The World of Myth David Adams Leeming, 1992-02-27 Hercules Zeus Thor Gilgamesh these are the figures that leap to mind when we think of myth But to David Leeming myths are more than stories of deities and fantastic beings from non-Christian cultures Myth is at once the most particular and the most universal feature of civilization representing common concerns that each society voices in its own idiom Whether an Egyptian story of creation or the big bang theory of modern physics myth is metaphor mirroring our deepest sense of ourselves in relation to existence itself Now in *The World of Myth* Leeming provides a sweeping anthology of myths ranging from ancient Egypt and Greece to the Polynesian islands and modern science We read stories of great floods from the ancient Babylonians Hebrews Chinese and Mayans tales of apocalypse from India the Norse Christianity and modern science myths of the mother goddess from Native American Hopi culture and James Lovelock's Gaia Leeming has culled myths from Aztec Greek African Australian Aboriginal Japanese Moslem Hittite Celtic Chinese and Persian cultures offering one of the most wide ranging collections of what he calls the collective dreams of humanity More important he has organized these myths according to a number of themes comparing and contrasting how various societies have addressed similar concerns or have told similar stories In the section on dying gods for example both Odin and Jesus sacrifice themselves to renew the world each dying on a tree Such traditions he proposes may have their roots in societies of the distant past which would ritually sacrifice their kings to renew the tribe In *The World of Myth* David Leeming takes us on a journey not through a maze of falsehood but through a marvellous world of metaphor metaphor for the story of the relationship between the known and the unknown both around us and within us Fantastic tragic bizarre sometimes funny the myths he presents speak of the most fundamental human experience a part of what Joseph Campbell called the wonderful song of the soul's high adventure

True Myth James W. Menzies, 2014-09-25 Each generation asks in its own way What does it mean to be human In True Myth James Menzies addresses this question by exploring myth and religion in the thinking of mythologist Joseph Campbell and Oxford don C S Lewis Joseph Campbell understood Christianity as comprised of mythical themes similar to those in other religious and secular myths Admitting that certain portions of the biblical record are historical he taught the theological and miraculous aspects as symbolic as stories in which the reader discovers what it means to be human today C S Lewis defined Christianity and being truly human as a relationship between the personal Creator and his creation mediated through faith in his son Jesus Christ In contrast to Campbell Lewis took the theological and miraculous literally Although Lewis understood how one could see symbolism and lessons for life in miraculous events he believed they were more than symbolic and indeed took place in human history Not only does Menzies consider the ways Campbell and Lewis utilize myth in answering the

question for their generation but he also probes the influence and presence of myth in philosophy media ethics history literature art music and religion in a contemporary context thus helping readers consider answers for their own age
