hopeful vision for China's future **A History of Shaolin** Lu Zhouxiang, 2019-03-18 Shaolin Monastery at Mount Song is considered the epicentre of the Chan school of Buddhism. It is also well known for its martial arts tradition and has long been regarded as a special cultural heritage site and an important symbol of the Chinese nation. This book is the first scholarly work in English to comprehensively examine the full history of Shaolin Monastery from 496 to 2016. More importantly, it offers a clear grasp of the origins and development of Chan Buddhism through an examination of Shaolin and highlights the role of Shaolin and Shaolin kung fu in the construction of a national identity among the Chinese people in the past two centuries **The China Environment Yearbook, Volume 2** Dongping Yang, 2008-08-22 This volume of The China Environment Yearbook is the second in a series of annual records written, commissioned, produced and edited by Friends of Nature, China's premier environmental non-governmental organization. This book provides a window on debates and events as they have affected China's struggles toward a more just and sustainable model of development during the year 2006. Courageous essays question policies of fencing Inner Mongolian grasslands in a way that contradicts local culture and ecology; probe the wisdom of the South to North water transfer scheme in the upper Yangzi; and of a potentially even more ecologically intrusive mega project called the Shuotian Grand Canal Project and analyze shortcomings in government efforts to clean up some of China's most heavily polluted waterways. There are candid accounts of new levels of environmental degradation in rural areas and of the difficulties encountered in China's effort to produce a green GDP that would accurately reflect the costs of natural resource extraction and pollution. Other hard-hitting articles describe China's role in the global trade in illegal logging, analyze the problem of cancer villages and make clear the seriousness of problems with widespread groundwater contamination and lack of access to safe drinking water The Official Overstreet Comic Book Companion, 11th Edition Robert M. Overstreet, 2010 Describes and lists the values of popular collectible comics and graphic novels issued from the 1950s to today, providing tips on buying, collecting, selling, grading and caring for comics and including a section on related toys and rings **Berita**, 2000 **The Cumulative Book Index**, 1998 A world list of books in the English language **Animal World**, 1925 *The Whole Story* John E.
