Paul G Hoffman Architect Of Foreign Aid:

Paul G. Hoffman Alan R. Raucher, 2014-07-15 Having gained fame and success in business Paul G Hoffman went on to become involved in a wide range of public concerns In this new and revealing biography Alan R Raucher provides the first assessment of Hoffman s entire career beginning with his rise to the presidency of Studebaker and his success in applying progressive management to lift it from bankruptcy to profitability A firm believer in the automobile Hoffman became known as a sales genius as a promoter of the new human relations approach to labor management and as the industry s apostle of automotive safety Raucher follows the movement of Hoffman s career into the broad public arena Having developed a reputation as a progressive industrial statesman Hoffman was a logical choice in 1948 to become the first administrator of the Marshall Plan a key position in which he used economic foreign aid primarily to rebuild Western Europe in order to contain the spread of Communism As the Cold War continued he came to regard economic foreign aid as a necessary sacrifice and dismissed all suggestions that the U S actually gave away billions of dollars in order to promote its own prosperity Hoffman became convinced that foreign aid could promote peace and prosperity especially through economic development in the poorer countries As the first president of the new Ford Foundation as a confidant of President Eisenhower and as a top official of the U N Secretariat from the late 1950s to the early 1970s Hoffman continued to confront the problems of the emerging Third World in a career that sheds light on the rise of the powerful development establishment and on its attitudes and policies *George F. Kennan and the Making of American Foreign Policy, 1947-1950* Wilson D. Miscamble, 1992 Discussion and decision within the State Department and beyond Miscamble argues that American foreign policy from 1947 to 1950 was not simply a working out of a clearly delineated strategy of containment Far from dictating policies the famous containment doctrine was formed by them in a piecemeal and pragmatic manner **Post-War Business Planners in the United States, 1939-48** Charlie Whitham, 2016-10-20 During the Second World War several independent business organizations in the US devoted considerable energy to formulating and advocating social and economic policy options for the US government for implementation after the war This planning community of far sighted businessmen joined with academics and government officials in a nationwide endeavor to ensure that the colossal levels of productivity achieved by the US during wartime continued into the peace At its core this effort was part of a wider struggle between liberals moderates and conservatives over determining the economic and social responsibilities of government in the new post war order In this book Charlie Whitham draws on an abundance of unpublished primary material from private and public archives that includes the minutes memoranda policy statements and research studies of the major post war business planning organisations on a wide range of topics including monetary policy demobilization labor policy international trade and foreign affairs This is the untold story of how the post war business planners of all hues helped shape the moderate consensus which prevailed after 1945 over a permanent but limited government responsibility for fiscal welfare and labor affairs advanced

American interests overseas and established

The Globalization of Legal Education Bryant G. Garth, Gregory C. Shaffer, 2022 Legal academics and practitioners in recent decades increasingly emphasize the so called globalization of legal education The diffusion of the Juris Doctor JD degree to Australia Hong Kong Japan and South Korea as well as the advent of a very similar Juris Master JM degree in China and a shift in the late 1980s and beyond to a new US influenced format in India exemplify shifts toward US legal education practices Flood 2014 The global and Americanizing trend is evident on the web sites of law schools around the globe with many law schools competing to be the most global in terms of their faculty curricula teaching methods and students Less pronounced but related to the literature on legal globalization is that on transnationalization and transnational processes which is a strong component of the move toward globalization in legal education As this book shows if we look to see what is celebrated as part of globalized law schools and faculties we see increased cross border flows of professors and students teaching of transnational legal subjects development of particular forms of teaching practice such as legal clinics explicit focus on transnational rankings and transnationalized scholarly communities sharing teaching and research methods and approaches across domains of law

