Making a Promised Land Paula J. Massood, 2013-01-22 Making a Promised Land examines the interconnected histories of African American representation urban life and citizenship as documented in still and moving images of Harlem over the last century Paula J Massood analyzes how photography and film have been used over time to make African American culture visible to itself and to a wider audience and charts the ways in which the Mecca of the New Negro became a battleground in the struggle to define American politics aesthetics and citizenship Visual media were first used as tools for uplift and education With Harlem s downturn in fortunes through the 1930s narratives of black urban criminality became common in sociological tracts photojournalism and film These narratives were particularly embodied in the gangster film which was adapted to include stories of achievement economic success and later in the century a nostalgic return to the past Among the films discussed are Fights of Nations 1907 Dark Manhattan 1937 The Cool World 1963 Black Caesar 1974 Malcolm X 1992 and American Gangster 2007 Massood asserts that the history of photography and film in Harlem provides the keys to understanding the neighborhood s symbolic resonance in African American and American life especially in light of recent urban redevelopment that has redefined many of its physical and demographic contours *The Soundtrack Album* Paul N. Dickerson,2019-08-01 Biblical narratives are not simply sacred stories for religious communities They are stories that provide transformative insight into cultural biases By putting historical criticism and reception history into dialogue with womanist biblical hermeneutics Luke Widows Judges and Stereotypes offers a provocative reading of Jesus parable about a widow who confronts a judge and obtains what she seeks

by means of physical threat Rather than simply reading the widow as the model for one who prays always and does not lose heart Luke 18 1 Dickerson shows that read in the context of Luke s wider narrative the widow domesticated and robbed both of her agency and moral ambiguity is more likely demanding vengeance instead of justice Likewise rather than simply reading the judge as one who neither feared God nor had respect for people Luke 18 2 Dickerson argues that the judge is both an ideal man and one who compromises standards of ancient masculinity Then reading both the widow and judge through African American stereotypes Mammy Jezebel Sapphire Cool Black Male Master Pastor and Foolish Judge that are used to degrade debase and control and reading them into and in light of the parable Dickerson demonstrates how the parable calls into question these stereotypes thereby producing new liberative readings **New York Magazine**

S. Torriano Berry,Venise T. Berry,2015-05-07 As early as 1909 African Americans were utilizing the new medium of cinema to catalogue the world around them using the film camera as a device to capture their lives and their history The daunting subject of race and ethnicity permeated life in America at the turn of the twentieth century and due to the effect of certain early films specific television images and an often biased news media it still plagues us today As new technologies bring the power of the moving image to the masses African Americans will shoot and edit on laptop computers and share their stories with a global audience via the World Wide Web These independently produced visions will add to the diverse cache of African American images being displayed on an ever expanding silver screen This wide range of stories topics views and genres will finally give the world a glimpse of African American life that has long been ignored and has yet to be seen This second edition of Historical Dictionary of African American Cinema covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 1400 cross referenced entries on actors actresses movies producers organizations awards and terminology this book provides a better understanding of the role African Americans played in film history This book is an excellent access point for students researchers and anyone wanting to know
