

Moral Education in Aristotle

Moral Education In Aristotle

Burke Aaron Hinsdale

Moral Education In Aristotle:

Moral Education in Aristotle Gerard Verbeke,1990 **Aristotle, Emotions, and Education** Professor Kristján Kristjánsson,2012-10-01 What can Aristotle teach us that is relevant to contemporary moral and educational concerns What can we learn from him about the nature of moral development the justifiability and educability of emotions the possibility of friendship between parents and their children or the fundamental aims of teaching The message of this book is that Aristotle has much to teach us about those issues and many others In a formidable display of boundary breaking scholarship drawing upon the domains of philosophy education and psychology Kristj n Kristj nsson analyses and dispels myriad misconceptions about Aristotle s views on morality emotions and education that abound in the current literature including the claims of the emotional intelligence theorists that they have revitalised Aristotle s message for the present day The book proceeds by enlightening and astute forays into areas covered by Aristotle s canonical works while simultaneously gauging their pertinence for recent trends in moral education This is an arresting book on how to balance the demands of head and heart a book that deepens the contemporary discourse on emotion cultivation and virtuous living and one that will excite any student of moral education whether academic or practitioner *Moral Education in Aristotle* Jude O. Mbukanma,2000* **Arete and Moral Education in Aristotle** James D. Sobredo,1988 *Aristotle's Ethics in the Italian Renaissance (ca. 1300-1650)* David Lines,2022-07-04 This volume studies the teaching of Aristotle s Nichomachean Ethics the standard textbook for moral philosophy in the universities of Renaissance Italy Special attention is given to how university commentaries on the Ethics reflect developments in educational theory and practice and in humanist Aristotelianism After surveying the fortune of the Ethics in the Latin West to 1650 and the work s place in the universities the discussion turns to Italian interpretations of the Ethics up to 1500 Part Two and then from 1500 to 1650 Part Three The focus is on the universities of Florence Pisa Padua Bologna and Rome including the Collegio Romano Five substantial appendices document the institutional context of moral philosophy and the Latin interpretations of the Ethics during the Italian Renaissance Largely based on archival and unpublished sources this study provides striking evidence for the continuing vitality of university Aristotelianism and for its fruitful interaction with humanism on the eve of the early modern era **Aristotle, Emotions, and Education** Kristján Kristjánsson,2016-04-15 What can Aristotle teach us that is relevant to contemporary moral and educational concerns What can we learn from him about the nature of moral development the justifiability and educability of emotions the possibility of friendship between parents and their children or the fundamental aims of teaching The message of this book is that Aristotle has much to teach us about those issues and many others In a formidable display of boundary breaking scholarship drawing upon the domains of philosophy education and psychology Kristj n Kristj nsson analyses and dispels myriad misconceptions about Aristotle s views on morality emotions and education that abound in the current literature including the claims of the emotional intelligence theorists that they have revitalised Aristotle s message for the present day The book proceeds by

enlightening and astute forays into areas covered by Aristotle's canonical works while simultaneously gauging their pertinence for recent trends in moral education This is an arresting book on how to balance the demands of head and heart a book that deepens the contemporary discourse on emotion cultivation and virtuous living and one that will excite any student of moral education whether academic or practitioner **Aristotle on Moral Education ...** Burke Aaron Hinsdale,

Aristotle and Xunzi on Shame, Moral Education, and the Good Life Jingyi Jenny Zhao, 2024 Despite recent developments in the history of emotions and in comparative studies sustained cross cultural comparative studies of the emotions remain few and far between Jingyi Jenny Zhao has produced the first major work that takes two philosophers from the ancient Greek and early Chinese traditions to stimulate discussion of an interdisciplinary nature on the rich and complex topic of the emotions in particular of shame It features comparative analysis of Greek and Chinese texts while bringing the ancient materials to bear on modern controversies such as the role of shame in moral education and social cohesion Although unlike in their social historical and intellectual backgrounds Aristotle and Xunzi bear striking similarities in several respects they both conceptualize humans as essentially members of communities as having a unique set of characteristics that set them apart from other living things and as beings in need of moral training to fulfil their potential and become integrated into a well ordered society The two philosophers' discourses on shame reveal important insights into their ideals of human nature moral education and the good life This book tackles directly the methodological problems that are relevant to anyone interested in cross cultural comparisons and organizes discussions of the ancient sources to facilitate a thorough integration of perspectives from the cultural traditions concerned This approach provides sufficient focus to allow for detailed textual analysis while giving scope for making constant connections to the broader comparative questions at issue **Character**

Education Wouter Sanderse, 2012 Many teachers want to contribute to children's moral development but this desire has not always resulted in a profound grasp of what moral education really means why it would be desirable and how it can best be achieved This book confronts these questions by examining what Aristotelian virtue ethics can illuminate about moral education At the same time it evaluates whether Aristotelian theory can still be useful for contemporary educational practice The argument culminates in a morally justified and psychologically realistic account of how virtue can best be taught in schools The approach called character education sees moral education not as enforcing rules or transferring values in separate subjects Instead it encourages teachers to be a morally exemplary teacher which is revealed through all kinds of small decisions and emotional reactions This philosophical essay takes a constructive but critical stance towards empirical research about the effectiveness of teaching methods and the realism of character traits **Virtue Ethics and Moral**

Education David Carr, Jan Steutel, 2005-06-22 This collection of original essays on virtue ethics and moral education seeks to fill this gap in the recent literature of moral education combining broader analyses with detailed coverage of the varieties of virtue weakness and integrity relativism and rival traditions means and methods of educating the virtues The rare

collaboration of professional ethical theorists and educational philosophers provides a ground breaking work and an exciting new focus in a growing area of research **Aristotle on the Necessity of Public Education** Randall R. Curren,2000-11-22

