## **Patrick J Hurley And American Foreign Policy:**

**Patrick J. Hurley and American Foreign Policy** Russell D. Buhite, 1973      **Franklin D. Roosevelt and American Foreign Policy, 1932-1945** Robert Dallek, 1995-05-25 Since the original publication of this classic book in 1979 Roosevelt's foreign policy has come under attack on three main points Was Roosevelt responsible for the confrontation with Japan that led to the attack at Pearl Harbor Did Roosevelt give away Eastern Europe to Stalin and the U S S R at Yalta And most significantly did Roosevelt abandon Europe's Jews to the Holocaust making no direct effort to aid them In a new Afterword to his definitive history Dallek vigorously and brilliantly defends Roosevelt's policy He emphasizes how Roosevelt operated as a master politician in maintaining a national consensus for his foreign policy throughout his presidency and how he brilliantly achieved his policy and military goals      **George F. Kennan and the Making of American Foreign Policy, 1947-1950** Wilson D. Miscamble, 1992 Discussion and decision within the State Department and beyond Miscamble argues that American foreign policy from 1947 to 1950 was not simply a working out of a clearly delineated strategy of containment Far from dictating policies the famous containment doctrine was formed by them in a piecemeal and pragmatic manner      The Cambridge History of American Foreign Relations: Volume 4, America in the Age of Soviet Power, 1945-1991 Warren I. Cohen, 1993 Happily the new four volume book provides an opportunity to scan the past two centuries for indications of the shape of foreign policy in the post Cold War world Each of the four books stands on its own Each offers a clear overview of a particular period written by a distinguished historian drawing on considerable body of research itself the product of decades of scholarly endeavor None is simply a chronicle of events World Policy Journal      **Presidents and Foreign Policy** Edward R. Drachman, Alan Shank, 1997-04-25 Presidents and Foreign Policy examines countdowns to ten important and controversial decisions in the post World War II period using the case study approach The authors include one major controversy for each president from Truman to Clinton The cases cover central issues of diplomacy war and peace and covert action that shaped the Cold War period and its aftermath in all major areas of the world After reviewing the historical background of each decision each case examines the foreign and domestic policy context the effectiveness of presidential decision making and results of the decision The reader is challenged to think about each decision by responding to a unique evaluation scheme the authors developed and tested      **Foreign Relations of the United States** United States. Department of State, 1969      A Decade of American Foreign Policy United States. Congress. Senate. Committee on Foreign Relations, 1950 Has supplement American foreign policy basic documents 1950 1955      **American Foreign Policy in Growth and Action** Hilton Proctor Goss, Charles Marion Thomas, 1959      Hearings, Reports and Prints of the Senate Committee on Foreign Relations United States. Congress. Senate. Committee on Foreign Relations, 1972      FDR's Ambassadors and the Diplomacy of Crisis David Mayers, 2013 A fascinating history of American diplomacy in the Second World War and the ways US ambassadors shaped formal foreign policy      *United States Foreign Policy and the Middle East/North Africa* Sanford R. Silverburg, Bernard

