pop song more generally and perhaps even the story of its end Each chapter discusses a particular segment of the Bond canon and contextualizes it in its era s music and culture But the book also asks how Bond and his music reflected and influenced our feelings about such topics as masculinity race money and aging Through these individual pieces the book presents the Bond song as the perfect anthem of late capitalism The Bond songs want to talk about the fulfillment that comes from fast cars shaken Martinis and mindless sex but their unstable speakers subjects and addressees actually undercut the logic of the lifestyle James Bond is sworn to defend The book is an invitation to think critically about pop music about genre and about the political aspects of popular culture in the twentieth century and beyond **Monty Python Live at Drury**
