thousand years of Central European ideas and of literary and art history In other words the very term landscape is ambiguous and it is used in different ways both in the scholarly world and everyday speech The aim of this volume is to present various possible approaches to the phenomenon of landscape Far from laying any claim to be exhaustive or comprehensive we have simply tried to do justice to the overarching interdisciplinary approach of the Zentrum f r Landschaftsinterpretation und Tourismus ZELT Centre for Landscape Interpretation and Tourism by singling out and addressing individual instances of this fascinating multifaceted phenomenon

**Transfiguring Time** Olivier Clément, 2019-02-07 Clément's Transfiguring Time is an early work written when he was 37 It carries all the excitement of his fresh encounter with Orthodoxy and the Fathers of the Christian Church He draws on his deep study of Hinduism Buddhism and Indian myths to differentiate the understanding of time and eternity in archaic religions in Hinduism and in Buddhism from the Christian and specifically Orthodox understanding of time and eternity This new translation the first one in English wants to bring Clément's early work to a new generation of readers The Tree of Life Douglas Estes, 2020-03-17 The tree of life is an iconic visual symbol at the edge of religious thought over the last several millennia As a show of its significance the tree bookends the Christian canon yet scholarship has paid it minimal attention in the modern era In The Tree of Life a team of scholars explore the origin development meaning reception and theology of this consequential yet obscure symbol The fourteen essays trek from the origins of the tree in the texts and material culture of the ancient Near East to its notable roles in biblical literature to its expansion by early church fathers and Gnostics to its rebirth in medieval art and culture and to its place in modern theological thought **Owning Your Magnificence** Cindi Lane, 2012-06-08 Owning Your Magnificence A Spiritual Psychology was inspired by a path to enlightenment called A Course in Miracles There are many paths to enlightenment but from the top looking down there is only one I was a traditional psychologist in my twenties however there seemed to be little room to talk about spirituality except to mention a spiritual awakening and the importance of service I have been an Advanced Teacher of the Course for twenty five years and made the divine decision to become a Licensed Clinical Mental Health Counselor so I could be in private practice for twenty years My second book A Spiritual Emergency The Myth of Mental Illness will soon follow The Idea of Reform Gerhart Ladner, 2004-04-21 In this classic volume Ladner explores the origin and early history of the idea of reform The book opens with a look at varieties of renewal ideology then moves on to study the early Christian idea of reform The conclusion is an

Commemorating and Forgetting Martin J. Murray, 2013-04-25 When the past is painful as riddled with violence and injustice as it is in postapartheid South Africa remembrance presents a problem at once practical and ethical how much of the past to preserve and recollect and how much to erase and forget if the new nation is to ever unify and move forward The new South Africa's confrontation of this dilemma is Martin J Murray's subject in *Commemorating and Forgetting* More broadly this book explores how collective memory works how framing events persons and places worthy of recognition and honor entails a selective appropriation of the past not a mastery of history How is the historical past made to appear in the present In addressing these questions Murray reveals how collective memory is stored and disseminated in architecture statuary monuments and memorials literature and art landscapes of remembrance that selectively recall and even fabricate history in the service of nation building He examines such vehicles of memory in postapartheid South Africa and parses the stories they tell stories by turn sanitized distorted embellished and compressed In this analysis *Commemorating and Forgetting* marks a critical move toward recognizing how the legacies and impositions of white minority rule far from being truly past remain embedded in intertwined with and imprinted on the new nation's here and now *THE HISTORY OF NOW: A GUIDE TO HIGHER YEARNING* ANDY NATHAN,
