The

Jerusalem Tradition in the Late Second Temple Period Heerak Christian Kim, 2007 The Late Second Temple Period c 200 BC to 70 AD was a period of intense social changes for the Jewish people During this period the Jewish people experienced a Syrian king defiling the Jerusalem Temple the Maccabean Revolt the celebration of Hanukkah the establishment of a competing Jewish temple in Egypt and the destruction of the Jerusalem Temple During this time Jews spread out all over the Diaspora The turmoil and the lack of visible cohesion have led many scholars to argue that there was no Jewish unity and no distinguishable Jewish identity in this time period This book argues against this trend in academia and posits that a strong Jerusalem tradition unified the Jewish people Book jacket *Following God Through Mark* Ira Brent Driggers, 2007-01-01 Ira Brent Driggers examines the character of God as portrayed in the Gospel of Mark paying particular attention to the way God factors into the unfolding conflict between Jesus and his disciples Arguing that Mark depicts God as acting in two logically opposite ways both independently of Jesus as a distinct character and through Jesus possessing him from his baptism he adds a level of complexity to Mark's portrayal of Jesus and sheds new light on the most enigmatic feature of Mark's narrative the consistent and troubling misunderstanding of the disciples Recognition and the Resurrection Appearances of Luke 24 Alexander Phillip Thompson, 2023-01-30 How are the resurrection appearances of Luke's Gospel shaped to offer a climax to the narrative How does this narrative conclusion compare to the wider ancient literary milieu Recognition and the Resurrection Appearances of Luke 24 proposes that the ancient literary technique of recognition offers a compelling lens through which to understand the climatic role of the resurrection appearances of Jesus as depicted in Luke 24 After presenting the development of recognition in ancient Jewish and Greco Roman literature Thompson demonstrates how Luke 24 deploys the recognition tradition to shape the form and function of the resurrection appearances The ancient recognition tradition not only casts light on various literary and theological features of the chapter but also shapes the way the appearances function in the wider narrative By utilizing recognition Luke 24 generates cognitive affective commissive and hermeneutical functions for the characters internal to the narrative and for the audience The result is a compelling climax to Luke's Gospel that resonates with Luke's wider literary and theological themes This work offers a compelling analysis of the Luke's Gospel in the ancient literary context in light of the ancient technique of recognition that will appeal to those interested in narrative approaches to the New Testament or the interpretation of the New Testament in the wider literary milieu **The Beginning** Arnold Ehrhardt, 1968 **How We Got the New Testament ()** Stanley E. Porter, 2013-11-05 2013 Word Guild Award Biblical Studies A recognized expert in New Testament Greek offers a historical understanding of the writing transmission and translation of the New Testament and provides cutting edge insights into how we got the New Testament in its ancient Greek and modern English forms In part responding to those who question the New Testament's reliability Stanley Porter rigorously defends the traditional goals of textual criticism to establish the original text He reveals fascinating details about the earliest New Testament manuscripts and shows that the textual evidence supports an

early date for the New Testament's formation. He also explores the vital role translation plays in biblical understanding and evaluates various translation theories. The book offers a student-level summary of a vast amount of historical and textual information.
