Retrieving The Tradition And Renewing Evangelicalism A Primer For Suspicious Protestants:

Retrieving the Tradition and Renewing Evangelicalism Daniel H. Williams, 1999 A learned and uniquely constructive book that gently urges suspicious Christians to reclaim the patristic roots of their faith This is the first book of its kind meant to help Protestant Christians recognize the early church fathers as an essential part of their faith Writing primarily to the evangelical independent and free church communities who remain largely suspicious of church history and the relationship between Scripture and tradition D H Williams clearly explains why every branch of today s church owes its heritage to the doctrinal foundation laid by postapostolic Christianity Based on solid historical scholarship this volume shows that embracing the catholic roots of the faith will not lead to the loss of Protestant distinctiveness but is essential for preserving the Christian vision in our rapidly changing world

Theological Retrieval for Evangelicals Gavin Ortlund, 2019-11-05 Restless for rootedness many Christians are abandoning Protestantism altogether Many evangelicals today are aching for theological rootedness often found in other Christian traditions Modern evangelicalism is not known for drawing from church history to inform views on the Christian life which can lead to a me and my Bible approach to theology But this book aims to show how Protestantism offers the theological depth so many desire without the need for abandoning a distinctly evangelical identity By focusing on particular doctrines and neglected theologians this book shows how evangelicals can draw from the past to meet the challenges of the present

Traditional Christian Ethics David W. T. Brattston, 2014 Volume One of Traditional Christian Ethics describes the terminology discusses popular approaches to ethical decision making today illustrates that the earliest Christians conducted themselves in accordance with a large number of specific moral rules states the method of this set of books for reconstructing the content of early Christian ethics law as attested before the devastating epidemic and mass apostasy of AD 249-251 gives reasons for regarding this as the terminal date and provides a guide to using the lists At a number of points this volume deals with objections to its theses Volume One also furnishes you with complete information as to where you can find and look up the ancient sources cited in translation Traditional Christian Ethics will help you solve problems in moral decision making when Scripture is unclear or silent You can solve them through its comprehensive itemized concordances of citations to precepts of Christian ethics from all translated ancient texts Its sources possess unassailable authority that cannot be fabricated and are persuasive among most Christian denominations Preachers and professional scholars will find them invaluable as a starting point in preparing their own sermons books articles and essays on specific points of ethics

Embracing Contemplation John H. Coe, Kyle C. Strobel, 2019-02-26 What does a Christian life lived by the Spirit look like Bringing together Protestant scholars and practitioners of spiritual formation this volume offers a distinctly evangelical consideration of the benefits of contemplation Drawing on historical examples from the church including John Calvin Richard Baxter Jonathan Edwards and John Wesley this book considers how contemplative prayer can shape Christian living today

Remembering Our Future Andrew G. Walker, Luke Bretherton, 2013-01-16 How the issues

of the past affect the future of Deep Church a concept conceived by C S Lewis Orthodox Catholic and Protestant traditions drink from the well of a common tradition rooted in the early church Many Evangelicals are now reengaging with the practice of the early church as they seek to live as disciples today Remembering the past is essential for facing the future In Remembering Our Future leaders and theologians reflect on a range of issues for which a vibrant contemporary faith requires a careful listening to the past What is the place of tradition in the church s life How should we interpret the Bible How should we worship What in other words might Deep Church look like **The Bible Made Impossible** Christian Smith,2012-08-01 Biblicism an approach to the Bible common among some American evangelicals emphasizes together the Bible s exclusive authority infallibility clarity self sufficiency internal consistency self evident meaning and universal applicability Acclaimed sociologist Christian Smith argues that this approach is misguided and unable to live up to its own claims If evangelical biblicism worked as its proponents say it should there would not be the vast variety of interpretive differences that biblicists themselves reach when they actually read and interpret the Bible Far from challenging the inspiration and authority of Scripture Smith critiques a particular rendering of it encouraging evangelicals to seek a more responsible coherent and defensible approach to biblical authority This important book has generated lively discussion and debate The paperback edition adds a new chapter responding to the conversation that the cloth edition has sparked

