Mistress To An Age A Life Of Madame De Stael:

Mistress to an Age J. Christopher Herold, 2002 J Christopher Herold vigorously tells the story of the fierce Madame de Stael revealing her courageous opposition to Napoleon her whirlwind affairs with the great intellectuals of her day and her idealistic rebellion against all that was cynical tyrannical and passionless Germaine de Stael's father was Jacques Necker the finance minister to Louis XVI and her mother ran an influential literary political salon in Paris Always precocious at nineteen Germaine married the Swedish ambassador to France Eric Magnus Baron de Stael Holstein and in 1785 took over her mother's salon with great success Germaine and de Stael lived most of their married life apart She had many brilliant lovers Talleyrand was the first Narbonne the minister of war another Benjamin Constant was her most significant and long lasting one She published several political and literary essays including A Treatise on the Influence of the Passions upon the Happiness of Individuals and of Nations which became one of the most important documents of European Romanticism Her bold philosophical ideas particularly those in On Literature caused feverish commotion in France and were quickly noticed by Napoleon who saw her salon as a rallying point for the opposition He eventually exiled her from France This winner of the 1959 National Book Award is excellent detailed full of color movement great names and lively incident The New York Times Mr Herold's full bodied biography is clear eyed intelligent and written with abundant wit and zest The Atlantic Monthly

MISTRESS TO AN AGE J. CHRISTOPHER HERALD, **Mistress to an Age, a Life of Madame de Staël, by J.**

Christopher Herold... J. Christopher Herold, 1958 **Mistress to an Age** Jean Christopher Herold, 1964 *Mistress to an Age* J. Christopher Herold, 1929 Mistress to an Age J. Christopher Herold, 1958 Mme de Staël John Fox, 2025-01-10

During the French Revolution and the Napoleonic Wars Germaine de Staël's troubled personal and public life singled her out as one of the most noteworthy characters and greatest political writers of her epoch She recommended wise policies seeking to bring stability to a perturbed France Not only were her words ignored but she was persecuted as a woman and held responsible for plots riots and satirical pamphlets with which she had no connection Her publications promoting individual liberty freedom of religion freedom of speech and equality for women brought her into direct conflict with the dictator Napoleon Bonaparte Her confrontation with Napoleon eventually forced her to flee making her a celebrity throughout Europe There are many books about Mme de Staël but nothing published recently in English In the highly troubled waters of the French Revolution she promoted Republican policies but because she remained faithful to all her friends was often accused of being a Royalist Tens of thousands of political figures of all parties were guillotined but Mme de Staël survived

Madame de Stael Maria Fairweather, 2013-09-05 The influence of the salons of Paris on the thought and culture of the eighteenth century would be difficult to overstate They were both intellectual powerhouses and also assemblies where the latest and most extreme fashion was displayed Young gallants wearing silk waistcoats embroidered with Chinese pagodas making love to ladies reclining negligently against the cushions or accepting small cups of chocolate from the hands of Negro

pages thus Harold Nicolson describes the drawings of the time in his book *The Age of Reason* These meeting places for the vanguard of society were presided over by a succession of brilliantly clever women the salonieres and the most brilliant and clever of all of them was Madame de Stael Although she died at the age of 51 she filled her life to the brim and enjoyed a hugely influential role among the great names of the day Born Germaine Necker in Paris on 22 April 1766 her father was a powerful banker and her mother a Swiss pastor's daughter who never got over her good fortune in marrying a rich man In 1786 Germaine was married to a secretary in the Swedish embassy called de Stael but although she thought him a perfect gentleman she also found him dull and clumsy She began to take lovers the Vicomte de Narbonne and possibly Talleyrand and then Benjamin Constant in whom she at last met her intellectual equal In 1806 her novel *Delphine* was published It was an instant success and praised by Goethe and Byron among others Her salon thronged with glittering visitors including The Tsar Talleyrand and Wellington Maria Fairweather gives an entrancing account of this vanished world so merciless to outsiders but for those of the inner circle incomparably glamorous and exciting

Madame de Staël Angelica Goodden, 2008-03-06 How does exile beget writing and writing exile What kind of writing can both be fuelled by absence and prolong it Exile which was meant to imprison her paradoxically gave Madame de Stael a freedom that enabled her to be as active a dissident as any woman in the late eighteenth and early nineteenth centuries was capable of being Repeatedly banished for her nonconformism she felt she had been made to suffer twice over first for political daring and then for daring as a woman to be political a particularly grave offence in the eyes of the misogynist Napoleon Yet her outspokenness in novels comparative literary studies and works of political and social theory made her seem as much a threat outside her beloved France as within it while her friendship with statesmen soldiers and literary figures such as Byron Fanny Burney Goethe and Schiller simply added to her dangerous celebrity She preached the virtues of liberalism and freedom wherever she went turning the experiences of her enforced absence into an arsenal to use against all who tried to suppress her Even Napoleon perhaps her greatest foe conceded from his own exile on St Helena that she would last Her unrelenting activity as a speaker and writer made her into precisely the sort of activist no woman at that time was permitted to be yet she paradoxically remained a reluctant feminist seeming even to connive at the inferior status society granted her sex at the same time as vociferously challenging it and remaining torn by the conflicting demands of public and private life

Madame de Stael Francine du Plessix Gray, 2009-11-17 Madame de Stael was born into a world of political and intellectual prominence as the daughter of Louis XVI's Minister of Finances Jacques Necker Later she married Sweden's ambassador to the French court and for more than 20 years held the limelight as philosopher political figure and prolific writer She was however more than just a mind Despite a plain appearance she was notoriously seductive and enjoyed whirlwind affairs with some of the leading intellectuals of her time she was a true force of nature
