beautiful place People liked him because he was charismatic and interesting Vlad liked to put on a show He wore beautiful black clothes and a dramatic cape Even though he seemed educated Vlad was lonely There were bad things about being immortal and Vlad wanted to talk to someone who could understand what it meant to be immortal One tragic night under the light of a full moon their paths crossed Finn was walking through the graveyard and the tombstones echoed with the sound of his steps While this was going on Vlad stood on top of his house with his cloak gently flapping in the wind and watched the ghostly scene When their eyes met across the distance they were both curious and surprised to see each other Finn went to Vlad s house because he was curious which was in line with his kind nature The sound of his steps on the cobblestone road let Vlad know he was coming and he slid down like a shadow Vlad nodded and said Good evening in a polite tone Finn managed a nice smile even though the vampire s look had shocked him Hi my name is Finn he said Vlad s lips turned into a real smile revealing his sharp teeth No problem My name is Vlad Why are you in my humble home Finn stopped for a while and his bolts moved nervously Your mansion has always interested me it seems interesting Vlad gave a soft melodic laugh that had a hint of fun to it Yes that is interesting Would you like a tour So they became friends after taking a tour of Vlad s home Finn was blown away by the mansion s beautiful furniture huge library full of old books and stunning view from the tower As the hours went by they told each other stories about their lives goals and dreams Finn said he wanted to be understood and Vlad talked about the pros and cons of being eternal Over the next few weeks their friendship grew stronger When Vlad wanted to come out of the dark Finn would help him get there and Vlad would tell Finn stories about his adventures in the past They laughed together walked around the cute neighborhood and even made a small garden in the mansion s back yard One day as they watched the sun set behind the hills Vlad turned to Finn You know my friend I ve been around for a long time but it s only through our friendship that I ve really learned what it s like to have a friend Finn nodded and the stitches on his face turned into a real smile You ve also shown me that looks can be deceiving and that understanding and kindness are the foundations of real friendships As their friendship grew the scary neighborhood became full of laughter companionship and a feeling of belonging Finn and Vlad became models of community for the people who lived there They showed them that even the most unlikely people could form bonds that surprised everyone So in the middle of a neighborhood where shadows told secrets and the moonlight painted stories of mystery an unbreakable relationship between a monster and a vampire showed everyone that understanding acceptance and kindness were the real magic that could break down any barrier As the moon kept shining its golden rays changing the neighborhood for the better the sounds of their laughter and the warmth of their friendship filled the creepy area With each passing day Finn and Vlad s friendship got stronger which changed the whole creepy neighborhood Once secretive there is now a sense of community and being open People began to understand that everyone had their own stories and traits that made them unique Finn s big strong hands were a comforting sight when he helped his friends fix their houses or take care of their gardens Myths about him had been

around for a long time but his kindness and willingness to help put an end to them Children would rush up to him and ask him about the bolts in his neck and what he had done Vlad s personality was so appealing that he brought animals from all walks of life to neighborhood events The night parties became a way for people to come together and learn to accept differences People who used to be afraid of him at night now wanted to be with him so they could hear his stories about the past and be amazed by how well he spoke The friendship between Finn and Vlad had a lot of great effects over time The area changed a lot and grew into a lively happy place to live Monsters witches ghosts and all kinds of animals joined forces to help each other They shared their skills and learned from each other But when Halloween came a new mystery cast a dark cloud over their happy neighborhood Strange things started to happen candy bowls started to disappear from the front steps scary voices started to echo through the night and pumpkins started rolling down the streets on their own The creepy vibe got worse and the neighbors started to feel scared One moonlit night the friends talked about the scary things that had happened while sitting around a campfire in Finn s yard Vlad thought It looks like a mischievous spirit is at work as he kept tapping his chin with his fingers Finn nodded his head Finn and Vlad told their new friends witches with potions goblins with sharp senses and even a friendly werewolf who was great at scent tracking that they should help them solve the mystery The crew went on a trip to find out what was going on and bring peace back to their favorite town As they explored the eerie area they came across magical scarecrows that turned out to be friendly mischievous ghosts who were lonely and wanted to be noticed The team worked together and thought outside the box to come up with a plan for a big Halloween parade that would include everyone The scarecrows would share the stage and feel like they were important The night of the show came and everyone on the streets was excited People of all ages dressed up in their most creative outfits came together Finn Vlad and their friends led the neighborhood parade which was full of music laughter and a feeling of connection The scarecrows joined in their once mean spirits now filled with happiness Finn and Vlad spoke to the crowd as the parade was coming to an end and the moon was shining brightly Finn said We ve shown tonight that unity and understanding can beat any mystery or fear Vlad went on to say We are a diverse community and each of us is unique By accepting each other we ve turned our scary neighborhood into a place of warmth friendship and shared joy The crowd s roar was so loud that it could be heard all night and beyond The message was clear with friendship teamwork and acceptance even the scariest scenarios could be turned into times of connection and celebration So in the middle of their creepy neighborhood Finn and Vlad s strong friendship not only brought them happiness and understanding but also sparked change Their story became famous and was told from generation to generation to show how friendship can change lives and communities In the end the spooky feeling of their neighborhood stayed but it was now joined by laughter harmony and a sense of belonging that they would cherish for decades to come One cold night Frankenstein s monster and Dracula were having a quiet night in their strange homes The wind was whispering secrets and the leaves were rustling The moon s sparkling light came in through their windows and lit

