Paul Elmer Moore:

Paul Elmer More Francis X. Duggan, 1966-01-01 **The Reason in a Storm** Geoffrey Bernard Williams, 1991 This book shows that T S Eliot working in the romantic tradition deliberately uses ambiguity in language to manifest the realm of ultimate reality He maintains this technique first to create moments of unmediated experience in his early poetry and in his later poetry to express the transcendent in time No other study has explicitly dealt with Eliot s use of ambiguity and its significance in relating Eliot to romanticism and postmodern practices of deconstruction In this study Eliot is shown to be a significant link overlooked until now between tradition and the contemporary fracturing of tradition W. E. B. Du Bois, 1868-1919 David Levering Lewis, 1993 The author presents a biography of civil rights movement leader W E B Du Bois concentrating on the early and middle years of his long and intense career *Shadow Voices* John Connolly, 2021-10-28 All hardbacks in the first print run will be signed by the author The story of genre fiction horror romantic fiction science fiction crime writing and more is also the story of Irish fiction Irish writers have given the world Lemuel Gulliver Dracula and the world of Narnia They have produced pioneering tales of detection terrifying ghost stories and ground breaking women s popular fiction Now for the first time John Connolly s one volume presents the history of Irish genre writing and uses it to explore how we think about fiction itself Deeply researched and passionately argued SHADOW VOICES takes the lives of more than sixty writers by turns tragic amusing and adventurous but always extraordinary and sets them alongside the stories they have written to create a new way of looking at genre and literature both Irish and beyond Here are vampires and monsters murderers and cannibals Here are female criminal masterminds and dogged detectives star crossed lovers and vengeful spouses Here are the SHADOW VOICES **The Problems and Lessons of the War ...** George Hubbard Blakeslee, 1916 *The School Review* ,1901 **American Journal of Theology** ,1916 Vols 2 6 include Theological and Semitic literature for 1898 1901 a bibliographical supplement to the American journal of theology and the American journal of Semitic languages and literatures By W Muss Arnolt Separately paged The Fortnightly Review ,1919 **The Alumni Bulletin of the University of Virginia** ,1923 **The Independent** ,1907 *Intellectuals Don't Need God and Other Modern Myths* Alister E. McGrath, 2010-12-21 Rethinking Effective Apologetics for the Present Age Christians have always had to defend their faith against all kinds of criticism and misunderstandings but these attacks change overtime and the strongest arguments of the famous classical apologists who preceded us are not necessarily the strongest today *Intellectuals Don t Need God* is written to today s faithful apologists who are trying to commend Christianity in terms of its relevance to everyday life and not just its inherent rationality Its focuses are Understanding and overcoming the barriers of faith in today s culture Presenting the points of contact between daily life and spiritual longing Demonstrating the apologetics of today in action Theologian and scientist Dr Alister McGrath author of the ECPA 2014 Christian Book Award Winning biography of C S Lewis shows convincingly that appeal to reason is only one of many possible bridges between the non Christian and the

gospel In today's world cerebral and emotional concerns such as a sense that life lacks purpose or a deep sense of longing for something unknown are often more effective starting points for modern apologetics Dr McGrath combines the clarity of a brilliant scientific mind with a deep commitment to Christ and to reaching non Christians Intellectuals Don't Need God is for apologists and seekers alike for both those defending and questioning the validity and value of Christianity **Writing the City** Desmond Harding,2004-06 This work examines and challenges the traditional transatlantic axis London Paris New York that marks the intersection between western thinking about the City and the advent of literary modernism
