

Does moral rationality depend in any way
on the existence and application of true general principles?

Generalism:

The very possibility of moral
thought and judgement depends
on the provision of a suitable
supply of moral principles.

Particularism:

The possibility of moral thought
and judgement does not depend
on the provision of a suitable
supply of moral principles.

Moral Particularism

Elke Brendel, Christoph Jäger

Moral Particularism:

Challenging Moral Particularism Matjaž Potrc, Vojko Strahovnik, Mark Lance, 2010-11-24 Containing eleven essays covering a broad range of topics this book addresses developments in particularist moral theory Particularism and the Space of Moral Reasons Benedict Smith, 2010-11-24 Particularism and the Space of Moral Reasons critically assesses the startling idea that our moral reasoning does not need to use moral principles If we don't have principles how do we work out what to do This book examines moral particularism a controversial idea at the forefront of contemporary moral theory

Ethical Particularism Ulrik Kihlbom, 2002 This is a PhD dissertation Ethical particularism claims that any non-moral feature that in one situation is a reason why something is for example morally wrong may in another situation be morally irrelevant or have an opposite moral valence Ethical particularism entails in other words the non-existence of true or sound moral principles Actions persons and situations acquire their moral features contextually in a way that escapes codification in principled terms Particularism comes in this way in conflict with a classical approach to moral philosophy *Moral Particularism* Brad Hooker, Margaret Olivia Little, 2023 Twelve new essays by an international team of contributors including some of the leading moral philosophers of the day debate the plausibility of moral particularism They aim to be the starting point for all future discussion of the topic and useful reading for all who work in moral philosophy *Debunking Moral Generalism* Dominikus Sukristiono, 2025-01-01 *The Bloomsbury Handbook of Ethics* Christian B. Miller, 2023-10-19 Updated and expanded to represent the fundamental questions at the heart of philosophical ethics today the second edition of *The Bloomsbury Handbook of Ethics* covers the key topics in metaethics and normative ethical theory This edition includes 12 fully revised chapters and 3 newly commissioned contributions from a range of esteemed academics who provide accessible introductions to their own areas of expertise The first part of the book covers the field of metaethics including subjects such as moral realism expressivism constructivism practical reason moral psychology experimental ethics and evolutionary ethics as well as two new chapters that respond to ethical debates concerning moral relativism and moral responsibility that enable students and scholars to better navigate this complicated ethical terrain Moving onto normative ethical theory the second part of the book ranges across morality and religion consequentialism and particularism as well as Kantian virtue feminist and Confucian ethics This comprehensive edition provides a one-stop resource for students of ethics which includes updated detailed overviews of the field and methodological issues as well as an appendix of additional resources including technical terms in ethics The Oxford Handbook of Reasons and Normativity Daniel Star, 2018 The Oxford Handbook of Reasons and Normativity maps a central terrain of philosophy and provides an authoritative guide to it Few concepts have received as much attention in recent philosophy as the concept of a reason to do or believe something And one of the most contested ideas in philosophy is normativity the ought in claims that we ought to do or believe something This is the first volume to provide broad coverage of the study of reasons and normativity across multiple philosophical

subfields In addition to focusing on reasons in ethics epistemology and the philosophy of mind action and language the Handbook explores philosophical work on the nature of normativity in general Topics covered include the unity of normativity the fundamentality of reasons attempts to explain reasons in other terms the relation of motivational reasons to normative reasons the internalist constraint the logic and language of reasons and ought connections between reasons intentions choices and actions connections between reasons reasoning and rationality connections between reasons knowledge understanding and evidence reasons encountered in perception and testimony moral principles prudence and reasons agent relative reasons epistemic challenges to our access to reasons normativity in relation to meaning concepts and intentionality instrumental reasons pragmatic reasons for belief aesthetic reasons and reasons for emotions Ethical Theory Russ Shafer-Landau, 2007-07-30 In presenting this reader on ethical theory Shafer Landau philosophy U of Wisconsin has made sure to cover the standard topics of the day consequentialism deontology contractarianism and virtue ethics but has also sought to include areas that are less common in sections on moral standing moral responsibility moral knowledge and works that question the very possibility of systematic ethics He also includes a section that discusses ethics and religion and another that examines prima facie duties and particularism Rather than include critics views following the various theoretical presentations he has instead decided to include more works of allied thinkers in order to provide readers with a more nuanced view of the particular view in question Selections from classic writers such as Aristotle Thomas Hobbes Immanuel Kant and Plato are accompanied by more contemporary writings Annotation 2007 Book News Inc Portland OR booknews.com Distributed by Syndetic Solutions LLC **Leaving Morality where it is** Daniel Patrone, 2005-01-01 Leaving Morality Where It Is describes and thinks through every facet of the debate in moral theory especially as it has played out between Kantian and Eudaimonist camps It is an indispensable work for philosophers in general and ethicists of every stripe in particular

