nuclear weapons capability North Korea under the leadership of Kim Jong il remains as unpredictable and mysterious as ever This comprehensive study brings together leading scholars in the field to examine the country s current foreign policy under Kim Jong il as well as its bilateral relations with the USA China Russia Japan and South Korea **The Korean Peace Process and Civil Society** Dong Jin Kim,2018-09-21 This is a must read book for anyone searching for insight into the peace process of the divided Korean peninsula As a peace researcher and activist the author highlights the role of civil society in making peacebuilding possible and sustainable on the Korean peninsula This volume opens a new horizon to the study of peace and conflict Koo Kab Woo Professor University of North Korean Studies This book makes an enormous contribution to our understanding of the dynamics of peace and conflict on the Korean peninsula and expands our understanding of the requirements of sustainable peacebuilding The emphasis on the role of civil society as part of an inclusive approach to strategic peacebuilding is especially helpful Iain Attack Assistant Professor in International Peace Studies Trinity College Dublin This expertly crafted book makes an original contribution to understanding peacebuilding theory and the critical role of civil society in strategic peacebuilding It offers valuable lessons and hope for peaceful transformation of the Korean conflict as well as the negotiation of a sustainable peace in other protracted conflict settings Wendy Lambourne Senior Lecturer Department of Peace and Conflict Studies University of Sydney The Post Cold War era witnessed a dramatic rise in breakthroughs for peace processes including the Korean peninsula between parties mired in protracted conflict However many such processes broke down within a short period of time This book explores the possibilities for comprehensive and sustainable peacebuilding strategy in the Korean peace process beyond reaching an agreement by reviewing diverse peacebuilding activities from government and civil society **A Concise History of Korea** Michael J. Seth,2019-11-19 This clear concise book provides a balanced history of Korea exploring the origins and development of Korean society politics and culture from their inception to the two Korean states of today **North Korea under Kim Jong Il** Sung Chull Kim,2012-02-16 North Korea has long been a country of mystique both provoking two nuclear crises and receiving aid from the international community and South Korea in more recent times North Korea under Kim Jong Il examines how internal changes in North Korea since the early 1970s have structured that nation s apparently provocative nuclear diplomacy and recent economic reform measures To understand these changes author Sung Chull Kim uncovers relatively unknown internal aspects of the country under Kim Jong Il s leadership His account based on a thorough examination of primary sources traces the origins consolidation and dissonance of North Korea s systemic identity He reveals how official and unofficial developments in the domains of North Korea s politics ideology economics and intellectual cultural affairs have brought about system wide duality particularly between socialist principles embedded in the official ideology and economic institutions **A Concise History of Modern Korea** Michael J. Seth,2019-11-29 A comprehensive history of modern Korea exploring the social economic and political issues it has faced since the 1870s *Non-Traditional Security Issues in North*

