Moon Dash Warrior:

Moon Dash Warrior Delano Cummings, 1998 Personal story of Delano Cummings a young Lumbee Indian from Robeson County North Carolina He served three tours with the Marines in Vietnam from 1966 1971 one with the infantry as part of Second Battalion First Marines and two with elite recon units Jacket *Renaissance Military Memoirs* Yuval N. Harari, 2004 Renaissance military memoirs studied for what they reveal of contemporary attitudes towards war selfhood and identity This is a study of autobiographical writings of Renaissance soldiers It outlines the ways in which they reflect Renaissance cultural political and historical consciousness with a particular focus on conceptions of war history selfhood and identity A vivid picture of Renaissance military life and military mentality emerges which sheds light on the attitude of Renaissance soldiers both towards contemporary historical developments such as the rise of the modern state and towards such issues as comradeship women honor violence and death Comparison with similar medieval and twentieth century material highlights the differences in the Renaissance soldier's understanding of war and of human experience **Reconstructing the Native South** Melanie Benson Taylor, 2012-01-15 In *Reconstructing the Native South* Melanie Benson Taylor examines the diverse body of Native American literature in the contemporary U S South literature written by the descendants of tribes who evaded Removal and have maintained ties with their southeastern homelands In so doing Taylor advances a provocative even counterintuitive claim that the U S South and its Native American survivors have far more in common than mere geographical proximity Both cultures have long been haunted by separate histories of loss and nostalgia Taylor contends and the moments when those experiences converge in explicit and startling ways have yet to be investigated by scholars These convergences often bear the scars of protracted colonial antagonism appropriation and segregation and they share preoccupations with land sovereignty tradition dispossession subjugation purity and violence Taylor poses difficult questions in this work In the aftermath of Removal and colonial devastation what remains for Native and non Native southerners to be recovered Is it acceptable to identify an Indian lost cause Is a deep sense of hybridity and intercultural affiliation the only coherent way forward both for the New South and for its oldest inhabitants And in these newly entangled postcolonial environments has global capitalism emerged as the new enemy for the twenty first century *Reconstructing the Native South* is a compellingly original work that contributes to conversations in Native American southern and transnational American studies **What Side Are You On?** Michael Steven Wilson, José Antonio Lucero, 2024-04-23 Renowned human rights activist Michael Mike Wilson has borne witness to the profound human costs of poverty racism border policing and the legacies of colonialism From a childhood in the mining town of Ajo Arizona Wilson's life journey led him to US military service in Central America seminary education and religious and human rights activism against the abuses of US immigration policies With increased militarization of the US Mexico border migration across the Tohono O'odham Nation surged as did migrant deaths and violent encounters between tribal citizens and US Border Patrol agents When Wilson's religious and

ethical commitments led him to set up water stations for migrants on the Nation's lands it brought him into conflict not only with the US government but also with his own tribal and religious communities This richly textured and collaboratively written memoir brings Wilson's experiences to life Joining Wilson as coauthor Jos Antonio Lucero adds political and historical context to Wilson's personal narrative Together they offer a highly original portrait of an O'odham life across borders that sheds light on the struggles and resilience of Native peoples across the Americas

The People Who Stayed Janet McAdams, Geary Hobson, Kathryn Walkiewicz, 2012-10-09 The two hundred year old myth of the vanishing American Indian still holds some credence in the American Southeast the region from which tens of thousands of Indians were relocated after passage of the Indian Removal Act in 1830 Yet as the editors of this volume amply demonstrate a significant Indian population remained behind after those massive relocations The first anthology to focus on the literary work of Native Americans who trace their ancestry to people who stayed in southeastern states after 1830 this volume represents every state and every genre including short stories excerpts from novels poetry essays plays and even Web postings Although most works are contemporary the collection covers the entire post Removal era Some of the contributors are well known while others have only recently emerged as important literary voices All of the writers in *The People Who Stayed* affirm their Indian ancestry though many live outside the Southeast today As this anthology demonstrates indigenous Southeastern writing engages the local and the global the traditional and the modern While many speak to the prospects and perils of acculturation all the writers bear witness to the ways oblique or straightforward that they and their families continue to honor their Indian identities despite the legacy of removal In an introduction to the volume and in headnotes on each contributor the editors provide historical context and literary insight on the diversity of writing and lived experiences found in these pages All readers from students to scholars will gain newfound understanding of the literature and the human experience of Native people of the American Southeast

The Ultimate Experience Y. Harari, 2008-03-07 For millennia war was viewed as a supreme test In the period 1750-1850 war became much more than a test it became a secular revelation This new understanding of war as revelation completely transformed Western war culture revolutionizing politics the personal experience of war the status of common soldiers and the tenets of military theory

Medicine Bags and Dog Tags Al Carroll, 2008 As far back as colonial times Native individuals and communities have fought alongside European and American soldiers against common enemies *Medicine Bags and Dog Tags* is the story of these Native men and women whose military service has defended ancient homelands perpetuated longstanding warrior traditions and promoted tribal survival and sovereignty