The End of Empathy John W. Compton, 2020-05-01 When polling data showed that an overwhelming 81% of white evangelicals had voted for Donald Trump in the 2016 presidential election commentators across the political spectrum were left aghast Even for a community that had been tracking further and further right for decades this support seemed decidedly out of step How after all could an amoral twice divorced businessman from New York garner such devoted admiration from the most vociferous of values voters That this same group had not a century earlier rallied national support for such progressive causes as a federal minimum wage child labor laws and civil rights made the Trump shift even harder to square In *The End of Empathy* John W. Compton presents a nuanced portrait of the changing values of evangelical voters over the course of the last century To explain the rise of white Protestant social concern in the latter part of the nineteenth century and its sudden demise at the end of the twentieth Compton argues that religious conviction by itself is rarely sufficient to motivate empathetic political behavior When believers do act empathetically championing reforms that transfer resources or political influence to less privileged groups within society for example it is typically because strong religious institutions have compelled them to do so Citizens throughout the previous century had sought membership in churches as a means of ensuring upward mobility but a deterioration of mainline Protestant authority that started in the 1960s led large groups of white suburbanites to shift away from the mainline Protestant churches There to pick up the slack were larger evangelical congregations with conservative leaders who discouraged attempts by the government to promote a more equitable distribution of wealth and political authority That shift Compton argues explains the larger revolution in white Protestantism that brought us to this political moment

Crucible of Power Howard Jones, 2009 Employing a narrative approach that uncovers the tangled and often confusing nature of foreign affairs *Crucible of Power* focuses on the personalities security interests and post war Cold War

tendencies behind the formulation and implementation of U S foreign policy since 1945 The book includes updated coverage of the Bush administration s foreign policy with particular emphasis on the Middle East Selections from key foreign policy documents appear in each chapter *Congressional Record* United States. Congress,1974 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **The Oxford Handbook on the United Nations** Thomas G. Weiss,Sam Daws,2018-06-28 This Handbook provides in one volume an authoritative and independent treatment of the UN s seventy year history written by an international cast of more than 50 distinguished scholars analysts and practitioners It provides a clear and penetrating examination of the UN s development since 1945 and the challenges and opportunities now facing the organization It assesses the implications for the UN of rapid changes in the world from technological innovation to shifting foreign policy priorities and the UN s future place in a changing multilateral landscape Citations and additional readings contain a wealth of primary and secondary references to the history politics and law of the world organization This key reference also contains appendices of the UN Charter the Statute of the International Court of Justice and the Universal Declaration of Human Rights **Corporate Conservatives Go to War** Charlie Whitham,2020-05-30 World War II presented a unique opportunity for American business to improve its reputation after years of censure for inflicting the Great Depression upon the nation No employers organization worked harder or devoted greater resources to reviving business prestige during the war than the National Association of Manufacturers which spent millions of dollars on promoting the indispensability of private enterprise to the successful mobilization of the American economy in an uncompromising multi media campaign which spanned the factory floor to the movie theatre Now using unpublished primary sources the full extent of the NAM s wartime mission to raise the stature of American business in the post war era is revealed During the war the NAM erected a vast structure of research on an unprecedented scale numbering more than one hundred persons dedicated to planning the best solutions for restoring American free enterprise capitalism after the war in a direct challenge to the liberal prescriptions of the reigning administration These studies were painstakingly assembled and widely distributed and served as a complimentary arm to the better known pro business propaganda message of the organization What emerges is a unique and telling glimpse into the minds of the corporate class of wartime America that reveals the determination of a major employers organization to exploit the exceptional circumstances of total war to influence both the power brokers in Washington who wrote economic policy and the American public as a whole to embrace a post war future ruled by private enterprise capitalism *Moralizing Capitalism* Stefan Berger,Alexandra Przyrembel,2019-07-26 This book adds a crucial focus on morality to the growing literature on the history of capitalism by exploring social and cultural perspectives on the

economic order that has dominated the modern world Taking the study beyond narrow economic confines it traces the entanglement between moral sentiments and capitalism examining both moral critiques and moral justifications Company bankruptcies systems of taxation wealth and the running of stock exchanges were attacked on moral grounds while ideas of economic justice and the humanization of capitalism loomed large over moral critiques Many movements from antislavery to labour campaigns were inspired by aspirations to improve capitalism and halt the moral decay that was felt to have affected large sections of society This book questions how moral sentiments are defined and have changed over time and how these relate to both capitalism and anti capitalism Covering a range of different social movements and ethical issues the 13 chapters present a moral history of capitalism understood not simply as an economic system but as an order that encompasses all areas of modern life

