## **Moral Desperado A Life Of Thomas Carlyle:**

**Moral Desperado** Simon Heffer, 2012 A brilliant and scholarly biography of an extraordinary figure Lord Blake Country Life A fresh engaging conscientious account of one of the great Victorians Michael Foot London Review of Books A thorough and convincing account of the sage Peter Ackroyd Times Thomas Carlyle was the most influential man of letters of his day and his vivid account of the French Revolution remains one of the classic histories Even George Eliot no admirer wrote It is an idle question to ask whether his books will be read a century hence if they were all burnt as the grandest of Suttles on his funeral pyre it would only be like cutting down an oak after its acorns have sown a forest Simon Heffer draws upon previously unavailable papers to reassess a magnificent defiant and often lonely individualist whose idiosyncratic and passionate books brought him universal fame

**Thomas Carlyle** John Morrow, 2007-03-10 The new and authoritative account of a key Victorian figure now in paperback format Carlyle and Scottish Thought R. Jessop, 1997-05-29 This book initiates a new interdisciplinary approach in the literary and philosophical treatment of Carlyle challenging the long held notion that his work was solely influenced by German idealism Tracing Carlyle's intellectual inheritance through Hume Reid and Hamilton Jessop argues that Carlyle was crucially influenced by Scottish philosophy and that this philosophical discourse can in turn be used to inform critical readings of his texts The book will be of interest to readers of Carlyle philosophers and specialists in the literature and intellectual history of the eighteenth and nineteenth centuries

**The Biography Book** Daniel S. Burt, 2001-02-28 From Marilyn to Mussolini people captivate people A E's Biography best selling autobiographies and biographical novels testify to the popularity of the genre But where does one begin Collected here are descriptions and evaluations of over 10 000 biographical works including books of fact and fiction biographies for young readers and documentaries and movies all based on the lives of over 500 historical figures from scientists and writers to political and military leaders to artists and musicians Each entry includes a brief profile autobiographical and primary sources and recommended works Short reviews describe the pertinent biographical works and offer insight into the qualities and special features of each title helping readers to find the best biographical material available on hundreds of fascinating individuals

*The History of Work* R. Donkin, 2010-05-07 This sweeping survey of the history of work from hunter gatherers to dotcom telecommuters deftly compresses thousands of years of human evolution into an incisive volume It is a book about work about the organization and management of work but it is also a book about people

Science, Medicine, and Aristocratic Lineage in Victorian Popular Fiction Abigail Boucher, 2023-08-31 Science Medicine and Aristocratic Lineage in Victorian Popular Fiction explores the dialogue between popular literature and medical and scientific discourse in terms of how they represent the highly visible an pathologized British aristocratic body This books explores and complicates the two major portrayals of aristocrats in nineteenth century literature that of the medicalised frail debauched and diseased aristocrat and that of the heroic active beautiful noble both of which are frequent and resonant in popular fiction of the long nineteenth

century Abigail Boucher argues that the concept of class in the long nineteenth century implicitly includes notions of blood lineage and bodily correctness and that class was therefore frequently portrayed as an empirical scientific and medical certainty Due to their elevated and highly visual social positions both historical and fictional aristocrats were frequently pathologized in the public mind and watched for signs of physical excellence or deviance Using popular fiction Boucher establishes patterns across decades genres and demographics and considers how these patterns react to normalise or feed into the advent of new scientific and medical understandings

**Right Hand, Left Hand** I. C. McManus, 2002 McManus considers evidence from anthropology particle physics the history of medicine and the notebooks of Leonardo to answer questions like Why are most people right handed Why does European writing go from left to right while Arabic and Hebrew go from right to left And how do we know that Jack the Ripper was left handed

*Men of Letters, Writing Lives* Trev Lynn Broughton, 2004-01-14 Trev Lynn Broughton takes an in depth look at the developments within Victorian auto biography and asks what we can learn about the conditions and limits of male literary authority Providing a feminist analysis of the effects of this literary production on culture Broughton looks at the increase in professions with a vested interest in the written Life the speeding up of the Life and Letters industry during this period the institutionalization of Life writing and the consequent spread of a network of mainly male practitioners and commentators This study focuses on two case studies from the period 1880 1903 the theories and achievements of Sir Leslie Stephen and the debate surrounding James Anthony Froude's account of the marriage of Thomas and Jane Welsh Carlyle

**Indexing Biographies and Other Stories of Human Lives** Hazel K. Bell, 2020-02-26 Stories of human lives can be fascinating but frequently difficult to index well The new updated fourth edition of Hazel K Bell's *Indexing Biographies* is a valuable guide to the points for consideration when indexing life histories biographies autobiographies letters and other narrative texts Topics include the indexing of fiction analysis of the text before indexing names and their various forms appropriate language choice for index entries impartiality of the indexer and how to treat main characters through appropriate subheading structure and minor characters where strings of locators are sometimes unavoidable The book also discusses more technical matters of index layout presentation and arrangement of entries such as how to judge whether alphabetical chronological page order or thematic grouping is most appropriate for the text Examples of good practice and outstanding indexes are provided throughout Lists of useful reference works and relevant articles from *The Indexer* journal are also suggested There is of course a comprehensive index *Indexing Biographies* contains fine advice on best indexing practices for book indexers trainee indexers authors publishers and all lovers of life histories It is an excellent overview of the complex important and rewarding task of indexing such material

