**Canadian Cultural Studies** Sourayan Mookerjea,Imre Szeman,Gail Faurschou,2009-01-01

DIVCanada is situated geographically historically and culturally between old empires Great Britain and France and a more recent one the United States as well as on the terrain of First Nations communities Poised between historical and

metaphorical empires and operating within the conditions of incomplete modernity and economic and cultural dependency Canada has generated a body of cultural criticism and theory which offers unique insights into the dynamics of both center and periphery The reader brings together for the first time in one volume recent writing in Canadian cultural studies and work by significant Canadian cultural analysts of the postwar era Including essays by anglophone francophone and First Nations writers the reader is divided into three parts the first of which features essays by scholars who helped set the agenda for cultural and social analysis in Canada and remain important to contemporary intellectual formations Harold Innis Marshall McLuhan and Anthony Wilden in communications theory Northrop Frye in literary studies George Grant and Harold Innis in a left nationalist tradition of critical political economy Fernand Dumont and Paul mile Borduas in Quebecois national and political culture and Harold Cardinal in native studies The volume s second section showcases work in which contemporary authors address Canada s problematic and incomplete nationalism race difference and multiculturalism and modernity and contemporary culture The final section includes excerpts from federal policy documents that are especially important to Canadians conceptions of their social political and cultural circumstances The reader opens with a foreword by Fredric Jameson and concludes with an afterword in which the Quebecois scholar Yves Laberge explores the differences between English Canadian cultural studies and the prevailing forms of cultural analysis in francophone Canada Contributors Ian Angus Himani Bannerji Jody Berland Paul mile Borduas Harold Cardinal Maurice Charland Stephen Crocker Ioan Davies Fernand Dumont Kristina Fagan Gail Faurschou Len Findlay Northrop Frye George Grant Rick Gruneau Harold Innis Fredric Jameson Yves Laberge Jocelyn L tourneau Eva Mackey Lee Maracle Marshall McLuhan Katharyne Mitchell Sourayan Mookerjea Kevin Pask Rob Shields Will Straw Imre Szeman Serra Tinic David Whitson Tony Wilden div     *The Chiefs Now in This City* Colin Calloway, 2021-04-13 During the years of the Early Republic prominent Native leaders regularly traveled to American cities Albany Boston Charleston Philadelphia Montreal Quebec New York and New Orleans primarily on diplomatic or trade business but also from curiosity and adventurousness They were frequently referred to as the Chiefs now in this city during their visits which were sometimes for extended periods of time Indian people spent a lot of time in town Colin Calloway National Book Award finalist and one of the foremost chroniclers of Native American history has gathered together the accounts of these visits and from them created a new narrative of the country s formative years redefining what has been understood as the frontier Calloway s book captures what Native peoples observed as they walked the streets sat in pews attended plays drank in taverns and slept in hotels and lodging houses In the Eastern cities they experienced an urban frontier one in which the Indigenous world met the Atlantic world Calloway s book reveals not just what Indians saw but how they were seen Crowds gathered to see them sometimes to gawk people attended the theatre to watch the Chiefs now in this city watch a play Their experience enriches and redefines standard narratives of contact between the First Americans and inhabitants of the American Republic reminding us that Indian people dealt with non Indians in multiple ways and in multiple

places The story of the country s beginnings was not only one of violent confrontation and betrayal but one in which the nation s identity was being forged by interaction between and among cultures and traditions      **Transactions** ,1912

**Transit Journal** ,1895      **Magistrates, Police, and People** Donald Fyson,2006-12-15 The role and function of criminal justice in a conquered colony is always problematic and the case of Quebec is no exception Many historians have suggested that between the Conquest and the Rebellions 1760s 1830s Quebec s Canadien inhabitants both boycotted and were excluded from the British criminal justice system Magistrates Police and People challenges this simplistic view of the relationship between criminal law and Quebec society offering instead a fresh view of a complex accord Based on extensive research in judicial and official sources Donald Fyson offers the first comprehensive study of the everyday workings of criminal justice in Quebec and Lower Canada Focussing on the justices of the peace and their police Fyson examines both the criminal justice system itself and the system in operation as experienced by those who participated in it Fyson contends that although the system was fundamentally biased its flexibility provided a source of power for ordinary citizens At the same time everyday criminal justice offered the colonial state and colonial elites a powerful though often faulty means of imposing their will on Quebec society This fascinating and controversial study will challenge many received historical interpretations providing new insight into the criminal justice system of early Quebec      *North America* Thomas F. McIlwraith,Edward K. Muller,2001-08-01 This classic text retains the superb scholarship of the first edition in a thoroughly revised and accessibly written new edition With both new and updated essays by distinguished American and Canadian authors the book provides a comprehensive historical overview of the formation and growth of North American regions from European exploration and colonization to the second half of the twentieth century Collectively the contributors explore the key themes of acquisition of geographical knowledge cultural transfer and acculturation frontier expansion spatial organization of society resource exploitation regional and national integration and landscape change With six new chapters redrawn maps a new introduction that explores scholarly trends in historical geography since publication of the first edition and a new final chapter guiding students to the basic sources for historical geographic enquiry *North America* will be an indispensable text in historical geography courses