Korea Kyung-Ae Park, 2013-07-31 The concept of security has undergone significant change in the past few decades. Traditionally thought of in terms of the state-centric militarily focused realist discourse, the concept of security has been broadened to include a greater number of potential threats and an increased number of relevant actors. Yet despite the great changes in security scholarship, the vast majority of studies on North Korea continue to focus primarily on the country's nuclear weapons program, its military, and other traditional security issues surrounding Pyongyang. While North Korea captures headlines with its aggressive behavior and growing nuclear arsenal, the ground-level threats to average everyday North Koreans go largely unnoticed. This groundbreaking volume seeks to refocus research on North Korean security from the traditional to largely unexplored non-traditional security (NTS) issues. In the wake of political succession to Kim Jong Un, the issue of non-traditional security is increasingly important. From the lasting effects of the famine of the 1990s to continued food shortages and the growing marketization of North Korean society, the Pyongyang regime is facing diverse and unprecedented challenges. This book offers cutting-edge analyses of emerging North Korean NTS issues by the world's leading specialists in the field. It looks at these issues and their effects at the local, regional, and international level, as well as examining the international community's efforts to promote an NTS approach to North Korea. More specifically, the volume addresses the traditional and non-traditional security paradigms, energy security, gender security, transnational organized crime, the internal and external dimensions of North Korea's food security, the Responsibility to Protect, refugee issues, and international law, and the role of NGOs in promoting NTS in North Korea. As the global community begins to move toward a more people-centered approach to security and foreign policy work such as that presented in this thought-provoking volume, it will be increasingly vital to scholars, policymakers, and interested citizens. Contributors: Tsuneo Akaha, Peter Hayes, Brendan Howe, W. Randall Ireson, David C. Kang, Shin-wha Lee, Mark Manyin, Kyung Ae Park, Scott Snyder, Jae Jung Suh, David von Hippel. North Korea's Second Nuclear Crisis and Northeast Asian Security. Tae-Hwan Kwak, 2016-05-23 North Korea's testing of a nuclear bomb sent out a shock wave throughout the world and totally changed the strategic equation in the Korean peninsula and Northeast Asia. This testing has far-reaching implications for Korean peace and unification, Northeast Asian security, and America's global war on terrorism. This key volume provides an in-depth analysis of the inter-Korean and international dynamics of North Korea's nuclear crisis. It offers new insights into the six-party talks designed to resolve the crisis, suggests creative formulas to resolve the ongoing crisis through peaceful diplomatic means, and delves into the interests and policies of the major powers: the US, China, Japan, and Russia at the six-party negotiating table. The contributing authors are distinguished specialists and experts in the field and, as such, offer valuable expertise into the dynamics of this nuclear crisis for students and academics. A History of Korea. Michael J. Seth, 2010-10-16 In this comprehensive yet compact book, Michael J. Seth surveys Korean history from Neolithic times to the present. He explores the origins and development of Korean society, politics, and its still little-known cultural heritage from their inception to the two Korean states.

of today Telling the remarkable story of the origins and evolution of a society that borrowed and adopted from abroad Seth describes how various tribal peoples in the peninsula came together to form one of the world's most distinctive communities He shows how this ancient culturally and ethnically homogeneous society was wrenched into the world of late nineteenth century imperialism fell victim to Japanese expansionism and then became arbitrarily divided into two opposed halves North and South after World War II Tracing the past seven decades the book explains how the two Koreas with their deeply different political and social systems and geopolitical orientations evolved into sharply contrasting societies South Korea after an unpromising start became one of the few postcolonial developing states to enter the ranks of the first world with a globally competitive economy a democratic political system and a cosmopolitan and dynamic culture North Korea by contrast became one of the world's most totalitarian and isolated societies a nuclear power with an impoverished and famine stricken population Seth describes and analyzes the radically different and historically unprecedented trajectories of the two Koreas formerly one tight knit society Throughout he adds a rich dimension by placing Korean history into broader global perspective and by including primary readings from each era All readers looking for a balanced knowledgeable history will be richly rewarded with this clear and concise book The New Famines Stephen Devereux, 2006-11-22 The recent occurrences of famine in Ethiopia and Southern Africa have propelled this key issue back into the public arena for the first time since 1984 as once again it becomes a priority not only for lesser developed countries but also for the international community Exploring the paradox that is the persistence of famine in the contemporary world this book looks at the way the nature of famine is changing in the face of globalization and shifting geopolitical forces The book challenges perceived wisdom about the causes of famine and analyzes the worst cases of recent years including close analysis of food scarcity in North Korea Ethiopia Sudan and Malawi and less well known cases in Madagascar Iraq and Bosnia With fresh conceptual frameworks and analytical tools major theoretical constructs which have previously been applied to analyze famines such as the democracy ends famine argument Sen's entitlement approach and the complex political emergency framework are confronted This volume assembles an international team of contributors including Marcus Noland Alex de Waal and Dan Maxwell an impressive roster which helps make this book an important resource for those in the fields of development studies and political economics **Routledge Handbook of Modern Korean History** Michael J Seth, 2016-01-29 Beginning in the mid nineteenth century when Korea became entangled in the world of modern imperialism and the old social economic and political order began to change this handbook brings together cutting edge scholarship on major themes in Korean History Contributions by experts in the field cover the Late Choson and Colonial periods Korea's partition and the diverging paths of North and South Korea Topics covered include The division of Korea Religion Competing imperialisms Economic change War and rebellions Nationalism Gender North Korea Under Kim Jong Il Global Korea The Handbook provides a stimulating introduction to the most important themes within the subject area and is an invaluable reference work

