*Street Ballads in Nineteenth-Century Britain, Ireland, and North America* David Atkinson, Steve Roud, 2016-04-01 In recent years the assumption that traditional songs originated from a primarily oral tradition has been challenged by research into street literature that is the cheap printed broadsides and chapbooks that poured from the presses of jobbing printers from the late sixteenth century until the beginning of the twentieth. Not only are some traditional singers known to have learned songs from printed sources but most of the songs were composed by professional writers and reached the populace in printed form. *Street Ballads in Nineteenth Century Britain Ireland and North America* engages with the long running debate over the origin of traditional songs by examining street literature's interaction with and influence on oral traditions.

**Later English Broadside Ballads** John Holloway, 2005-09 Lively exciting amusing this collection of ballads reveal the bawdy anarchic sub culture of England before the Industrial Revolution. Drawn from the eighteenth and early nineteenth centuries it demonstrates the great wealth and variety of the English broadside ballads during these periods. At this time political balladry was rife and Irish ballads began to be composed in English their distinctive background giving them a unique range of poetry. Indeed these ballads represent an extensive varied and important area of English literature. Written as the editors observe to provide a moment in which listeners could enjoy verse wit and song they very much reflect the lively observation love of detail and social awareness of the age of the novel. This volume includes 127 ballads ranging from *Admiral Benbow* and *The Jolly Bacchanal* to *The Bottle the Best Companion* and *The Young Man's Fortune*. Reprinted from contemporary or near contemporary broadsides in the Madden Collection at the University Library Cambridge the head and tail blocks a distinguished feature of the original texts are also reproduced for this edition. The introduction is designed to enable individuals to read the texts in perspective and with pleasure. The book further includes a select bibliography and an index of ballad titles. This book was first published in 1975.      *The Forgotten Songs of the Newfoundland Outports* Anna Kearney Guigné, 2016-12-12 In 1951 musician Kenneth Peacock 1922-2000 secured a contract from the National Museum of Canada today the Canadian Museum of History to collect folksongs in Newfoundland. As the province had recently joined Confederation the project was deemed a goodwill gesture while at the same time adding to the Museum's meager Anglophone archival collections. Between 1951 and 1961 over the course of six field visits Peacock collected 766 songs and melodies from 118 singers in 38 communities later publishing two thirds of this material in a three volume collection *Songs of the Newfoundland Outports* 1965. As the publication consists of over 1000 pages *Outports* is considered to be a bible for Newfoundland singers and a valuable resource for researchers. However Peacock's treatment of the material by way of tune text collations use of lines and stanzas from unpublished songs has always been somewhat controversial. Additionally

comparison of the field collection with Outports indicates that although Peacock acquired a range of material his personal preferences frequently guided his publishing agenda To ensure that the songs closely correspond to what the singers presented to Peacock the collection has been prepared by drawing on Peacock's original music and textual notes and his original field recordings The collection is far ranging and eclectic in that it includes British and American broadsides musical hall and vaudeville material alongside country and western songs and local compositions It also highlights the influence of popular media on the Newfoundland song tradition and contextualizes a number of locally composed songs In this sense it provides a key link between what Peacock actually recorded and the material he eventually published As several of the songs have not previously appeared in the standard Newfoundland collections The Forgotten Songs sheds new light on the extent of Peacock's collecting The collection includes 125 songs arranged under 113 titles along with extensive notes on the songs and brief biographies of the 58 singers Thanks to the Research Centre for the Study of Music Media and Place a video of the launch event held in St John's Newfoundland is available at <https://www.youtube.com/watch?v=ghj6E6QiLI&t=21s> Published in English

Irish Street Ballads John Hand, 1980-01-01 *Fragments and Meaning in Traditional Song* Mary-Ann Constantine, Gerald Porter, 2003-08-07 This book takes a radical approach to the study of traditional songs Folk song scholarship was originally obsessed with notions of completeness and narrative coherence even now long narratives hold a privileged place in most folk song canons Yet field notebooks and recordings and increasingly publications overwhelmingly suggest that apparently broken and drastically shortened versions are not perceived as incomplete by those who sing them Dealing with a wide range of traditions and languages this study turns the focus on these dog ends of oral tradition and looks closely at how very short texts convey meaning in performance by working the audience's knowledge of a highly allusive idiom What emerges is the tenacity of meaning in the connotative and metaphorical language of traditional song and the extraordinary adaptability of songs in different cultural contexts Such pieces have a strong metonymic force they should not be seen as residual last leaves of a once complete tradition but as dynamic elements in the process of oral transmission Not all song fragments remain in their natural environment and this book also explores relocations and dislocations as songs are adapted to new contexts a ballad of love and death is used to count pins in lace making song snippets trail subversive meanings in the novels of Charles Dickens Because they are variable and elusive to dating songs have had little attention from the literary establishment the authors show both how certain critical approaches can be fruitfully applied to song texts and how concepts from studies in oral traditions prefigure aspects of contemporary critical theory Like the songs themselves this book crosses and recrosses the perceived divide between the literary and the oral Coverage includes English Welsh Breton American and Finnish songs

*Paul Clayton and the Folksong Revival* Bob Coltman, 2008-09-05 Paul Clayton and the Folksong Revival is the first biography of the folk singer and song collector Paul Clayton 1931-1967 Preeminently a scholar balladeer Clayton is credited with the Top Ten hit Gotta Travel On and single handedly brought hundreds of obscure

Pittock,2006-11-02 The project of this book is to question and rewrite assumptions about the nature of the Augustan era through an exploration of Jacobite ideology Taking as its starting point the fundamental ambivalence of the Augustan concept the author studies canonical and non canonical literature and uncovers a new four nations literary history of the period defined in terms of struggle for control of the language of authority between Jacobite and Hanoverian writers This struggle is seen to have crystallized Irish and Scottish opposition to the British state The Jacobite cause generated powerful popular literature and the sources explored include ballads broadsides and writing in Scots Irish Welsh and Gaelic The author concludes that the literary history we inherit is built on the political outcome of the Revolution of 1688

century Ireland      **Irish Literature: Street songs** Justin McCarthy, Maurice Francis Egan, Charles Welsh, Douglas Hyde, Lady Gregory, James Jeffrey Roche, 1904      **The Stars of Ballymenone, New Edition** Henry Glassie, 2016-09-12 In the time of the Troubles when bombs blew through the night and soldiers prowled down the roads Henry Glassie came to the Irish borderland to learn how country people endure through history He settled into the farming community of Ballymenone beside Lough Erne in the County Fermanagh and listened to the old people For a decade he heard and recorded the stories and songs in which they outlined their culture recounted their history and pictured their world In their view their world was one of love defeat and uncertainty demanding the virtues of endurance faith bravery and wit Glassie's task in this book is to set the scene to sketch the backdrop and clear the stage so that Hugh Nolan and Michael Boyle Peter Flanagan Ellen Cutler and their neighbors can tell their own tale which explains their conditions and converts them into a tragedy of conflict and a comedy of the absurd It gathers the saints and warriors and celebrates the stars whose wit enabled endurance in days of violence and deprivation With patience and respect Glassie describes life in a time and a place exactly like no other and yet Ballymenone is like a thousand other places where people work on the land during the day and tell their own tales at night forgotten while the men of power fill the newspapers and history books by sending poor boys out to be killed The Stars of Ballymenone is an integrated analysis of the complete repertory of verbal art from a rural community where storytelling and singing of quality remained a part of daily life