Ethical Decision-Making in Management Matej Drašček, Dana Mesner Andolšek, Adriana Rejc Buhovac, 2023-04-21 Moral pragmatism has been largely ignored in Business Ethics despite its natural attraction and the fact that it is prominent in philosophy and socio economic theories The main premise of the book is that the complexity of today's business world does not permit a grand ethical theory notwithstanding the different attempts made by scientists Moral pragmatism is the go to approach where the ethical decision making of managers varies dependent on different circumstances but it always integrates moral considerations Ethical decision making is no longer based simply on known rules but entails the constant dynamic interaction of circumstances the development of new rules managers past experiences their knowledge concerning ethics and skills of moral reasoning This book interweaves the postmodern approach to management studies and based on its innovative research reintroduces moral pragmatism in Business Ethics The combination of decision making theories philosophy and postmodernism paves the way for future novel research in Business Ethics making it an excellent resource for researchers academics and advanced students in the field of Business Ethics Practitioners on the other hand will benefit by

improving their skills in ethical decision making and leadership

Contextualisms in Epistemology Elke

Brendel, Christoph Jäger, 2005-03-02 Contextualism has become one of the leading paradigms in contemporary epistemology. According to this view there is no context independent standard of knowledge and as a result all knowledge ascriptions are context sensitive. Contextualists contend that their account of this analysis allows us to resolve some major epistemological problems such as skeptical paradoxes and the lottery paradox and that it helps us explain various other linguistic data about knowledge ascriptions. The apparent ease with which contextualism seems to solve numerous epistemological quandaries has inspired the burgeoning interest in it. This comprehensive anthology collects twenty original essays and critical commentaries on different aspects of contextualism written by leading philosophers on the topic. The editors' introduction sketches the historical development of the contextualist movement and provides a survey and analysis of its arguments and major positions. The papers explore inter alia the central problems and prospects of semantic or conversational contextualism and its main alternative approaches such as inferential or issue contextualism, epistemic contextualism and virtue contextualism. They also investigate the connections between contextualism and epistemic particularism and between contextualism and stability accounts of knowledge. Elke Brendel is Professor of Philosophy at the Johannes Gutenberg University in Mainz, Germany. She has published numerous articles on logic, epistemology, the philosophy of science and the philosophy of language. She is the author of *Die Wahrheit über den Lügner* (The Truth About the Liar) 1992, *Grundzüge der Logik II* (Classical Relations, Numbers, Foundations of Logic II) with Wilhelm K. Essler 1993, and *Wahrheit und Wissen* (Truth and Knowledge) 1999. Christoph Jäger is Lecturer in Philosophy at Aberdeen University, United Kingdom, and Privatdozent of Philosophy, honorary office at the University of Leipzig, Germany. He has published numerous articles on epistemology, the philosophy of mind and the philosophy of religion. Books: *Selbstreferenz und Selbstbewusstsein* (Self-reference and Self-knowledge) 1999, *Analytische Religionsphilosophie* (Analytic Philosophy of Religion) ed. 1998, *Kunst und Erkenntnis* (Art and Knowledge) ed. with Georg Meggle 2004, *Religion und Rationalität* (Religion and Rationality) forthcoming.

Deontic Logic in Computer Science Guido Governatori, Giovanni Sartor, 2010-07-05 This volume presents the refereed proceedings of the 10th International Conference on Deontic Logic in Computer Science (DEON 2010) held in Fiesole, Italy, in July 2010. The 18 revised papers included in the volume were carefully reviewed and selected from 34 submissions. Topics covered include connections, preferences, deontic logic and contrary-to-duty, the use of input/output logic, the study of norm dynamics, models of agents and institutions, argumentation, compliance and various alternative analyses of deontic notions.

Reforming the Humanities P. Levine, 2009-12-21 Through an analysis of Dante's story of Paolo and Francesco, this book combines contemporary ethical theory, literary interpretation and historical narrative to defend the humanities as a source of moral guidance.