for any student and researcher of Korean History      North Korea in Transition Kyung-Ae Park, Scott Snyder, 2013 Following the death of Kim Jong Il North Korea has entered a period of profound transformation laden with uncertainty This authoritative book brings together the world's leading North Korea experts to analyze both the challenges and prospects the country is facing Drawing on the contributors' expertise across a range of disciplines the book examines North Korea's political economic social and foreign policy concerns Considering the implications for Pyongyang's transition it focuses especially on the transformation of ideology the Worker's Party of Korea the military effects of the Arab Spring the emerging merchant class cultural infiltration from the South Western aid and global economic integration The contributors also assess the impact of North Korea's new policies on China South Korea the United States and the rest of the world Comprehensive and deeply knowledgeable their analysis is especially crucial given the power consolidation efforts of the new leadership underway in Pyongyang and the implications for both domestic and international politics Contributions by Nicholas Anderson Charles Armstrong Bradley Babson Victor Cha Bruce Cumings Nicholas Eberstadt Ken Gause David Kang Andrei Lankov Woo Young Lee Liu Ming Haksoo Paik Kyung Ae Park Terence Roehrig Jungmin Seo and Scott Snyder      *Dying for Rights* Sandra Fahy, 2019-09-10 North Korea's human rights violations are unparalleled in the contemporary world In *Dying for Rights* Sandra Fahy provides the definitive account of the abuses committed by the North Korean state domestically and internationally from its founding to the present *Dying for Rights* scrutinizes North Korea's treatment of its own people as well as foreign nationals how violations committed by the state spread into the international realm and how North Korea uses its state media and presence at the United Nations Fahy meticulously documents the extent of arbitrary detention torture executions and the network of prison camps throughout the country The book details systematic and widespread violations of freedom of speech and of movement freedom from discrimination and the rights to food and to life Fahy weaves together public and private testimonies from North Koreans resettled abroad as well as NGO reports the stories and facts brought to light by the United Nations Commission of Inquiry into North Korea and North Korea's own state media to share powerful personal narratives of human rights abuses A compassionate yet objective investigation into the factors that sustain and perpetuate the flouting of basic rights *Dying for Rights* reveals the profound culpability of the North Korean state in the systematic denial of human dignity      **Conflict Prevention and Management in Northeast Asia** Alec Forss, Sofia Ledberg, Niklas Swanström, 2010-03-08 Two of the world's most dangerous flashpoints this edited volume with contributions by leading scholars offers a comprehensive evaluation and comparison of approaches to conflict management and prevention on the Korean Peninsula and in the Taiwan Strait The consequences of any escalation of these two conflicts and the difficulties in resolving them necessitate a fresh look at designing new strategies to prevent and contain conflict as well as highlighting the limitations of existing measures Presenting both a theoretical and practical examination of conflict prevention and management the volume provides a comparative analysis of the Korean Peninsula and the Taiwan Strait

identifying lessons that could be transferred between the two cases but also the obstacles to this. The experiences of other regions and the role of third parties are also examined. This is a valuable addition to the literature for students of peace and conflict studies as well as policy makers with an interest in Northeast Asia.

**Kim Jong Il and North Korea: The Leader and the System**, **Towards Korean Reconciliation** Gabriel Jonsson, 2017-11-30. Despite historic summits and spectacular acts of reconciliation between the rival neighbours, promises of improved cross border relations between North and South Korea have been slow to materialize. In this insightful book, Gabriel Jonsson examines the impact that increased levels of socio cultural contact has had on inter Korean relations, the concrete results that have been achieved and how such contact has contributed to closer relations and offers the prospect of reconciliation. With reference to lessons from the German and Yemeni unification, the book examines the development of inter Korean relations and presents a fascinating view of South Korean perceptions of their neighbours. The book also details the wider political sphere of influence with an analysis of the positions of the United States, Japan, China and Russia on Korean unity. Based primarily on Korean language sources, this volume provides completely unique perspectives on Korean unity.
