archaeologists and ancient historians extensively dealt with gender they dealt less with it in relation to beauty The contributions in this volume deal with different intersections of gender and corporeal aesthetics by turning to rich archaeological textual and iconographic data from ancient Sumer Aegean Bronze Age ancient Egypt ancient Athens Roman provinces the Viking world and the Qajar Iran Beauty thus moves away from a curiosity and surface of the body to an analytic concept for a better understanding of past and present societies