Reich, 2015-07-16 This bibliography first published in 1990 is a result of a quarter century professional and personal relationship between two academics interested in Middle East studies The comprehensive bibliography consists of western primarily English language sources published through 1988 and early 1989 concerning foreign policy toward the Middle East and North Africa during the twentieth century Included are materials that deal directly with the topic material that has appeared in published form ie books monographs essays and articles Also included are some non published items most importantly American and British doctoral dissertations and master s theses U.S.-Chinese Relations Robert G. Sutter, 2013-08-08 This lucid assessment of the historical and contemporary determinants of Sino American relations now comprehensively updated explains the conflicted engagement between the two governments Offering a welcome richness of discussion and analysis distinguished analyst Robert G Sutter explores the twists and turns of the relationship over the past two hundred years The mixed historical record convincingly shows that strong differences and mutual suspicions persist only partly overridden by a mutual pragmatism that shifts with circumstances Sutter judiciously considers the evolution and status of current areas of convergence and divergence in the relationship He identifies key domestic and international factors that have led to the current positive but fragile equilibrium and what is at stake for the respective interests of the United States and China and for international stability As the only book on the subject that combines a unified assessment of the historical evolution contemporary status and likely prospects of U S Chinese relations this balanced and pragmatic study will be an essential resource for all concerned with the globe s most crucial bilateral partnership Perceptions of China and White House Decision-Making, 1941-1963 Adam S.R. Bartley, 2019-11-26 This book assesses and evaluates the decision making behavior of United States presidents and their chief advisers from Roosevelt to Kennedy pertaining to China Seeking to dispel with the notion that each administration sought policy outcomes on the basis of a rational decision making model Bartley highlights the contradictions of adopted presidential decision making processes and the nature of domestic politics as playing prejudicial and debilitating roles The book demonstrates that elite decision making processes interacted with assumptions made about Chinese behavior interests and attitudes only superficially and in some cases not at all Misinformation and misperception were the natural outcomes Reinforced by the politics of McCarthyism at home intellectual debate on China policy was squashed parochialism and nuance were shunned and information was closed off Ultimately a divorce between the norm of behavior and the search for rational policy was registered in each administration The net result was a lasting and destructive cognitive dissonance to fit expectations of a China reality constructed information was ignored overlooked and distorted Offering new insights into the China policies of consecutive administrations from 1941 to 1963 this volume will be of great interest to scholars and students of American foreign policy security studies and international relations *The Cold War* Spencer C. Tucker, 2020-10-27 This sweeping reference work covers every aspect of the Cold War from its ignition in the ashes of World War II through the Berlin Wall and the Cuban Missile Crisis to the collapse of the

Soviet Union in 1991 The Cold War superpower face off between the Soviet Union and the United States dominated international affairs in the second half of the 20th century and still reverberates around the world today This comprehensive and insightful multivolume set provides authoritative entries on all aspects of this world changing event including wars new military technologies diplomatic initiatives espionage activities important individuals and organizations economic developments societal and cultural events and more This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict The work begins with a preface and introduction and then offers illuminating introductory essays on the origins and course of the Cold War which are followed by some 1 500 entries on key individuals wars battles weapons systems diplomacy politics economics and art and culture Each entry has cross references and a list of books for further reading The text includes more than 100 key primary source documents a detailed chronology a glossary and a selective bibliography Numerous illustrations and maps are inset throughout to provide additional context to the material

*Secretaries of War and Secretaries of the Army* William Gardner Bell, 2003 *The US, the UK and Saudi Arabia in World War II* Matthew Hinds, 2016-02-17 The story of Anglo American relations in Saudi Arabia during the Second World War has generally been viewed as one of discord and hegemonic rivalry a perspective reinforced by a tendency to consider Britain's decline and the ascent of US power as inevitable In this engaging and timely study Matthew Hinds calls into question such assumptions and reveals a relationship that though hard nosed functioned through interdependence and strategic parity Drawing upon an array of archives from both sides of the Atlantic Hinds traces the flow of key events and policies as well as the leading figures who shaped events to show why how and to what extent the allies and Saudi Arabia became mixed up together in the words of Winston Churchill Perhaps most fundamentally Britain and the United States were enthralled by the promise of Saudi Arabia serving as an auxiliary to Allied strategy Obtaining King Ibn Saud's tacit support or more specifically his benevolent neutrality meant having vital access not only to the country's prospective oil reserves but to its prized geographic location its centrality within Islam and as international politics increasingly followed an anti colonial path to its credentials as a sovereign and independent Arab state Given what was at stake London and Washington saw their engagement in Saudi Arabia as seminal a genuine blueprint for how to forge a lasting Special Relationship throughout the Middle East Hinds bold new interpretation is a vital work that enlarges our understanding of the Anglo American wartime
