Policing Interwar Europe G. Blaney,2006-11-28 In the convulsive environment that followed World War I and the Russian Revolution the issues of policing and public order were of primary importance to the various governments of Interwar Europe The book features original research on 10 different countries and will be vitally useful for students and academics of 20th century Europe

Materials Survey United States. Bureau of Mines,1953 **Finnegans Wakes** Patrick O'Neill,2022-03-01 James Joyce s astonishing final text *Finnegans Wake* 1939 is universally acknowledged to be entirely untranslatable And yet no fewer than fifteen complete renderings of the 628 page text exist to date in twelve different languages altogether and at least ten further complete renderings have been announced as underway for publication in the early 2020s in nine different languages *Finnegans Wakes* delineates for the first time in any language the international history of these renderings and discusses the multiple issues faced by translators The book also comments on partial and fragmentary renderings from some thirty languages altogether including such perhaps unexpected languages as Galician Guarani Chinese Korean Turkish and Irish not to mention Latin and Ancient Egyptian Excerpts from individual renderings are analysed in detail together with brief biographical notes on numerous individual translators Chronicling renderings spanning multiple decades *Finnegans Wakes*

illustrates the capacity of Joyce's final text to generate an inexhaustible multiplicity of possible meanings among the ever increasing number of its impossible translations

Premodern History and Art through the Prism of Gender in East Central Europe is a representative collection of current Czech research in premodern history and art history using gender as a tool of analysis The common denominators of the texts collected in this volume are the art history of the premodern period gender perspectives and to a certain degree the Czech milieu The book is divided into four parts based on area of interest time frame and research perspective The first part sheds light on the state of research in the field of women s history along with the implementation of the concept of gender and highlights a certain paradigmatic conservatism of Czech art historiography The second gathers contributions that analyze visual sources of Czech origin The third includes texts that analyze gender issues on the level of literary representation The final part presents two case studies that involve analysis of the premodern West European source base Rywíkov and Malan kov present this volume as an innovative way to introduce this specific segment of Central European art history to a broader audience in global academia *Yoga Journal* ,2003-11 For more than 30 years Yoga Journal has been helping readers achieve the balance and well being they seek in their everyday lives With every issue Yoga Journal strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds We are dedicated to providing in depth thoughtful editorial on topics such as yoga food nutrition fitness wellness travel and fashion and beauty

Schooling under control Tomáš Cvrček,2020-06-17 Tomas Cvrcek offers a re evaluation of the Theresian school reform of 1774 and its consequences using statistical data on schooling produced by the public administration As the most comprehensive examination of this vast body of statistical material to date the book assesses the reliability of these sources their proper interpretation and their limitations in order to shed light on questions such as the extent of the school network the degree of enforcement of compulsory schooling the rate of enrolment and attendance the level of financing the social and economic position of teachers and the political economy of schooling provision Covering a period from the reform s inception

to the liberal overhaul in 1869 the statistical analysis reveals that by most measures the introduction of universal elementary schooling was much less successful than has been thought Even the most advanced crown lands did not see ninety percent of their school age children in classrooms until fifty years after the reform and there were many areas where schooling made no inroads until shortly before the First World War In contrast to much of the previous literature that blamed incompetence and half hearted implementation of the policy for these shortcomings the author argues that the fundamental flaw lay in the policy s design and specifically in the imperial government s insistence on control and enforced uniformity of schooling throughout the realm The slow development of Austrian schooling thus resulted from the inflexibility of the very policy that was supposed to speed it up

The Czechoslovak Republic ,1919 **Agricultural Schools in Czecho-Slovakia** Fr Sitenský,1919 **Rhythms and Rhymes of Life** Miriam Gazzah,2008 A study of the role of music and youth culture in the identification procces of Dutch Moroccan youth Through an Ethnic Prism Stephen M. Thomas (□),2021-11-08 This book meticulously recreates the most important episodes in Czech German relations in what is now the Czech Republic Drawing on extensive archival research Stephen M Thomas depicts the formation of the Czechoslovak Republic from the ruined Austro Hungarian empire and examines political and public life between world wars via the ethnic rivalry between Germans and Czechs He questions the nature legitimacy and political viability of the nation state and especially its relationship to ethnic minorities such as the Slovaks Confrontational nationalism and the use of ethnicity as a political tool are no less common today than they were in the 20th century This book s radical contribution to studies of nationalism and ethnicity is that it juxtaposes German and Czech perspectives of power and oppression as part of the same story This framework allows us to appreciate new complexities regarding the creation of Czechoslovakia and ponder them in 21st century terms