Shapers of Christian Orthodoxy Bradley G. Green,2010-10-05 The purpose of this volume is threefold to introduce a selection of key early and medieval theologians to strengthen the faith of evangelical Christians by helping them to understand the riches of the church s theological reflection and to help them learn how to think theologically From publisher description *Great Is the Lord* Ron Highfield,2008-08-15 In keeping with the classic Christian tradition *Great Is the Lord* sets out the doctrine of God in a way that illumines the mind moves the heart and stirs the soul to praise the triune God Ron Highfield introduces students ministers and others to the traditional doctrine of God held by the majority of the church from the second to the twentieth century God is triune loving merciful gracious patient wise one simple omnipotent omniscient eternal omnipresent immutable impassible and glorious Irenically challenging open theism and process theology Highfield shows that the classical doctrine of God actually preserves our confidence in God s love and his liberating action better than its opponents do This traditional doctrine Highfield argues grounds our dignity and freedom in the center of reality the trinitarian life of God Highfield s work maintains the highest intellectual standards throughout even as it offers a true theology for the praise of God *Contending for the Faith* Ralph C. Wood,2003 In this book Ralph Wood calls for churches to offer a sustained an unapologetically Christian witness to a postmodern world Wood carefully chronicles how the church is watching the complete destruction of post Christian institutions and practices that once shaped human character toward fulfillment in goods larger than humanity s own self interest the chief of these being the worship and service of God Wood contends that Christian existence can never be taken for granted and so the church itself must seek to create a Christian

culture that offers the world a drastic alternative to its own cultureless existence **Why Church History Matters** Robert F. Rea, 2014-06-05 Does it matter how Christians in other times and places thought For many contemporary Christians questions about the role and value of church history can be difficult to tackle Veteran teacher Bob Rea addresses these barriers skillfully explaining not only why church history matters but the difference it makes for life and ministry

Ecumenical Perspectives on the Filioque for the 21st Century Myk Habets, 2014-06-19 The volume presents a range of theological standpoints regarding the filioque With some contributors arguing for its retention and others for its removal still others contest that its presence or otherwise in the Creed is not what is of central concern but rather that how it should be understood is of ultimate importance What contributors share is a commitment to interrogating and developing the central theological issues at stake in a consideration of the filioque thus advancing ecumenical theology and inter communal dialogue without diluting the discussion Contributors span the Christian traditions Roman Catholic Protestant Eastern Orthodox and Pentecostal Each of these traditions has its own set of theological assumptions methods and politics many of which are on display in the essays which follow Nonetheless it is only when we bring the wealth of learning and commitments from our own theological traditions to ecumenical dialogue that true progress can be made It is in this spirit that the present essays have been conceived and are now presented in this form *Canonical Theism* William Abraham, Jason E.

Vickers, Natalie B. Van Kirk, 2008-02-18 The bold thesis of *Canonical Theism* is that the good and life giving Holy Spirit has equipped the church not only with a canon of scripture but also with an abundant canonical heritage of materials persons and practices However much of the latter has been ignored or cast aside The authors call for the retrieval and redeployment of the full range of this rich legacy Voices from across the spectrum here chart that mine of opportunity and invite the entire church to explore the benefits of their discoveries Ambitious in its scope and agenda *Canonical Theism* offers insights that will enable the readers to discover anew the faith that has nourished converts created saints and upheld martyrs across the years Contributors William J Abraham Frederick D Aquino Paul L Gavrilyuk Charles Gutenson Douglas M Koskela Mark E Powell Frederick W Schmidt Horace Six Means Natalie B Van Kirk Jason E Vickers David F Watson Recovering the Evangelical Sacrament Anthony R. Cross, 2012-12-06 The subject of baptism continues to be of considerable interest though it frequently appears within broader studies of sacraments liturgy worship and ecumenical studies and within confessional bounds credobaptist or paedobaptist yet it is rarely discussed by Evangelicals This book however is neither an apologetic for credobaptism nor paedobaptism rather Cross believes that as practiced today both forms are a departure from New Testament baptism which he maintains was an integral part of becoming a Christian and part of the proclaimed gospel He argues that the one baptism of Ephesians 4:5 is conversion baptism and that the baptism referred to in the various New Testament strata refers to this one baptism of Spirit and water The study sets out the case for this interpretation and contends that in key passages baptism is an example of synecdoche The case is then made for a sacramental interpretation of

baptism from a thoroughgoing Evangelical perspective Cross concludes with reflections on the necessity of baptismal reform and the relevance of a return to conversion baptism for the contemporary church in a post Christian post Christendom mission setting

