## **Moral Teaching Of The New Testament:**

*The Moral Teaching of the New Testament* Rudolf Schnackenburg, 1965      *The Moral Teaching of the New Testament* Charles Adolphus Row, 1872      *The Moral Teaching of the New Testament* Charles Adolphus Row, 1873      **The Moral Teaching of the New Testament. A Lecture, Etc. [An Extract from "Popular Objections to Revealed Truth".]** Henry Allon, 1873      **Ethics and the New Testament** J. L. Houlden, 2004-06-14 In *Ethics and the New Testament* the author applies strict critical standards to the Gospels epistles and other writings which he examines in historical perspective His explanation of contemporary attitudes including gnosticism helps to clarify the structure of the *New Testament Ethics* Frank J. Matera, 1996-01-01 Neither Jesus nor Paul developed a formal ethical system yet each left a moral legacy that forms the core of New Testament ethics In this book Frank Matera examines the ethic found in the teachings of Jesus and Paul He explores the broad range of moral concerns found in these writings and finds an identifiable unity that underlies the ethical teachings of both      **Imitating Jesus** Richard A. Burrridge, 2007-10-22 In contrast to many studies of New Testament ethics which treat the New Testament in general and Paul in particular this book focuses on the person of Jesus himself Richard Burrridge maintains that imitating Jesus means following both his words which are very demanding ethical teachings and his deeds and example of being inclusive and accepting of everyone Burrridge carefully and systematically traces that combination of rigorous ethical instruction and inclusive community through the letters of Paul and the four Gospels treating specific ethical issues pertaining to each part of Scripture The book culminates with a chapter on apartheid as an ethical challenge to reading the New Testament using South Africa as a contemporary case study enables Burrridge to highlight and further apply his previous discussion and conclusions      *Alleged difficulties in the moral teaching of the new testament* Charles Adolphus Row, 1874      *Paul and Virtue Ethics* Daniel J Harrington, James Keenan, 2023-06-14 Two prestigious scholars serve up a gourmet banquet that blends the flavors of scripture and ethics without losing the distinctive tastes of each Richard M Gula professor of moral theology Franciscan School of Theology Graduate Theological Union In *Paul and Virtue Ethics* Daniel Harrington and James Keenan build upon their successful collaboration *Jesus and Virtue Ethics* to discuss the apostle Paul's teachings as a guide to interpret theology and ethics today Examining Paul's writings the authors investigate what they teach about the basic questions of virtue ethics Who am I Who do I want to become And how do I get there Their intent is not to provide stringent rules but to awaken discovery and encourage dialogue The book first considers the concept of virtue ethics an approach to ethics that emphasizes moral character and Paul's ethics in particular Next the authors focus on the virtues of faith love charity and hope as treated by Paul and Thomas Aquinas Closing the book with reflections on the roles of other virtues and vices in individual and communal Christian life the authors discuss various issues in social ethics and sexual morality as they are dealt with in Paul and in Christian virtue ethics today One could not ask for better guides than Harrington and Keenan Theological Studies Bringing the moral teaching of Paul and contemporary virtue ethics into dialogue

with each other Harrington and Keenan have done what others have only spoken about Frank J Matera The Andrew Kelly Ryan Professor of Biblical Studies The Catholic University of America A deeply learned yet broadly accessible volume a perfect book for an introductory course in theological ethics M Cathleen Kaveny Darald and Juliet Libby Professor of Law and Theology Boston College

**The Moral Teaching of Paul** Victor Paul Furnish, 2010-11-01 In this expanded and updated third edition of an important work respected Pauline scholar Victor Paul Furnish presents an analysis of some of Paul's most famous yet often misunderstood ethical teachings Dr Furnish enriches his discussion of key Pauline topics including sex marriage divorce homosexuality women in the church and the Church in the world He pays particular attention to the socio cultural context of Paul's ministry the complexity of his thought the character of his moral reasoning and the way his thought and reasoning may inform and challenge us today Victor Paul Furnish is University Distinguished Professor of New Testament Emeritus at Perkins School of Theology Southern Methodist University and general editor of the Abingdon New Testament Commentaries

**The Moral Vision of the New Testament** Richard B. Hays, 2013-07-30 A leading expert in New Testament ethics discovers in the biblical witness a unified ethical vision centered in the themes of community cross and new creation that has profound relevance in today's world Richard Hays shows how the New Testament provides moral guidance on the most troubling ethical issues of our time including violence divorce homosexuality and abortion

