Performance Indicators in Social Care for Older People David Challis, Paul Clarkson, 2017-03-02 The growing focus on performance review and monitoring means that awareness and use of performance indicators has increased throughout a number of public services Set within a national

context this book reviews the historical development and measurement issues of performance indicators within social care and the public sector for older people. It then provides an approach to effective local performance measurement in services for older people and an organizing framework within which organizations can arrange their performance appraisal for older people's services. The development of performance review in social care of older people is examined as is the process of developing local performance measures and engaging staff in enquiry and quality management. The book also reviews the process of developing performance indicators and their utilization at an agency level. Performance Indicators in Social Care for Older People will be of particular interest in the UK for local service providers who are developing approaches for local performance review. It will also be of interest internationally especially in countries where services for older people are currently developing in a similar direction.

Handbook of Maintenance Management and Engineering Mohamed Ben-Daya, Salih O. Duffuaa, Abdul Raouf, Jezdimir Knezevic, Daoud Ait-Kadi, 2009-07-30 To be able to compete successfully both at national and international levels, production systems and equipment must perform at levels not even thinkable a decade ago. Requirements for increased product quality, reduced throughput time, and enhanced operating effectiveness within a rapidly changing customer demand environment continue to demand a high maintenance performance. In some cases, maintenance is required to increase operational effectiveness and revenues and customer satisfaction while reducing capital, operating, and support costs. This may be the largest challenge facing production enterprises these days. For this, maintenance strategy is required to be aligned with the production logistics and also to keep updated with the current best practices. Maintenance has become a multidisciplinary activity, and one may come across situations in which maintenance is the responsibility of people whose training is not engineering. This handbook aims to assist at different levels of understanding whether the manager is an engineer, a production manager, an experienced maintenance practitioner, or a beginner. Topics selected to be included in this handbook cover a wide range of issues in the area of maintenance management and engineering to cater for all those interested in maintenance, whether practitioners or researchers. This handbook is divided into 6 parts and contains 26 chapters covering a wide range of topics related to maintenance management and engineering.

Store Manager Organizer/Planner 2nd Edition DMSRetail, Dianne Miethner, Matt Parmaks, 2013-06-29 DMSRetail offers this unique organizer for Store Managers. The DMSRetailer is the only organizer you will ever need. Most organizers assume that Store Managers do not schedule any or very few meetings, tasks, or events for evenings and weekends. What's with that? The Retail Manager absolutely needs an organizer that accommodates their work schedule, an organizer that works when they do. DMSRetail recognizes Store Managers as professional career people who need an organizer/planner that works to assist them in their professional lives. The DMSRetailer includes sections that correspond to actual activities that take place in a retail store and other sections that allow you to customize in an organized fashion. All of these sections are invaluable as reminders and become an integral part of the Store Manager's planning process.
