Regeneration The Imposter:

Regeneration: the Impostor Linda Joy Singleton, 2000 *The Imposter* Linda Joy Singleton, 2000 Someone has stolen Sandee's songs and Chase has offered to help her retrieve them while trying to convince her that she is a clone **The Imposter as Social Theory** Steve Woolgar, Else Vogel, David Moats, Claes-Fredrik Helgesson, 2022-08 Edited by expert scholars this volume explores the imposter through empirical cases including click farms bikers business leaders and fraudulent scientists providing insights into the social relations and cultural forms from which they emerge **Biometrics and Cryptography** Sudhakar Radhakrishnan, Carlos M. Travieso-Gonzalez, 2024-06-19 Cryptography has crept into everything from Web browsers and e mail programs to cell phones bank cards and cars Shortly we will see many new exciting applications for cryptography such as radio frequency identification RFID tags for anti counterfeiting As a consequence of the pervasiveness of crypto algorithms an increasing number of people must understand how they work and how they can be applied in practice This book addresses this issue by providing a comprehensive introduction to modern applied cryptography that is equally suited for students and practitioners in industry Much of the focus is on practical relevance by introducing most crypto algorithms that are used in modern real world applications In addition to crypto algorithms attention is also given to important cryptographic protocols modes of operation security services and key establishment techniques Timely topics include lightweight ciphers which are optimized for constrained applications In today's fast paced world security and convenience are paramount Biometrics the science of identifying individuals based on their unique physical or behavioral traits offers a solution that is both secure and convenient From fingerprint scanners on smartphones to facial recognition software at airports biometrics is rapidly becoming an integral part of our daily lives But what exactly is biometrics and how does it work This book delves into the fascinating world of biometrics exploring its history applications and the latest technological advancements You'll discover how biometrics can be used to verify identity control access and even detect fraud Whether you're a security professional a technology enthusiast or simply curious about the future of personal identification this book is for you Handbook of Biometrics Anil K. Jain, Patrick Flynn, Arun A. Ross, 2007-10-23 Biometrics is a rapidly evolving field with applications ranging from accessing one's computer to gaining entry into a country The deployment of large scale biometric systems in both commercial and government applications has increased public awareness of this technology Recent years have seen significant growth in biometric research resulting in the development of innovative sensors new algorithms enhanced test methodologies and novel applications This book addresses this void by inviting some of the prominent researchers in Biometrics to contribute chapters describing the fundamentals as well as the latest innovations in their respective areas of expertise Network and System Security Jiageng Chen, Vincenzo Piuri, Chunhua Su, Moti Yung, 2016-09-20 This book constitutes the proceedings of the 10th International Conference on Network and System Security NSS 2016 held in Taipei Taiwan in September 2016 The 31 full and 4 short

papers presented in this volume were carefully reviewed and selected from 105 submissions They were organized in topical sections named authentication mechanism cloud computing security data mining for security application privacy preserving technologies network security and forensics searchable encryption security policy and access control security protocols symmetric key cryptography system security Web security The volume also contains one invited paper The Regenerate Lyric Elisa New,1993-05-28 Elisa New examines the poems in great detail offering searching readings and concluding finally that it is regeneracy rather than originality that is the American poet s modus operandi and native mandate A Math-Based Writing System for Engineers Brad Henderson,2019-09-30 This book presents the generative rules for formal written communication in an engineering context through the lens of mathematics Aimed at engineering students headed for careers in industry and professionals needing a just in time writing resource this pragmatic text covers all that engineers need to become successful workplace writers and leaves out all pedagogical piffle they do not Organized into three levels of skill specific instruction A Math Based Writing System for Engineers Sentence Algebra professionals seeking a thorough left brained treatment of English grammar and go to document structures and ESL engineers at all levels Getting On in the Creative Arts Therapies Erin Partridge,2021-02-18 What do you really want from your career and how are you going to get it How do you find the right people and make the right connections along the way What are the secrets of finding fulfilment in your work This book is intended to help you to answer these questions and many more Written to inspire and motivate you as you progress through your career as creative arts therapist it shares diverse stories and experiences spanning different career paths and decisions The book also tackles common early career challenges including designing services advocacy and collaborative working exploring how adverse circumstances can be used as opportunities for growth With creative and reflective exercises throughout to help you to identify your goals and achieve them this book is an indispensable guide for any creative arts therapist who wants to flourish in their career **Thin Description** John L. Jackson Jr.,2013-11-04 The African Hebrew Israelites of Jerusalem are often dismissed as a fringe cult for their beliefs that African Americans are descendants of the ancient Israelites and that veganism leads to immortality But John L Jackson questions what fringe means in a world where cultural practices of every stripe circulate freely on the Internet In this poignant and sophisticated examination of the limits of ethnography the reader is invited into the visionary sometimes vexing world of the AHIJ Jackson challenges what Clifford Geertz called the thick description of anthropological research through a multidisciplinary investigation of how the AHIJ use media and technology to define their public image in the twenty first century Moving beyond the modest witness of nineteenth century scientific discourse or the thick descriptions of twentieth century anthropology Jackson insists that Geertzian thickness is impossible especially in a world where the anthropologist s subjects craft their own self ethnographies and critically consume the ethnographer s offerings Taking as its topic a group situated along the fault lines of several diasporas African American Jewish Thin Description provides an account of how race religion

and ethnographic representation must be understood anew in the twenty first century lest we reenact old mistakes in the study of black humanity