**Sacred Geographies in Victorian Literature** Keith Hanley, 2025-08-03 This book describes how Christian sacred geographies were represented in Victorian literature It demonstrates first how those from the Hebrew Bible and the Old and New Testaments had become politically domesticated and psychologically internalised to sustain the Victorian Protestant imaginary in art and literature It

then examines how following the relocation of the centre of Christendom from Jerusalem to Rome in the Middle Ages the geographical axis between Rome and Britain had been disrupted during the period of Catholic penalisation but was restored by Emancipation and conversion in the nineteenth century As a result of these national relocations a literary atlas of sacred heterotopias other worlds was mapped by Protestant and Catholic writers within their industrial imperialist period Intended for a primary readership of academics and researchers in the field of Victorian Literature Religious Studies and History it focuses on the works of nine writers in a variety of genres including poetry novels art criticism and historical literary and theological essays

*The British Civil War* Trevor Royle, 2004 The entirety of the British Civil War has never been covered in a single volume until now While it is usually seen as an English conflict Royle paints the picture on a large canvas to show that it engulfed the entirety of Great Britain While the war began as the result of the Scots unwillingness to accept Charles I's prayer book their obstinacy inspired the Irish Catholics to rise against their English and Scot oppressors with the result that fourteen years internecine fighting was to be the norm for these islands This is grand narrative military history at its best and a monumental achievement

*The Remarkable Lushington Family* David Taylor, 2020-07-15 Drawing on previously unpublished archival materials this study spans three generations of the Lushington family It investigates their personal histories through the themes of social artistic and cultural history The author analyzes the Lushington family's relationships with well known figures like Lady Byron Queen Caroline and members of the Bloomsbury Group Most importantly this study examines Lushington family members roles within larger trends including abolitionism the Pre Raphaelite movement and Positivism

At Home Bill Bryson, 2011-10-04 In these pages the beloved Bill Bryson gives us a fascinating history of the modern home taking us on a room by room tour through his own house and using each room to explore the vast history of the domestic artifacts we take for granted As he takes us through the history of our modern comforts Bryson demonstrates that whatever happens in the world eventually ends up in our home in the paint the pipes the pillows and every item of furniture Bryson has one of the liveliest most inquisitive minds on the planet and his sheer prose fluency makes *At Home* one of the most entertaining books ever written about private life

Patent Inventions - Intellectual Property and the Victorian Novel Clare Pettitt, 2004-03-11 Although much has been written about the history of copyright and authorship in the eighteenth and nineteenth centuries very little attention has been given to the impact of the development of other kinds of intellectual property on the ways in which writers viewed their work in this period This book is the first to suggest that the fierce debates over patent law and the discussion of invention and inventors in popular texts during the nineteenth century informed the parallel debate over the professional status of authors The book examines the shared rhetoric surrounding the creation of the inventor and the author in the debate of the 1830s and the challenge of the emerging technologies of mass production to traditional ideas of art and industry is addressed in a chapter on authorship at the Great Exhibition of 1851 Subsequent chapters show how novelists Charles Dickens Elizabeth Gaskell and George Eliot participated in debates over the value and

ownership of labour in the 1850s such as patent reform and the controversy over married women's property The book shows the ways in which these were reflected in their novels It also suggests that the publication of those novels and the celebrity of their authors had a substantial effect on the subsequent direction of these debates The final chapter shows that Thomas Hardy's later fiction reflects an important shift in thinking about creativity and ownership towards the end of the century Patent Inventions argues that Victorian writers used the novel not just to reflect but also to challenge received notions of intellectual ownership and responsibility It ends by suggesting that detailed study of the debate over intellectual property in the nineteenth century leads to a better understanding of the complex negotiations over the bounds of selfhood and social responsibility in the period

*Great White Fathers* John Taliaferro, 2007-10-09 Gutzon Borglum the sculptor of Mount Rushmore National Memorial hoped that ten thousand years from now when archaeologists came upon the four sixty foot presidential heads carved in the Black Hills of South Dakota they would have a clear and graphic understanding of American civilization Borglum the child of Mormon polygamists had an almost Ahab like obsession with Colossalism a scale that matched his ego and the era He learned how to be a celebrity from Auguste Rodin how to be a political bully from Teddy Roosevelt He ran with the Ku Klux Klan and mingled with the rich and famous from Wall Street to Washington Mount Rushmore was to be his crowning achievement the newest wonder of the world the greatest piece of public art since Phidias carved the Parthenon But like so many episodes in the saga of the American West what began as a personal dream had to be bailed out by the federal government a compromise that nearly drove Borglum mad Nor in the end could he control how his masterpiece would be received Nor its devastating impact on the Lakota Sioux and the remote Black Hills of South Dakota *Great White Fathers* is at once the biography of a man and the biography of a place told through travelogue interviews and investigation of the unusual records that one odd American visionary left behind It proves that the best American stories are not simple they are complex and contradictory at times humorous at other times tragic

**The English Constitution** Ian Ward, 2004-07-30 This book aims to provide a stimulating text for both academics and students advancing a series of original ideas about the English constitution

**Writing the Victorian Constitution** Ian Ward, 2018-08-21 This book charts the writing of the English constitution through the work of four of the most influential jurists in the history of English constitutional thought Edmund Burke Thomas Babington Macaulay Walter Bagehot and Albert Venn Dicey Stretching from the French Revolution to the death of Queen Victoria their writing is both representative of and formative to the Victorian constitution Ian Ward traces how constitutional writing changed over the course of the long nineteenth century from the poetics of Burke and the romance of Macaulay to the pragmatism of Bagehot and the jurisprudence of Dicey A century on our perception of the English constitution is still shaped by this contested history