Liberal Realism: Politics of Difference Beyond the Universalist-Contextualist Debate Ivane Lomidze, 2025-05-06 The central issue explored in this book is the problem of difference in democratic theory, focusing on the

debates between liberalism and realism Realist theories critique liberal models for ignoring community specific differences and reducing plural forms of life to a homogeneous political project This book argues that while realist models challenge the universalism of liberalism they fail to normatively ground the adjudication of differences and cannot distinguish between legitimate and illegitimate political practices The core argument proposes the development of particularist political principles as a solution providing an ethical framework for adjudicating difference without relying on universal norms Drawing on moral particularism the book demonstrates how contingent context dependent reasoning can resolve issues of representation and pluralism in democracy while avoiding the pitfalls of both universalism and discriminatory practices This research is relevant for scholars of political theory exploring new approaches to grounding pluralism and difference in contemporary democratic thought Essays on the Philosophy of Terence Horgan Johannes L. Brandl, Olga Markič, 2002 *Hedonistic*

Utilitarianism Torbjorn Tannsjo, 2019-08-08 This volume presents a comprehensive statement in defense of the doctrine known as classical hedonistic utilitarianism It is presented as a viable alternative in the search for a moral theory and the claim is defended that we need such a theory The book offers a distinctive approach and some quite controversial conclusions Torbjorn Tannsjo challenges the assumption that hedonistic utilitarianism is at variance with common sense morality particularly as viewed through the perspective of the modern feminist moral critique

How Philosophy Works

DK, 2019-08-06 What is the meaning of life Are we truly free How can we make ethical choices Discover the answers to life's greatest questions Demystifying the key ideas of the world's greatest philosophers and exploring all of the most important branches of philosophical thought in a uniquely visual way this book is the perfect introduction to the history of philosophy How Philosophy Works combines bold infographics and jargon free text to demystify fundamental concepts about the nature of reality Covering everything from ethics to epistemology and phenomenology the book presents the ideas and theories of key philosophical traditions and philosophers from Plato and Socrates to Nietzsche and Wittgenstein via Kant in a novel easy to understand way Its infographics will help you to understand the elements of philosophy on a conceptual level and by tackling life's big questions it will help you to look at the world in an entirely new way With its unique graphic approach and clear authoritative text How Philosophy Works is the perfect introduction to philosophy and the ideal companion to DK's The Philosophy Book in the Big Ideas series

Buddhist Ethics

Jay L. Garfield, 2022 Buddhist Ethics presents an outline of Buddhist ethical thought It is not a defense of Buddhist approaches to ethics as opposed to any other nor is it a critique of the Western tradition Garfield presents a broad overview of a range of Buddhist approaches to the question of moral philosophy He draws on a variety of thinkers reflecting the great diversity of this 2500 year old tradition in philosophy but also the principles that tie them together In particular he engages with the literature that argues that Buddhist ethics is best understood as a species of virtue ethics and with those who argue that it is best understood as consequentialist Garfield argues that while there are important points of contact with these Western frameworks Buddhist ethics is distinctive and is a

kind of moral phenomenology that is concerned with the ways in which we experience ourselves as agents and others as moral fellows With this framework Garfield explores the connections between Buddhist ethics and recent work in moral particularism such as that of Jonathan Dancy as well as the British and Scottish sentimentalist tradition represented by Hume and Smith *Virtue Ethics and Confucianism* Stephen Angle, Michael Slote, 2013-07-24 This volume presents the fruits of an extended dialogue among American and Chinese philosophers concerning the relations between virtue ethics and the Confucian tradition Based on recent advances in English language scholarship on and translation of Confucian philosophy the book demonstrates that cross tradition stimulus challenge and learning are now eminently possible Anyone interested in the role of virtue in contemporary moral philosophy in Chinese thought or in the future possibilities for cross tradition philosophizing will find much to engage with in the twenty essays collected here *Oxford Studies in Normative Ethics* Mark Timmons, 2012 In this volume leading philosophers advance our understanding of a wide range of moral issues and positions from analysis of competing normative theories to questions of how we should act and live well

Moral Particularism Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Moral Particularism free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Moral Particularism free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Moral Particularism free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free.

Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Moral Particularism. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Moral Particularism any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Moral Particularism Books

1. Where can I buy Moral Particularism books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Moral Particularism book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