The book concludes that Aristotle's views yield a compelling argument for the claim that public supervision of education is a necessary condition for a just society It examines the implications and limitations of that argument including particularly the form and substance of the educational equality which it demands Contrasting it with other recent arguments for educational equality I conclude that it provides the most decisive argument for educational equality available but also that it does not establish a legitimate basis for a state monopoly on the provision of schooling and for ensuring its availability to everyone

Some privatization schemes but not others would be compatible with this result **Philosophical Foundations for Moral Education and Character Development** George F. McLean, Frederick Edward Ellrod,1992 Plato's Meno: a Dialogue on the Nature and Meaning of Education; Translated, with Explanatory Notes and Introduction and a Preliminary Essay on the Moral Education of the Greeks. By R. W. Mackay Plato,1869 **Aristotelian Character Education** Kristján

Kristjánsson,2015-04-17 This book provides a reconstruction of Aristotelian character education shedding new light on what moral character really is and how it can be highlighted measured nurtured and taught in current schooling Arguing that many recent approaches to character education understand character in exclusively amoral instrumentalist terms Kristjánsson proposes a coherent plausible and up to date concept retaining the overall structure of Aristotelian character education After discussing and debunking popular myths about Aristotelian character education subsequent chapters focus on the practical ramifications and methodologies of character education These include measuring virtue and morality asking whether Aristotelian character education can salvage the effects of bad upbringing and considering implications for teacher training and classroom practice The book rejuvenates time honoured principles of the development of virtues in young people at a time when character features prominently in educational agendas and parental concerns over school education systems Offering an interdisciplinary perspective which draws from the disciplines of education psychology philosophy and sociology this book will appeal to researchers academics and students wanting a greater insight into character education

Confucian Ritual and Moral Education Colin J. Lewis,2020-09-30 It is widely accepted that moral education is quintessential to facilitating and maintaining prosocial attitudes What moral education should entail and how it can be effectively pursued remain hotly disputed questions In Confucian Ritual and Moral Education Colin J Lewis examines these issues by appealing to two traditions that have until now escaped comparison Vygotsky's theory of learning and psychosocial development and ancient Confucianism's ritualized approach to moral education Lewis argues first that Vygotsky and the Confucians complement one another in a manner that enables a nuanced empirically sound understanding of how the Confucian ritual education model should be construed and how it could be deployed and second just as ritual education in the Confucian tradition can be explicated in terms of modern developmental theory this ancient notion of ritual can also serve as

a viable resource for moral education in a contemporary diverse world Ethics Education in the Military Nigel de Lee, Mr Don Carrick, Professor Paul Robinson, 2013-03-28 With formal ethics education programmes being a rarity in most countries armed forces there is a growing importance for servicemen to undergo additional military ethics training But how do we ensure that soldiers learn the right lessons from it Furthermore how can we achieve a uniformity of approach The current lack of uniformity about what constitutes ethical behaviour and how troops should be educated in it is potentially a cause for serious alarm This book advances knowledge and understanding of the issues associated with this subject by bringing together experts from around the world to analyze the content mode of instruction theoretical underpinnings and the effect of cultural and national differences within current ethics programmes It also explores whether such programmes are best run by military officers chaplains or academic philosophers and reflects whether it is feasible to develop common principles and approaches for the armed forces of all Western countries This is an invaluable volume for military academies and staff colleges to enhance understanding of a matter which requires much further thought and which is becoming a vital force in influencing outcomes on the battlefields of the twenty first century The book will primarily be of interest to military officers and others directly involved in ethics education in the military as well as to philosophers and students of military affairs

Conceptions of Childhood and Moral Education in Philosophy for Children Dina Mendonça, Florian Franken Figueiredo, 2022-01-11 Philosophy for Children P4C has long been considered as crucial for children s ethical and moral education and a decisive contribution for education for the democratic life The book gathers contributions from experts in the field who reflect on fundamental issues on how childhood and ethics are interrelated within the P4C movement The main interest of this volume is to offer an understanding of how different philosophical conceptions of childhood can be coordinated with different ethical and meta ethical philosophical considerations in P4C addressing topics such as P4C and relativism P4C and Virtue ethics ethics and emotions in P4C philosophical commitments and P4C application and Socratic practice within a pragmatist framework A thought provoking collection about how assumptions of particular philosophical conceptions of childhood modify moral and ethical education and a testimony of the undeniable contribution of P4C for moral education and reconceptualization of childhood **Moral Education** F. Clark Power, Ronald J. Nuzzi, Darcia Narvaez, Daniel K. Lapsley, Thomas C. Hunt, Terry L. Hunt, 2007-12-30 This work delves into the topic of moral education in America s K 12 schools Following an introductory historical chapter it analyzes salient topics and notable leaders in the field of moral education It treats the issues thoroughly and fairly providing a heightened understanding of both the major and minor themes in moral education The Evolution of Greek Moral Education ... Cecil Fairfield Lavell, 1911 Aristotle's First Principles Terence Irwin, 1990 Aristotle s reliance on dialectic as a method of philosophy appears to conflict with his metaphysical realist view of his conclusions This book explores Aristotle s philosophical method and the merits of his conclusions and shows how he defends dialectic against the objection that it cannot justify a metaphysical realist s claims The

author does not presuppose extensive previous acquaintance with Aristotle Greek texts are translated and Greek words transliterated

Moral Education In Aristotle Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Moral Education In Aristotle PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Moral Education In Aristotle PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who

make these resources available. In conclusion, the availability of Moral Education In Aristotle free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Moral Education In Aristotle Books

1. Where can I buy Moral Education In Aristotle books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