The Origins of European Integration Mathieu Segers, 2023-11-30 Bringing together political diplomatic economic cultural and contemporary history this book explores why and how European integration came to pass It tells a fascinating story of ideals and realpolitik political dreams and geographical realities and planning and chaos Mathieu Segers reveals that the roots of today's European Union lie deep in Europe's past and encompass more than war and peace or diplomacy and economics Based on original archival and primary source research Segers provides an integrated history of the beginnings of European integration and the emergence of post war Western Europe and today's European Union *The Origins of European Integration* offers a broad perspective on the genealogy of post war Western Europe providing readers with a deeper understanding of contemporary European history and the history of transatlantic relations

Shaky Foundations Mark Solovey, 2013-02-08 Numerous popular and scholarly accounts have exposed the deep impact of patrons on the production of scientific knowledge and its applications *Shaky Foundations* provides the first extensive examination of a new patronage system for the social sciences that emerged in the early Cold War years and took more definite shape during the 1950s and early 1960s a period of enormous expansion in American social science By focusing on the military the Ford Foundation and the National Science Foundation Mark Solovey shows how this patronage system presented social scientists and other interested parties including natural scientists and politicians with new opportunities to work out the scientific identity social implications and public policy uses of academic social research Solovey also examines significant criticisms of the new patronage system which contributed to widespread efforts to rethink and reshape the politics patronage social science nexus starting in the mid 1960s Based on extensive archival research *Shaky Foundations* addresses fundamental questions about the intellectual foundations of the social sciences their relationships with the natural sciences and the humanities and the political and ideological import of academic social inquiry

The Eisenhower Years Michael S. Mayer, 2009 The 34th U S president to hold office Dwight D Eisenhower won America over with his irresistible I like Ike slogan Bringing to the presidency his prestige as a commanding general during World War II he worked incessantly during his two terms to ease the tensions of the cold war Pursuing the moderate policies of Modern Republicanism he left a

legacy of a stronger and more powerful nation From his crucial role in support of Brown v Board of Education to the National Defense Education Act The Eisenhower Years provides a well balanced study of these politically charged years Biographical entries on key figures of the Eisenhower era such as Allen W Dulles Joseph R McCarthy and Rosa Parks combine with speeches such as the Military Industrial Complex speech the Open Skies proposal the disturbance at Little Rock address Eisenhower Doctrine and his speech after the Soviet launch of Sputnik to give an in depth look at the executive actions of this administration

Philanthropy in America Olivier Zunz,2014-03-10 How philanthropy has shaped America in the twentieth century American philanthropy today expands knowledge champions social movements defines active citizenship influences policymaking and addresses humanitarian crises How did philanthropy become such a powerful and integral force in American society Philanthropy in America is the first book to explore in depth the twentieth century growth of this unique phenomenon Ranging from the influential large scale foundations established by tycoons such as John D Rockefeller Sr and the mass mobilization of small donors by the Red Cross and March of Dimes to the recent social advocacy of individuals like Bill Gates and George Soros respected historian Olivier Zunz chronicles the tight connections between private giving and public affairs and shows how this union has enlarged democracy and shaped history Demonstrating that America has cultivated and relied on philanthropy more than any other country Philanthropy in America examines how giving for the betterment of all became embedded in the fabric of the nation s civic democracy

A Genius for Confusion Richard M. Fried,2022-10-15 This new biography of Joseph R McCarthy shows how the Wisconsin Senator s campaign against American Communists prized sensation above truth McCarthy often put aside his hunt for Reds while he pursued his anti communist critics He fought foes not just with noisy accusations but with covert gossip He was gullible enough that some con artists managed to lure him on wild goose chases The man who charged others with being dupes was sometimes one himself Historian Fried s book builds on over a decade s research in a multitude of sources many of them newly opened not just McCarthy s own papers but those of forty seven Senate colleagues plus records of journalists observers and activists It brings to light such theatrical episodes as a CIA op against McCarthy as well as Joe s quixotic search for Soviet security chief Lavrenti Beria in Spain The resulting multi focal perspective on the political and institutional setting in which McCarthy operated with such abandon is full of drama