**Identity, Ethics, and Ethos in the New Testament** Jan G. van der Watt, 2012-02-13 The book deals with the relation between identity ethics and ethos in the New Testament The focus falls on the way in which the commandments or guidelines presented in the New Testament writings inform the behaviour of the intended recipients The habitual behaviour ethos of the different Christian communities in the New Testament are plotted and linked to their identity Apart from analytical categories like ethos ethics and identity that are clearly defined in the book efforts are also made to broaden the specific analytical categories related to ethical material The way in which for instance narratives proverbial expressions imagery etc inform the reader about the ethical demands or ethos is also explored

New Testament Micro-Ethics Raymond Kemp Anderson, 2018-10-09 Anderson shows how Early Christians' faith took root in a multicultural world just as diverse and conflicted as our own Their basic attitude turns out to have been one of astounding freedom not a cultus of rules but a matter of whole hearted response for they lived in conversation with the One whose love for all his wayward creatures is utterly tenacious We find ourselves continually surprised by an insistent grace that treasures all persons equally while exposing and deposing our evil Such faith still evokes basic confidence and we find ourselves ever again moved by gratitude and trusting each others Christ emboldened freedom If we are embraced by grace our becoming great again can only mean unlimited concern for all and free flowing interactive service The playful work ethic that ensues holds promise for our politically splintered post industrial age The New Testament's seed like ethical genotype still unfolds into a secure all embracing and mutually supportive sabbatic life stance What could be more relevant for our future in conflicted times

*The Moral Quest*

Stanley J. Grenz, 2016-09-27 Stanley J Grenz masterfully leads readers into a theological engagement with moral inquiry that is a first rate introduction to Christian ethics      **Catholic Moral Tradition, Revised** David Bohr, 2006-02-22 Too many Catholics tend to believe that morality is primarily about keeping laws and avoiding sin Catholic Moral Tradition Revised shows how from the beginning the Christian moral life is first and foremost about living our lives according to the new law of grace The gift of the Holy Spirit given us at baptism is a dynamic inner principle that transforms us into a new creation in Christ This book presents an introductory summary of contemporary Catholic moral teaching based upon the renewal mandated by the Second Vatican Council It also incorporates subsequent Church documents especially the moral encyclicals of John Paul II Veritatis Splendor and Evangelium Vitae along with his three encyclicals on Catholic social doctrine and the Catechism of the Catholic Church      The New Testament and Ethics Joel B. Green, 2013-12-03 This convenient text utilizes material from the well received Dictionary of Scripture and Ethics to introduce students to the use of the New Testament for moral formation This handy and affordable book by book survey of the New Testament contains key articles written by leading scholars and targeted to the needs of the classroom It will serve as an excellent supplementary text in New Testament courses The stellar list of contributors includes Robert Brawley Bruce Chilton Charles Cosgrove David deSilva Victor Paul Furnish and Glen Harold Stassen      Key Approaches to Biblical Ethics , 2021-01-25 The purpose of Key Approaches to Biblical Ethics is to address fundamental as well as practical questions of methodology in examining the ethical material of the Bible Sixteen scholars of international reputation most of them leaders in the field of biblical ethics discuss questions of biblical interpretation from the perspectives of the Hebrew Bible and New Testament ethics in close dialogue with one another In the present volume both established and new approaches to biblical ethics are presented and discussed The result is a volume of unprecedented scholarly interaction that provides key insights into issues of biblical ethics that play a significant role both for biblical interpretation as well as for methodological questions in Jewish and Christian ethics today      **Ephesians** Ernest Best, 1998-01-01 A major introduction translation and verse by verse commentary Professor Best provides an overall view of Ephesians which demonstrates the power and consistency of its author s work Among the many important elements in this commentary Ernest Best explores for example the relationship between the primarily theological aspects of Ephesians which concentrate on the nature of the church and the primarily ethical aspects which concentrate on the behaviour of members of Christian communities towards one another An indispensable reference for scholars students and clergy      *The Use of the Bible in Christian Ethics* Thomas W. Ogletree, 2003-01-01 In this book Thomas Ogletree seeks to establish common ground between biblical understandings and contemporary ethical inquiry Drawing upon phenomenological investigations he criticizes and modifies some of the most prominent conceptions of ethics and moves toward a more coherent and comprehensive ethical theory Guided by this theory he critically engages selected biblical treatments of the moral life placing special emphasis on biblical accounts of

eschatology in its import for the ordered life of emerging Christian communities
