It was the early 1990s the reign of the Teflon Don I want people to know I'm Irish and Polish not Italian I did a couple of successful heists by myself after I was betrayed by my mob connections who were also childhood friends I tell my complete story where I was charged with the RICO Act which is organized crime conspiracy to rob an armored truck as well as conspiracy to transfer currency across state lines I never did no major time because of one mob contact I'll call Big Loser who was a total idiot Every job he planned in New York with me went bust Besides all that he screwed up my job of a lifetime My biggest mistake was picking him and his neighbor to take the money from the armored truck company I worked for

Zoo Studies Tracy McDonald, Daniel Vandersommers, 2019-06-19 Do both the zoo and the mental hospital induce psychosis as humans are treated as animals and animals are treated as humans How have we looked at animals in the past and how do we look at them today How have zoos presented themselves and their purpose over time In response to the emergence of environmental and animal studies anthropologists sociologists philosophers theorists literature scholars and historians around the world have begun to explore the significance of zoological parks past and present *Zoo Studies* considers the modern zoo from a range of approaches and disciplines united in a desire to blur the boundaries between human and nonhuman animals The volume begins with an account of the first modern mental hospital La Salpêtrière established in 1656 and the first panoptical zoo the menagerie at Versailles created in 1662 by the same royal architect the final chapter presents a choreographic performance that imagines the Toronto Zoo as a place where the human body can be inspired by animal bodies From beginning to end through interdisciplinary collaboration this volume decentres the human subject and offers alternative ways of thinking about zoos and their inhabitants This collection immerses readers in the lives of animals and their experiences of captivity and asks us to reflect on our own assumptions about both humans and animals An original and groundbreaking work *Zoo Studies* will change the way readers see nonhuman animals and themselves