Professional Networks in Transnational Governance Leonard Seabrooke,Lasse Folke Henriksen,2017-10-12 Who controls how transnational issues are defined and treated In recent decades professional coordination on a range of issues has been elevated to the transnational level International organizations non governmental organizations NGOs and firms all make efforts to control these issues This volume shifts focus away from looking at organizations and zooms in on how professional networks exert control in transnational governance It contributes to research on professions and expertise policy entrepreneurship normative emergence and change The book provides a framework for understanding how professionals and organizations interact and uses it to

investigate a range of transnational cases The volume also deploys a strong emphasis on methodological strategies to reveal who controls transnational issues including network sequence field and ethnographic approaches Bringing together scholars from economic sociology international relations and organization studies the book integrates insights from across fields to reveal how professionals obtain and manage control over transnational issues *Covert Network* Eric Thomas Chester,2016-09-16 This book tells the story of the International Rescue Committee IRC the largest nonsectarian refugee relief agency in the world Founded in the 1930s by socialist militants the IRC attracted the support of renowned progressives such as Eleanor Roosevelt Norman Thomas and Reinhold Niebuhr But by the 1950s it had been absorbed into the American foreign policy establishment Throughout the Cold War the IRC was deeply involved in the volatile confrontations between the two superpowers and participated in an array of sensitive clandestine operations The IRC thus evolved from a small organization of committed activists to a global operation functioning as one link in the CIA s covert network **Studebaker Bibliography** Jan Young,2009-03-29 The Studebaker Bibliography was developed with the intent of cataloging as much as possible of the available Studebaker literature Our goal was to make information accessible to current and future historians as well as casual readers The bibliography lists 321 books both fiction and nonfiction 1 784 magazine articles and 2 768 newspaper articles All are related to the Studebaker Corporation its founders officers employees dealers subsidiaries or vehicles and nearly all of it is available free or inexpensively from your local library s interlibrary loan program The Contender Irwin F. Gellman,2017-05-02 The definitive account of Richard Nixon s congressional career back in print with a new preface Unsurpassed in the fifteen years since its original publication Irwin F Gellman s exhaustively researched work is the definitive account of Richard Nixon s rise from political unknown to the verge of achieving the vice presidency To document Nixon s congressional career Gellman combed the files of Nixon s 1946 1948 and 1950 campaigns papers from the executive sessions of the House Un American Activities Committee HUAC and every document dated through 1952 at the Richard Nixon Library This singular volume corrects many earlier written accounts For example there was no secret funding of Nixon s senate campaign in 1950 and Nixon won universal praise for his evenhandedness as a member of HUAC The first book of a projected five volume examination of this complex man s entire career this work stands as the definitive political portrait of Nixon as a fast rising young political star **Arsenal of World War II** Paul A. C. Koistinen,2004 Prolific munitions production keyed America s triumph in World War II but so did the complex economic controls needed to sustain that production Artillery tanks planes ships trucks and weaponry of every kind were constantly demanded by the military and readily supplied by American business While that relationship was remarkably successful in helping the U S win the war it also raised troubling issues about wartime economies that have never been fully resolved Paul Koistinen s fourth installment of a monumental five volume series on the political economy of American warfare focuses on the mobilization of national resources for a truly global war Koistinen comprehensively analyzes all relevant aspects of the World War II economy from

1940 through 1945 describing the nation's struggle to establish effective control over industrial supply and military demand and revealing the growing partnership between the corporate community and the armed services Koistinen traces the evolution of federal agencies mobilizing for war including the National Defense Advisory Commission the Office of Production Management and the Supply Priorities and Allocation Board and then focuses on the work of the War Production Board from 1942 1945 As the war progressed the WPB and related agencies oversaw the military's supply and procurement systems stabilized the economy while financing the war closely monitored labor relations and controlled the shipping and rationing of fuel and food In chronicling American mobilization Koistinen reveals how representatives of industry and the armed services expanded upon their growing prewar ties to shape policies for harnessing the economy and how federal agencies were subsequently riven with dissension as New Deal reformers and anti New Deal corporate elements battled for control over mobilization itself As the armed services emerged as the principal customers of a command economy the military industrial nexus consolidated its power and ultimately succeeded in bending the reformers to its will The product of exhaustive archival research Arsenal of World War II shows that mobilization meant more than simply harnessing the economy for war it also involved struggles for power and position among a great many interest groups and ideologies Nearly two decades in the making it provides an ambitious and enormously insightful overview of the emergence of the military industrial economy one that still resonates today as America continues to wage wars around the globe