Virtue and the Voice of God Daniel J. Treier, 2006 Theology's longest tradition is as a course of study that leads to wisdom With the growth of the academy however theology fell into a fixation with the objective results of science In this illuminating study Daniel Treier retrieves the older deeper understanding of theology and connects wisdom in theological education to the theological interpretation of scripture giving rise to a renewed understanding of the role of virtue in each Dialoguing with a number of prominent proponents of theological interpretation of scripture Treier builds on a biblical theology of wisdom that involves the daily lives of all God's people Ultimately Treier connects educational discussions of theology and hermeneutical discussions through a trinitarian understanding of wisdom As a result the increasingly diverse forms and social locations of theology can be integrated into the mainstream of theological reflection Filled with interdisciplinary wisdom *Virtue and the Voice of God* is a timely recovery of the essential conversation between theological education virtue and scriptural interpretation

The Wisdom of the Spirit Canon Martyn Percy, Professor Pete Ward, 2014-09-28 In this groundbreaking book exploring Christianity and contemporary culture internationally renowned scholars interface with the legacy of Andrew Walker's work and look forward in their own predictions of trends Following Walker's special interests in house churches charismatic renewal culture and faith this book picks up on these themes and also looks more broadly at topics such as Pentecostalism Alpha and post Evangelicalism

The Wisdom of the Spirit Martyn Percy, Pete Ward, 2016-02-17 In this groundbreaking book exploring Christianity and contemporary culture internationally renowned scholars including David Martin Alister McGrath Billy Abraham Billy Kay and Pete Ward interface with the legacy of Andrew Walker's work and look forward in their own predictions of trends Following Walker's special interests in house churches charismatic renewal culture and faith this book picks up on these themes and also looks more broadly at topics such as Pentecostalism Alpha and post Evangelicalism

The Substance of Our Faith Douglas A. Sweeney, 2023-10-24 Christianity Today 2024 Award of Merit Academic Theology Doctrine is central to Christian discipleship and maturity Unfortunately it is often sidelined in churches teaching ministry as irrelevant or impractical Countering this leading church historian Douglas Sweeney defines doctrine as church teaching intended for the shaping of daily faith and practice *The Substance of Our Faith* addresses introductory issues in the study and application of historical doctrine incorporating a unique global and catholic perspective It addresses the Spirit's role in the rise of doctrine in the early church the authority of Scripture and tradition in the development of doctrine the challenges of doing global historical theology the nature and purpose of doctrine and implications for teaching the faith today Specifically Sweeney advocates that those who teach the Christian faith in all churches do so in communion with the saints who have come before A future volume by the author will narrate the actual history of doctrinal teaching around the world

Ancient & Postmodern Christianity Kenneth

Tanner, Christopher A. Hall, 2002-05-22 Built on the writings of the early church fathers these essays created in honor of Thomas C Oden span theological perspectives that emphasize what various Christian traditions hold in common Edited by Kenneth Tanner and Christopher A Hall **Canon Revisited** Michael J. Kruger, 2012-04-30 Given the popular level conversations on phenomena like the Gospel of Thomas and Bart Ehrman s Misquoting Jesus as well as the current gap in evangelical scholarship on the origins of the New Testament Michael Kruger s Canon Revisited meets a significant need for an up to date work on canon by addressing recent developments in the field He presents an academically rigorous yet accessible study of the New Testament canon that looks deeper than the traditional surveys of councils and creeds mining the text itself for direction in understanding what the original authors and audiences believed the canon to be Canon Revisited provides an evangelical introduction to the New Testament canon that can be used in seminary and college classrooms and read by pastors and educated lay leaders alike In contrast to the prior volumes on canon this volume distinguishes itself by placing a substantial focus on the theology of canon as the context within which the historical evidence is evaluated and assessed Rather than simply discussing the history of canon rehashing the Patristic data yet again Kruger develops a strong theological framework for affirming and authenticating the canon as authoritative In effect this work successfully unites both the theology and the historical development of the canon ultimately serving as a practical defense for the authority of the New Testament books Reformed and Always Reforming Roger E. Olson, 2007-10 Well known theologian Roger Olson defines and traces the history of postconservative evangelical theology