up their nice rooms Finn the name people gave to Frankenstein's monster found a place to stay in an old stone house hidden among old trees His house was a safe place full of old books and high tech tools that he had built himself Finn sat in his favorite couch while the fire in the fireplace made shadows move across the walls His bolted neck and stitched skin made him unique but his heart was kind and caring He often got lost in books about people's feelings and adventures because he wanted to know more about the world than what he saw Dracula who was also known as Vlad lived in a beautiful house at the end of a long winding driveway just a few blocks away His home was very fancy with velvet curtains old furniture and beautiful candelabras in each room Through the big windows the moonlight came in and made interesting patterns on the walls Vlad leaned back in his beautiful chaise lounge and read a book of poems Even though he was usually known for his sharp teeth and shiny appearance he was actually very lonely inside That night as the moon hung low in the sky and the stars sparkled like pearls there was a feeling of unease It was as if the night itself had a secret that Finn and Vlad needed to find out Finn looked out the window His eyes didn't match so the moonlight reflected off of them He wondered what was outside the pages of his books and outside the walls of his hut He wanted to travel the world as much as the fall wind wanted to pull at the leaves on the trees Vlad on the other hand sat on the balcony of his house and looked up at the night sky with deep thought The stars seemed to tell him stories of adventures and he had a strange desire to do something other than live forever He felt like the moonlight was calling him and the allure of the unknown pulled him in Finn and Vlad didn't know it but they both needed something more in their lives that night something to break up the routine of being single It was a desire that led them to an unexpected meeting and bond that would change their lives for good As the night went on the moon got brighter giving off a strange light that filled the area Finn and Vlad left their homes at the same time both of them wanting to know what was going on At an intersection made of cobblestones where the moon was watching over them their paths met Finn said Good evening smiling and nodding politely Vlad smiled and his eyes lit up with interest A chilly night to be out and about They said nice things to each other and their conversation went as smoothly as the moonlight They felt an unexpected link with each other a closeness that went beyond how they looked and what other people thought of them Would you like to walk with me Vlad asked pointing to the path that wound through the trees and was lit by the moon

Zero Minus X Karl Zeigfreid, Lionel Fanthorpe, Patricia Fanthorpe, 2014-09-30. Man is an intelligent mammal. His intelligence lies in his brain. In mammals, the tissues of the central nervous system are irreplaceable. The human brain contains something like 100 000 000 000 000 neurons, but 100 000 are destroyed on average each day of a man's life. Cosmic rays and general internal and external radioactivity account for most of this destruction. Hunger and Grady decided on an illegal experiment. They brought up a small group of children in a strange artificial setting where there was practically no radiation. The setting was improved. The environment grew more shielded as generations passed. At last, the Thinkers exploded into a world that had not dreamed of their existence. The world was facing other complications at the moment. An alien had appeared from the other side of the cosmos. Humanity was faced with two potentially deadly enemies: could they be turned against each other, or was one a secret friend?

The Meaning of Liberty Beyond Earth Charles S. Cockell, 2014-09-24 The purpose of this book is to initiate a new discussion on liberty focusing on the infinite realms of space The discussion of the nature of liberty and what it means for a human to be free has occupied the minds of thinkers since the Enlightenment However without exception every one of these discussions has focused on the character of liberty on the Earth The emergence of human space exploration programs in the last 40-50 years raise a fundamental and new question what will be the future of liberty in space This book takes the discussion of liberty into the extraterrestrial environment In this book new questions will be addressed such as Can a person be free when the oxygen the individual breathes is the result of a manufacturing process controlled by someone else Will the interdependence required to survive in the extremities of the extraterrestrial environment destroy individualism What are the obligations of the individual to the extraterrestrial state How can we talk of extraterrestrial liberty when everyone is dependent on survival systems