[Crossing Over Redefining the Scope of Border Studies](#) Antonio Medina-Rivera, Diana Orendi, 2021-02-10 The present volume brings together selected proceedings of the 2005 Cleveland State University Symposium *Crossing Over Learning to Navigate the Borderlands of Intercultural Encounters* The collection of essays offers some samples of the complex and potentially infinite array of investigations that the newly expanded field of Border Studies can add to the

academy s scholarly enterprise The articles collected in this volume demonstrate innovative approaches to comparative explorations of topics in American Latin American European and Post Colonial literature as well as Linguistics History and Education

Veteran Narratives and the Collective Memory of the Vietnam War John A. Wood, 2016-04-25 In the decades since the Vietnam War veteran memoirs have influenced Americans understanding of the conflict Yet few historians or literary scholars have scrutinized how the genre has shaped the nation s collective memory of the war and its aftermath Instead veterans accounts are mined for colorful quotes and then dropped from public discourse are accepted as factual sources with little attention to how memory no matter how authentic can diverge from events or are not contextualized in terms of the race gender or class of the narrators *Veteran Narratives and the Collective Memory of the Vietnam War* is a landmark study of the cultural heritage of the war in Vietnam as presented through the experience of its American participants Crossing disciplinary borders in ways rarely attempted by historians John A Wood unearths truths embedded in the memoirists treatments of combat the Vietnamese people race relations in the United States military male female relationships in the war zone and veterans postwar troubles He also examines the publishing industry s influence on collective memory discussing for example the tendency of publishers and reviewers to privilege memoirs critical of the war *Veteran Narratives* is a significant and original addition to the literature on Vietnam veterans and the conflict as a whole

Encyclopedia of the Veteran in America William A. Pencak, 2009-10-15 A comprehensive encyclopedia that describes the experiences of American veterans from the Revolutionary War to the present From the American Revolution to today's conflicts in Iraq and Afghanistan Encyclopedia of the Veteran in America captures the experiences and lives of our nation's veterans in a comprehensive unprecedented way It is the first major reference work focused exclusively on an American soldier's view of military life during war and the often difficult return to civilian life and peacetime afterward Encyclopedia of the Veteran in America comprises over 100 insightful entries that include major examinations of the American Revolution Civil War World Wars I and II Korean War Vietnam War and the Gulf Afghan and Iraq Wars plus brief reviews of other conflicts In addition it highlights the specific experiences of POW MIAs and their families as well as African Americans women and American Indian soldiers Additional entries focus on key historic figures like Theodore Roosevelt and General Douglas MacArthur veterans organizations like the American Legion and the VFW legislative initiatives and the full range of memorials and monuments dedicated to our fighting men and women *Red States* Gina Caison, 2018-10 Red States uses a regional focus in order to examine the tenets of white southern nativism and Indigenous resistance to colonialism in the U S South Gina Caison argues that popular misconceptions of Native American identity in the U S South can be understood by tracing how non Native audiences in the region came to imagine indigeneity through the presentation of specious histories presented in regional literary texts and she examines how Indigenous people work against these narratives to maintain

sovereign land claims in their home spaces through their own literary and cultural productions As Caison demonstrates these conversations in the U S South have consequences for how present day conservative political discourses resonate across the United States Assembling a newly constituted archive that includes regional theatrical and musical performances pre Civil War literatures and contemporary novels Caison illuminates the U S South s continued investment in settler colonialism and the continued Indigenous resistance to this paradigm Ultimately she concludes that the region is indeed made up of red states but perhaps not in the way readers initially imagine [The Siren Depths](#) Martha Wells,2012-12-04 All his life Moon roamed the Three Worlds a solitary wanderer forced to hide his true nature until he was reunited with his own kind the Raksura and found a new life as consort to Jade sister queen of the Indigo Cloud court But now a rival court has laid claim to him and Jade may or may not be willing to fight for him Beset by doubts Moon must travel in the company of strangers to a distant realm where he will finally face the forgotten secrets of his past even as an old enemy returns with a vengeance The Fell a vicious race of shape shifting predators menaces groundlings and Raksura alike Determined to crossbreed with the Raksura for arcane purposes they are driven by an ancient voice that cries out from The siren depths 000 00 00 00 0,2019-03-31 300 15 21 1740 1865 18 18 19 [Carolina Comments](#) ,2003 **The North Carolina Historical Review** ,2000 **Coyote Warrior** Paul Van Develder,2025-05-01 A Civil Action meets Indian country as one man takes on the federal government and the largest boondoggle in U S history and wins **Longfellow's poetical works** Henry Wadsworth Longfellow,1890 [Sioux Warrior vs US Cavalryman](#) Ron Field,2019-09-19 Following the discovery of gold deposits in December 1875 the US Government ordered the indigenous population of the Black Hills in what is now South Dakota and Wyoming the Sioux to return to the Great Sioux Reservation When the Sioux refused the US Army sent forces into the area sparking a conflict that would make Lieutenant Colonel George Custer Chief Sitting Bull Crazy Horse and others household names around the world Examining a series of engagements in the Black Hills War including Rosebud Little Bighorn and Slim Buttes this fully illustrated study assesses the forces fighting on both sides in this momentous campaign casting light on the origins tactics armament and battlefield performance of the US Cavalry and their Sioux opponents at the height of the Indian Wars
