Perdidos En El Deseo Lost In The Desire:

Lost-body Writing in Latin America's Contemporary Historical Novel Sara Ann Smith, 2001 Desire's Experience Transformed Lope de Vega, 1991 **Cervantes, Literature, and the Discourse of Politics** Anthony J. Cascardi, 2012-01-01 What is the role of literature in the formation of the state Anthony J Cascardi takes up this fundamental question in *Cervantes Literature and the Discourse of Politics* a comprehensive analysis of the presence of politics in Don Quixote Cascardi argues that when public speech is constrained as it was in seventeenth century Spain politics must be addressed through indirect forms including comedy myth and travellers tales *Cervantes Literature and the Discourse of Politics* convincingly re engages the ancient roots of political theory in modern literature by situating Cervantes within a long line of political thinkers Cascardi notably connects Cervantes's political theory to Plato's much as the writer's literary criticism has been firmly linked to Aristotle's He also shows how Cervantes's view of literature provided a compelling alternative to the modern scientific politics of Machiavelli and Hobbes highlighting the potential interplay of literature and politics in an ideal state *Great Spanish Films Since 1950* Ronald Schwartz, 2008-09-05 When it began modern Spanish cinema was under strict censorship forced to conform to the ideological demands of the Nationalist regime In 1950 the New Spanish Cinema was born as a protest over General Francisco Franco's policies a new series of directors and films began to move away from the conformist line to offer a bold brand of Spanish realism In the 1950s and early 1960s filmmakers such as Juan Antonio Bardem Luis Garc a Berlanga and Luis Bu uel expressed a liberal image of Spain to the world in such films as *Muerte de un ciclista* *Death of a Cyclist* *Bienvenido Se or Marshall* *Welcome Mr Marshall* and *Viridiana* The emergence of new directors continued into the sixties and seventies with Carlos Saura Jos Luis Borau V ctor Erice and others After Franco's death in 1975 censorship was abolished and films openly explored such formerly taboo subjects as sexuality drugs the church the army and the Civil War The Spanish cinema was no longer escapist and entertaining but at long last mirrored the society it depicted While established directors like Saura Bardem and Berlanga continued to produce distinguished work the new wave of Spanish cinema included brilliant films by the likes of Montxo Armend riz Tasio Fernando Trueba *First Work* Imanol Uribe *The Death of Mikel* and Pedro Almod var *Women on the Verge of a Nervous Breakdown* In the last couple of decades exciting works by established filmmakers and newcomers alike continue to be produced including Alejandro Amen bar's *Thesis* Jos Luis Garc's *The Grandfather* and Almod var's *Talk to Her* and *Volver* In *Great Spanish Films Since 1950* Ronald Schwartz presents a compendium of outstanding Spanish films from the pre Francoist era through the Spanish New Wave of the 80's and 90's and into the present day Schwartz provides background plot and commentaries of key films from six decades of Spanish cinema In addition to identifying *Don Juan Tenorio* Jos Zorrilla, 1929-01-01 *The Play in the Mirror* Matthew D. Stroud, 1996 As a psychoanalyst with massive humanistic erudition Jacques Lacan has a great deal to offer any discipline concerned with the human condition *The Play in the Mirror* seeks to bring together some of Lacan's

fundamental concepts primarily from his *Ecrits* and from Seminars 1 2 7 11 and 20 as well as texts from ten Spanish Baroque comedias that also deal with the human condition The Play in the Mirror does not try to psychoanalyze characters and its scope extends to spectators readers and literary critics who are also subject to the same lack otherness and desire In a play the subjects linked by the mirrors are the author and the spectator brought together through language and desire through the theatrical performance All plays and all critical articles are expressions of the desires of the creators The critical act represents the intersubjective relationship marked with the misunderstanding defensiveness rivalry and attempts to dominate that characterize all dealings between two subjects Even in criticism the desire of the split subject insists Throughout the book the focus is on the more philosophical underpinnings of both discourses The premodern *comedia* and Lacan's postmodern perspective seem naturally to inform each other regarding the essential lack at the core of the human subject the insistence of desire and the inevitable failure of efforts to establish a unified subject an orderly society or a single valid interpretation of a literary text

[Dictatorships in the Hispanic World](#) Patricia Swier,Julia Riordan-Goncalves,2013-07-18 This book broaches a comparative and interdisciplinary approach in its exploration of the phenomenon of the dictatorship in the Hispanic World in the twentieth century Some of the themes explored through a transatlantic perspective include testimonial accounts of violence and resistance in prisons hunger and repression exile silence and intertextuality bildungsroman and the modification of gender roles and the role of trauma and memory within the genres of the novel autobiography testimonial literature the essay documentaries puppet theater poetry and visual art By looking at the similarities and differences of dictatorships represented in the diverse

landscapes of Latin America and Spain the authors hope to provide a more panoramic view of the dictatorship that moves beyond historiographical accounts of oppression and engages actively in a more broad dialectics of resistance and a politics of memory *Precarious Parenthood* Tina-Karen Pusse, Katharina Walter, 2013 We all experience parenthood if not as parents then by way of having been parented or in the face of ubiquitous images of idyllic family life in the longing to be parents or to be parented Thus parenthood is one of the most powerful social constructs This collection of essays gives evidence of the fact that families have never been real that family like gender or race is not primarily based on biological criteria but above all has to be performed and is a result of narratives The relationship between these narratives their variations in Irish English German Mexican and Chilean literature or film and their material confinement is at the core of the essays gathered in this book Series Cultural Studies Kulturwissenschaft Estudios Culturales Etudes Culturelles Vol 40

The Gaze on the Past Olga López-Valero Colbert, 2007 This book explores Antonio Muñoz Molina's creation of compelling narratives about Spain's immediate past by engaging in a dynamic dialogue with popular culture subgenres and the media The author asserts that popular culture functions in Muñoz Molina's novels as provider of a series of strategies that represent in the text aspects of Francoism and the Transition that because of their relevance are part of the structure of feeling of those periods The study focuses on the role of popular music film photography the thriller the romance novel as well as the radio and other gadgets of modern technology in Muñoz Molina's Novels The Gaze on the Past argues that through the incorporation of popular culture in texts Muñoz Molina undertakes a deliberate and intense reflection on memory and on the creation of historical moments highlighting their desire to be heard from publisher **Latin American Novels of the Conquest** Kimberle S. López, 2002 The fictionalized explorers and conquistadors represented in this corpus all identify with certain aspects of Amerindian culture significantly those elements that are most distinct from European culture such as cannibalism and human sacrifice but also feel the need to distance themselves from these others in order to protect their own European cultural identity In most cases the conquistadors themselves are represented as outsiders within the enterprise of imperialism due to ethnic religious or sexual differences from the norm This representation turns the gaze inward toward the other within European culture underscoring the complex origins of Latin American cultures in the violent encounter between the Amerindians and the conquistadors By examining these issues López's Latin American Novels of the Conquest illuminates the ways in which Latin American novelists used their literary imaginations to embody their ambivalence regarding their own transcultural heritage as children of both the colonized and the colonizer BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Marcel Proust and Spanish America** Herbert E. Craig, 2002 Craig begins by attributing the early introduction of the Recherche to the intimate friendship between Proust and the pianist composer Reynaldo Hahn who was born in Caracas He then shows in chapter 1 how literary critics of the principal newspapers and literary magazines of such countries as Venezuela Argentina and Chile examined this French text which we
