**Shifting Continents/colliding Cultures** Ralph J. Crane, Radhika Mohanram, 2000 This book explores the aftermath of British colonialism on the Indian subcontinent and Sri Lanka including the resulting Diaspora The essays also examine zones of intersection between theories of postcolonial writing and models of Diaspora and the nation      **Shifting Continents / Colliding Cultures**, 2021-10-18 In the wake of the steady expansion and more recent explosion of Anglo Indian and Indo Anglian writing and following the success of Salman Rushdie's *Midnight's Children* the literature of the Indian diaspora has become the object of close attention As a body of literature it simultaneously represents an important multicultural perspective within individual national literatures such as those of Canada or Australia as well as a more global perspective taking in the phenomena of transculturalism and diaspora However while readers may share an interest in the writing of the Indian diaspora they do not always interpret the notion of Indian diaspora in the same way Indeed there has been much debate in recent years about the appropriateness of terms such as diaspora and exile Should these terms be reserved for the specifically historical nature of problems encountered in the process of acquiring new nationality and citizenship or can they be extended to the writing of literature itself or used to describe economic migration arising out of privilege As a response to these debates *Shifting Continents Colliding Cultures* explores the aftermath of British colonialism on the Indian subcontinent and Sri Lanka including the resulting diaspora The essays also examine zones of intersection between theories of postcolonial writing and models of diaspora and the nation Particular lines of investigation include how South Asian identity is negotiated in Western spaces and its reverse how Western identity is negotiated in South Asian space reading identity by privileging history the role of diasporic women in the Western nation how diaspora affects the literary canon and how diaspora is used in the production of alternative identities in films such as Gurinder Chadha's *Bhaji on the Beach*      *Othello (Second International Student Edition) (Norton Critical Editions)* William Shakespeare, 2017 I wanted an edition of *Othello* that had the necessary footnotes background material and a good selection of recent critical articles that would be accessible to students and would spark class discussions This was it Deborah Montuori Shippensburg University This Norton Critical Edition includes The First Folio text 1623 An introduction explanatory footnotes note on the text and textual notes by Edward Pechter Fifteen illustrations Giraldi Cinthio's sixteenth century story in its entirety which Shakespeare used for both the plot and many details of *Othello* A generous selection of interpretive responses to *Othello* from its origins to the present day including new to the Second Edition those by Stanley Cavell and Lois Potter Edward Pechter's popular theatrical and critical overview of *Othello* has been significantly expanded An updated Selected Bibliography      *Creative Writing and Stylistics, Revised and Expanded Edition* Jeremy Scott, 2023-08-24 In this innovative fusion of practice and criticism Jeremy Scott shows how insights from stylistics and linguistics can enrich the craft of creative writing Focusing on crucial methodological issues
